BANCA POPOLARE DELL'ALTO ADIGE S.p.A.

(incorporated with limited liability as a società per azioni under the laws of the Republic of Italy)

EUR 1,000,000,000

Euro Medium Term Note Programme

This document has been approved as a base prospectus (the "**Base Prospectus**") issued in compliance with Regulation (EU) 2017/1129, as amended or superseded, (the "**Prospectus Regulation**") by the *Commission de Surveillance du Secteur Financier* (the "**CSSF**") in its capacity as competent authority under the Prospectus Regulation. The CSSF only approves the Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation and such approval should not be considered as an endorsement of the Issuer or of the quality of the Notes. Investors should make their own assessment as to the suitability of investing in the Notes. Application has been made by Banca Popolare dell'Alto Adige S.p.A. ("**Banca Popolare dell'Alto Adige**" or the "**Issuer**" or the "**Company**") for notes ("**Notes**") issued under the EUR 1,000,000,000 Euro Medium Term Note Programme (the "**Programme**") described in this Base Prospectus during the period of twelve months after the date hereof to be listed on the official list and admitted to trading on the regulated market of the Luxembourg Stock Exchange, which is a regulated market for the purposes of the Markets in Financial Instruments Directive 2014/65/EU, as amended ("**EU MiFID II**") (a "**Regulated Market**"). The Programme also permits Notes to be issued on the basis that they will not be admitted to listing, trading and/or quotation by any competent authority, stock exchange and/or quotation system or to be admitted to listing, trading and/or quotation by such other or further competent authorities, stock exchanges and/or quotation systems as may be agreed with the Issuer. This Base Prospectus (as supplemented from time to time) is valid for a period of 12 months from the date of approval, and its expiry date is 1 June 2023. For the avoidance of doubt, the Issuer shall have no obligation to supplement this Base Prospectus in the event of significant new factors, material mistakes or material inaccuracies after the end of its 12-month validity period.

Under the Programme described in this Base Prospectus, the Issuer may from time to time issue senior preferred notes ("**Senior Notes**"), senior non-preferred notes ("**Senior Non-Preferred Notes**") and subordinated notes ("**Subordinated Notes**"), subject, in each case, to compliance with all applicable laws, regulations and directives, which may be governed by English law (the "**English Law Notes**") or by Italian law (the "**Italian Law Notes**") and together with the English Law Notes, the "**Notes**").

Interest amounts payable under the Notes may be calculated by reference to certain reference rates. Any such reference rate may constitute a benchmark for the purposes of Regulation (EU) 2016/1011, as amended (the "**EU Benchmarks Regulation**"). If any such reference rate does constitute a benchmark for the purposes of the EU Benchmarks Regulation, the Final Terms will indicate whether or not the benchmark is provided by an administrator included in the register of administrators and benchmarks established and maintained by the European Securities and Markets Authority ("**ESMA**") pursuant to Article 36 of the EU Benchmarks Regulation. The determination of the Interest Rate in respect of the Notes is determined by reference to EURIBOR which is provided by the European Money Markets Institute ("**EMMI**"). As at the date of this Prospectus, the EMMI appears on the register of administrators and benchmarks established and maintained by the European Securities and Markets Authority pursuant to Article 36 of the EU Benchmarks Regulation. The registration status of any administrator under the EU Benchmarks Regulation is a matter of public record and save where required by applicable law the Issuer does not intend to update the relevant Final Terms to reflect any change in the registration status of administrator.

Investing in Notes issued under the Programme involves certain risks. Risk factors that may affect the abilities of the Issuer to fulfil its obligations under the Notes are discussed under "Risk Factors**", beginning on page 20.**

As more fully set out in "**Taxation**", payments of interest, premium and other income on Notes qualifying as bonds (*obbligazioni*) or securities similar to bonds (*titoli similari alle obbligazioni*) are subject in principle to a 26 per cent. substitutive tax referred to as the *imposta sostitutiva*, in certain circumstances. In order to obtain exemption from the *imposta sostitutiva* in respect of payments of interest, premium or other income relating to the Notes,

each Noteholder not resident in the Republic of Italy is generally required to certify that such Noteholder is eligible for the exemption, as more fully set out in the section "*Taxation*".

Pursuant to the Programme, the Issuer may from time to time issue Notes in bearer form denominated in any currency agreed between the Issuer and Banca Popolare dell'Alto Adige S.p.A., Natixis and UniCredit Bank and any additional dealer appointed under the Programme from time to time (each a "**Dealer**" and together the "**Dealers**"). No Notes may be issued under the Programme which have a minimum denomination of less than EUR 100,000 (or equivalent in another currency). The Senior Non-Preferred Notes that may be issued under the Programme will have a denomination of at least EUR 150,000 (or equivalent in another currency) and the Subordinated Notes that may be issued under the Programme will have a denomination of at least EUR 200,000 (or equivalent in another currency). The aggregate nominal amount of all Notes from time to time outstanding under the Programme will not exceed EUR 1,000,000,000 (or its equivalent in other currencies calculated as described herein), subject to increase as described herein. The CSSF gives no undertaking as to the economic or financial opportuneness of the transaction or the quality and solvency of the Issuer in line with the provisions of Article 6(4) of the Luxembourg law dated 16 July 2019 on prospectuses for securities, which applies the Prospectus Regulation (the "**Luxembourg Prospectus Law**").

Tranches of Notes issued under the Programme will be rated or unrated. Where a Tranche of Notes is rated, such rating will not necessarily be the same as the ratings assigned to Notes already issued. Where a Tranche of Notes is rated, the applicable ratings will be specified in the relevant Final Terms. Whether or not each credit rating applied for in relation to a relevant Tranche of Notes will be (1) issued or endorsed by a credit rating agency established in the EEA and registered under Regulation (EU) No. 1060/2009, as amended (the "**EU CRA Regulation**"), or by a credit rating agency which is certified under the CRA Regulation and/or (2) issued or endorsed by a credit rating agency established in the UK and registered under Regulation (EU) No. 1060/2009 as it forms part of domestic law of the United Kingdom by virtue of the European Union (Withdrawal) Act 2018 (the "**UK CRA Regulation**") or by a credit rating agency which is certified under the UK CRA Regulation will be disclosed in the Final Terms. In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not (1) issued by a credit rating agency established in the EEA and registered under the EU CRA Regulation or (2) provided by a credit rating agency not established in the EEA but is endorsed by a credit rating agency established in the EEA and registered under the EU CRA Regulation or (3) provided by a credit rating agency not established in the EEA which is certified under the EU CRA Regulation. In general, UK regulated investors are restricted from using a rating for regulatory purposes if such rating is not (1) issued by a credit rating agency established in the UK and registered under the UK CRA Regulation or (2) provided by a credit rating agency not established in the UK but is endorsed by a credit rating agency established in the UK and registered under the UK CRA Regulation or (3) provided by a credit rating agency not established in the UK which is certified under the UK CRA Regulation. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

IMPORTANT NOTICES

Responsibility for this Base Prospectus

The Issuer accepts responsibility for the information contained in this Base Prospectus and declares that, having taken all reasonable care to ensure that such is the case, the information contained in this Base Prospectus is, to the best of its knowledge, in accordance with the facts and contains no omission likely to affect its import.

Final Terms/Drawdown Prospectus

Each Tranche of Notes will be issued either (i) pursuant to the Base Prospectus on the terms set out herein under "*Terms and Conditions of the English Law Notes*" (the "**Terms and Conditions of the English Law Notes**") or "*Terms and Conditions of the Italian Law Notes*" (the "**Terms and Conditions of the Italian Law Notes**" and, together with the Terms and Conditions of the English Law Notes, the "**Conditions**") as completed by a document specific to such Tranche describing the final terms of the relevant Tranche (the "**Final Terms**") or (ii) in a separate prospectus specific to such Tranche (the "**Drawdown Prospectus**") which may be constituted either (a) by a single document or (b) by a registration document and a securities note which relates to the relevant Tranche. Copies of Final Terms in relation to Notes to be listed on the Luxembourg Stock Exchange will also be published on the website of the Luxembourg Stock Exchange (www.bourse.lu). In relation to each Tranche of the Notes issued under the Programme, this Base Prospectus should be read in conjunction with the applicable Final Terms.

Important – EEA Retail Investors

If the Final Terms in respect of any Notes includes a legend entitled "Prohibition of Sales to EEA Retail Investors", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("**EEA**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of article 4(1) of Directive 2014/65/EU (as amended or superseded, "**EU MiFID II**"); or (ii) a customer within the meaning of Directive 2016/97/EC (as amended or superseded, the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of article 4(1) of EU MiFID II. Consequently no key information document required by Regulation (EU) No. 1286/2014 (the "**PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

Important – UK Retail Investors

If the Final Terms in respect of any Notes includes a legend entitled "Prohibition of Sales to UK Retail Investors", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom ("**UK**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018; or (ii) a customer within the meaning of the provisions of the FSMA and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No

600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018. Consequently no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (the "**UK PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

EU MiFID Product Governance / Target Market

The Final Terms in respect of any Notes may include a legend entitled "EU MiFID II Product Governance" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the target market assessment; however, a distributor subject to EU MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made at the time of issue about whether, for the purpose of the product governance rules under EU Delegated Directive 2017/593 (the "**EU MiFID Product Governance Rules**"), any Dealer subscribing for a Tranche of Notes is a manufacturer in respect of that Tranche, but otherwise neither the Joint Arrangers nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the EU MiFID Product Governance Rules.

UK MiFIR Product Governance / Target Market

The Final Terms in respect of any Notes may include a legend entitled "UK MiFIR Product Governance" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any distributor should take into consideration the target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "**UK MiFIR Product Governance Rules**") is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR product governance rules set out in the UK MiFIR Product Governance Rules, any Dealer subscribing for a Tranche of Notes is a manufacturer in respect of that Tranche, but otherwise neither the Joint Arrangers nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

The Issuer confirms that any information from third party sources has been accurately reproduced and that, so far as it is aware, no facts have been omitted which would render the reproduced information inaccurate or misleading.

Unauthorised information

Neither the Dealers nor any of their respective affiliates (including parent companies) have authorised the whole or any part of this Base Prospectus and none of them makes any representation, warranty or undertaking, express or implied, or accepts any responsibility or liability as to the accuracy or completeness of the information contained or incorporated by reference in this Base Prospectus or any other information provided by the Issuer in connection with the Programme. Neither the Dealers nor any of their respective affiliates (including parent companies) accept any responsibility for the acts or omissions of the Issuer or any other person in connection with the Programme and the issue and offering of the Notes. Neither the delivery of this Base Prospectus or any Final Terms nor the offering, sale or delivery of any Note shall, in any circumstances, create any implication that the information contained in this Base Prospectus is true subsequent to the date hereof or the date upon which this Base Prospectus has been most recently amended or supplemented or, without prejudice to the Luxembourg Prospectus Law, that there has been no adverse change, or any event reasonably likely to involve any adverse change, in the prospects or financial or trading position of the Issuer since the date thereof or, if later, the date upon which this Base Prospectus has been most recently amended or supplemented or that any other information supplied in connection with the Programme is correct at any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

ESG ratings

ESG ratings may vary amongst ESG ratings agencies as the methodologies used to determine ESG ratings may differ. The Issuer's ESG ratings are not necessarily indicative of its current or future operating or financial performance, or any future ability to service the Notes and are only current as of the dates on which they were initially issued. Prospective investors must determine for themselves the relevance of any such ESG ratings information contained in this Base Prospectus or elsewhere in making an investment decision. Furthermore, ESG ratings shall not be deemed to be a recommendation by the Dealers or any other person to buy, sell or hold the Notes. Currently, the providers of such ESG ratings are not subject to any regulatory or other similar oversight in respect of their determination and award of ESG ratings. For more information regarding the evaluation methodologies used to determine ESG ratings, please

refer to the relevant ratings agency's website (which website does not form a part of, nor is incorporated by reference in, this Base Prospectus).

Restrictions on distribution

The distribution of this Base Prospectus and any Final Terms and the offering, sale and delivery of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus or any Final Terms comes are required by the Issuer and the Dealers to inform themselves about and to observe any such restrictions. For a description of certain restrictions on offers, sales and deliveries of Notes and on the distribution of this Base Prospectus or any Final Terms and other offering material relating to the Notes, see "*Subscription and Sale*". In particular, Notes have not been and will not be registered under the United States Securities Act of 1933 (as amended) (the "**Securities Act**") or with any securities regulatory authority of any state or other jurisdiction of the United States, and are subject to U.S. tax law requirements. Notes may not be offered, sold or delivered within the United States or to U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act.

Neither this Base Prospectus nor any Final Terms constitutes an offer or an invitation to subscribe for or purchase any Notes and should not be considered as a recommendation by the Issuer, the Dealers or any of their respective affiliates (including parent companies) that any recipient of this Base Prospectus or any Final Terms should subscribe for or purchase any Notes. Each recipient of this Base Prospectus or any Final Terms shall be taken to have made its own investigation and appraisal of the condition (financial or otherwise) of the Issuer.

Programme limit

The maximum aggregate principal amount of Notes outstanding at any one time under the Programme will not exceed EUR 1,000,000,000 (and for this purpose, any Notes denominated in a currency other than euro shall be translated into euro at the date of the agreement to issue such Notes (calculated in accordance with the provisions of the Dealer Agreement as defined under "*Subscription and Sale*")). The maximum aggregate principal amount of Notes which may be outstanding at any one time under the Programme may be increased from time to time, subject to compliance with the relevant provisions of the Dealer Agreement as defined under "*Subscription and Sale*".

Certain definitions

In this Base Prospectus, unless otherwise specified, or where the context requires otherwise, references to a "**Member State**" are references to a Member State of the European Economic Area, references to "**U.S.\$**", "**U.S. dollars**" or "**dollars**" are to United States dollars, references to "**EUR**" or "**euro**" are to the currency introduced at the start of the third stage of European economic and monetary union, and as defined in Article 2 of Council Regulation (EC) No. 974/98 of 3 May 1998 on the introduction of the euro, as amended, references to "**£**" and "**Sterling**" are to the lawful currency for the time being of the United Kingdom and references to "**billions**" are to thousands of millions.

Certain figures included in this Base Prospectus have been subject to rounding adjustments; accordingly, figures shown for the same category presented in different tables may vary slightly and figures shown as totals in certain tables may not be an arithmetic aggregation of the figures which precede them.

Suitability of the Notes as an investment

Each potential investor in the Notes must determine the suitability of that investment in the light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the relevant Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Notes and the impact such investment will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the currency in which such investor's financial activities are principally denominated;
- (iv) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

The Notes are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

Stabilisation

In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) named as the Stabilising Manager(s) (or persons acting on behalf of any Stabilising Manager(s)) in the applicable Final Terms may over allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment must be conducted by the relevant Stabilising Manager(s) (or person(s) acting on behalf of any Stabilising Manager(s)) in accordance with all applicable laws and rules.

Market Information and Statistics

Unless otherwise indicated, information and statistics presented in this Base Prospectus regarding the market share of the Issuer are either derived from, or are based upon, the Issuer's analysis of data obtained from public sources. Although these sources are believed by the Issuer to be reliable, the Issuer has not independently verified such information.

Alternative Performance Measures

This Base Prospectus contains certain financial measures (including the Issuer's profitability ratios and risk ratios, as well as certain other financial highlights and alternative performance indicators contained in information incorporated by reference in this Prospectus) that the Issuer considers as constituting alternative performance measures ("APMs"), as defined by the European Securities and Markets Authority's Guidelines on Alternative Performance Measures (ESMA/2015/1415).

The following should be noted to ensure a proper interpretation of these APMs:

APM	Definition/reconciliation
Cost to income ratio	Ratio between (i) operating expenses and (ii) operating net income (calculated by reference to the reclassified income statement)
ROA (net profit / total assets)	Ratio between (i) net income and (ii) total assets amount
Net non-performing loans / net loans to customers	Ratio between (i) net non-performing loans and (ii) net loans to customers (taken from schedules to financial statements)
Degree of non-performing loan hedging	Ratio between (i) specific adjustments on non-performing loans and (ii) gross amount of non-performing loans to customers
Texas ratio	Net non-performing loans / Tangible equity

The Issuer believes that the above APMs provide useful information to investors regarding the financial position and performance, allowing for comparison with similar measures published by other banks as well as average industry standards and better illustrating specific aspects and trends of the Issuer's business activity.

The Issuer's audited non-consolidated annual financial statements as at 31 December 2021, including the auditors' report thereon, notes thereto and the relevant accounting principles, have been subject to review by KPMG S.p.A. ("**KPMG**") in its capacity as independent auditor of the Issuer, as indicated in its report thereon. The APMs should be read together with the financial information included in the audited non-consolidated annual financial statements incorporated herein by reference.

The financial statements incorporated by reference herein are English translations of the Italian financial statements prepared for and used in Italy and have been translated for the convenience

of international readers. The Issuer takes responsibility for the translation of the financial statements relating to it and incorporated by reference herein.

KPMG has given, and has not withdrawn, its consent to the inclusion of its reports on the accounts of the in this Base Prospectus in the form and context in which they are included.

(iii) Status of the Subordinated Notes:

Subject to the provisions of Condition 6 (*Status of Subordinated Notes*), Subordinated Notes and any related Coupons constitute direct, unsecured and subordinated obligations of the Issuer and will rank *pari passu* and without any preference among themselves, all as described in Condition 6 (*Status of Subordinated Notes*) and the relevant Final Terms.

In the event of a winding up, dissolution, liquidation or bankruptcy (including, *inter alia*, *Liquidazione Coatta Amministrativa*) of the Issuer, the payment obligations of the Issuer in respect of principal and interest under Subordinated Notes and Coupons will rank in right of payment (A) after unsubordinated unsecured creditors (including depositors and any holder of Senior Notes and Senior Non-Preferred Notes) of the Issuer (B) but at least *pari passu* with all other subordinated obligations of the Issuer which do not rank or are not expressed by their terms to rank junior or senior to such Series of Subordinated Notes and (C) in priority to the claims of shareholders of the Issuer, all as described in Condition 6 (*Status of Subordinated Notes*).

Modification or Substitution of Subordinated Notes following a Regulatory Event or a Tax Event:

If Modification or Substitution of Subordinated Notes for Regulatory Event or Tax Event is specified as applicable in the Final Terms, the Issuer may without the consent of the holders of Subordinated Notes substitute new notes for the Subordinated Notes whereby such new notes shall replace the Subordinated Notes (in the case of English Law Notes only), or vary the terms of the Subordinated Notes subject to Condition 20(c) (*Modification or Substitution of Subordinated Notes following a Regulatory Event or a Tax Event*).

Modification or Substitution of Senior Notes and Senior-Non Preferred Notes following an MREL Disqualification Event:

If at any time an MREL Disqualification Event occurs and is continuing in relation to any Series of Senior Notes or Senior Non-Preferred Notes, and the applicable Final Terms for the Senior Notes or Senior Non-Preferred Notes of such Series specify that Modification or Substitution of Senior Notes and Senior Non-Preferred Notes for MREL Disqualification Event is applicable, then the Issuer may, subject to giving any notice required to be given to, and receiving any consent required from, the Relevant Authority (without any requirement for the consent or approval of the holders of the relevant Notes of that Series) and having given not less than 30 nor more than 60 days' notice to the Fiscal Agent and the holders of the Notes of that Series, at any time either substitute all (but not some only) of such Notes (in the case of English Law Notes only), or vary the terms of such Notes so that they remain or, as appropriate, become Qualifying Senior Notes or Qualifying Senior Non-Preferred Notes, as

applicable, *provided that* such variation or substitution does not itself give rise to any right of the Issuer to redeem the varied or substituted securities.

Qualifying Senior Notes or Qualifying Senior Non-Preferred Notes, as applicable, are securities issued by the Issuer that, other than in respect of the effectiveness and enforceability of Condition 26 (*Agreement and Acknowledgment with Respect to the Exercise of Bail-in Powers*), have terms not materially less favourable to the Noteholders (as reasonably determined by the Issuer) than the terms of the relevant Senior Notes or Senior Non-Preferred Notes, as applicable.

Issue Price:

Notes may be issued at any price, as specified in the relevant Final Terms. The price and amount of Notes to be issued under the Programme will be determined by the Issuer and the relevant Dealer(s) at the time of issue in accordance with prevailing market conditions.

Maturity Period:

Any Maturity Period, subject, in relation to specific currencies, to compliance with all applicable legal and/or regulatory and/or central bank requirements.

In the case of Senior Non-Preferred Notes, unless otherwise permitted by the laws, regulations, directives and/or the Relevant Authority's requirements applicable to the issue of Senior Non-Preferred Notes by the Issuer, Senior Non-Preferred Notes shall have a maturity of not less than twelve months.

In the case of Subordinated Notes, unless otherwise permitted by laws, regulations, directives and/or the Bank of Italy's requirements applicable to the issue of Subordinated Notes by the Issuer, Subordinated Notes must have a minimum maturity of five years.

Where Notes have a Maturity Period of less than one year and either (a) the issue proceeds are received by the Issuer in the United Kingdom or (b) the activity of issuing the Notes is carried on from an establishment maintained by the Issuer in the United Kingdom, such Notes must: (i) have a minimum redemption value of £100,000 (or its equivalent in other currencies) and be issued only to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses; or (ii) be issued in other circumstances which do not constitute a contravention of section 19 of the Financial Services and Markets Act 2000 by the Issuer.

Redemption:

Subject to any purchase and cancellation or early redemption or repayment, Notes are redeemable at par as specified in the relevant Final Terms.

The redemption at maturity of Senior Notes and Senior Non-Preferred Notes pursuant to Condition 13(a) (*Scheduled redemption*) and any early redemption pursuant to Condition 13(b) (*Redemption for tax reasons*), Condition 13(d) (*Redemption at the option of the Issuer*) and Condition 13(i) (*Issuer Call due to an MREL Disqualification Event*) shall be subject to compliance by the Issuer with any conditions to such redemption or repurchase prescribed by the MREL Requirements at the relevant time (including any requirements applicable to such redemption or repurchase due to the qualification of such Senior Non-Preferred Notes at such time as eligible liabilities available to meet the MREL Requirements), and, in relation to the Senior Non-Preferred Notes only, by Article 12-bis and Article 91, section 1-bis, letter c-bis of the Consolidated Banking Law, and any relevant implementing regulation which may be enacted for such purposes by any Relevant Authority at the relevant time.

The redemption at maturity of Subordinated Notes pursuant to Condition 13(a) (*Scheduled redemption*) and any early redemption pursuant to Condition 13(b) (*Redemption for tax reasons*), Condition 13(c) (*Redemption for regulatory reasons*) and Condition 13(d) (*Redemption at the option of the Issuer*) shall be subject to the prior approval of the Relevant Authority to the extent required by and in accordance with the Applicable Banking Regulations. If such approval is not given on or prior to the relevant redemption date, the Issuer will re-apply to the Relevant Authority for its consent to such redemption as soon as the conditions permit. The Issuer will use its best endeavours to maintain the required regulatory capital and to obtain such approval.

Optional Redemption:

Notes may be redeemed before their stated maturity at the option of the Issuer (either in whole or in part) and/or (where the Notes are Senior Notes or Senior Non-Preferred Notes) the Noteholders to the extent (if at all) specified in the relevant Final Terms and subject to all relevant legal and regulatory requirements. In the case of Subordinated Notes, early redemption may occur only with the prior approval of the Relevant Authority. Any optional redemption of the Senior Notes or Senior Non-Preferred Notes shall be subject to compliance by the Issuer with any conditions to such redemption prescribed by the MREL Requirements at the relevant time.

Tax or Regulatory Redemption: Except as described in "Optional Redemption" above, early redemption will only be permitted, in case of Senior Notes and Senior Non-Preferred Notes for tax reasons, as described

in Condition 13(b) (*Redemption for tax reasons*) or if so specified in the applicable Final Terms, if an MREL Disqualification Event occurs, as described in Condition 13(i) (*Issuer Call due to an MREL Disqualification Event*) and in the case of Subordinated Notes, for tax reasons as described in Condition 13(b) (*Redemption for tax reasons*) or regulatory reasons, as described in Condition 13(c) (*Redemption for regulatory reasons*).

Interest:

Notes may be interest-bearing or non-interest bearing. Interest (if any) may accrue at a fixed rate or a floating rate, or interest may initially accrue at a fixed rate and then switch to a floating rate, or interest may initially accrue at a floating rate and then switch to a fixed rate or otherwise. The method of calculating interest may vary between the issue date and the maturity date of the relevant Series.

Denominations:

Notes will be issued in such denominations as may be agreed between the Issuer and the relevant Dealer save that the minimum denomination of each Note will be such amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency and save that the minimum denomination of each Note admitted to trading on a regulated market within the European Economic Area or offered to the public in a Member State of the European Economic Area in circumstances which would otherwise require the publication of a prospectus under the Prospectus Regulation will be EUR 100,000 (or, if the Notes are denominated in a currency other than euro, the equivalent amount in such other currency).

Senior Non-Preferred Notes will have a denomination of at least EUR 150,000 (or, where the Senior Non-Preferred Notes are denominated in a Specified Currency other than Euro, the equivalent amount in such other Specified Currency) and Subordinated Notes will have a denomination of at least EUR 200,000 (or, where the Subordinated Notes are denominated in a Specified Currency other than Euro, the equivalent amount in such other Specified Currency), or such other minimum denomination provided by applicable law from time to time.

Taxation:

All payments in respect of Notes will be made free and clear of withholding or deduction of Italian taxation, unless the withholding or deduction is required by law. In that event, the Issuer will (subject as provided in Condition 15 (*Taxation*)) pay such additional amounts as will result in the Noteholders receiving such amounts as they would have received in respect of such Notes had no such withholding or deduction been required.

However, as more fully set out in Condition 15 (*Taxation*), the Issuer will not be liable to pay any additional amounts to Noteholders with respect to any payment, withholding or deduction pursuant to Italian Legislative Decree No. 239 of 1 April 1996 ("**Decree 239**") on account of Italian substitute tax (*imposta sostitutiva*), as defined therein in relation to interest or premium payable on, or other income deriving from, any Notes. See "*Taxation*" below.

Cross-Default:

The Notes will not contain any cross-default provisions.

Governing Law of the English Law Notes:

English law, except for Conditions 4 (*Status of Senior Notes*), 5 (*Status of Senior Non-Preferred Notes*), 6 (*Status of Subordinated Notes*), 16 (*Events of Default*) and 26 (*Agreement and Acknowledgment with Respect to the Exercise of Bail-in Powers*) and any non-contractual obligations arising from or connected with those Conditions, which are governed by, and shall be construed in accordance with, Italian law.

Governing Law of the Italian Law Notes:

The Notes and any non-contractual obligations arising out of or in connection with the Italian Law Notes, will be governed by, and shall be construed in accordance with, Italian law.

Enforcement of Notes in Global Form:

In the case of Global Notes, individual investors' rights against the Issuer will be governed by a Deed of Covenant dated 1 June 2022 a copy of which will be available for inspection at the specified office of the Fiscal Agent.

Ratings:

Tranches of Notes issued under the Programme will be rated or unrated. Where a Tranche of Notes is rated, such rating will not necessarily be the same as the ratings assigned to Notes already issued. Where a Tranche of Notes is rated, the applicable ratings will be specified in the relevant Final Terms. **A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.**

Whether or not each credit rating applied for in relation to a relevant Tranche of Notes will be (1) issued or endorsed by a credit rating agency established in the EEA and registered under the EU CRA Regulation or by a credit rating agency which is certified under the EU CRA Regulation and/or (2) issued or endorsed by a credit rating agency established in the UK and registered under the UK CRA Regulation or by a credit rating agency which is certified under the UK CRA Regulation will be disclosed in the Final Terms. In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not (1) issued by a credit rating agency established in the EEA and registered under the EU CRA Regulation or (2) provided by

a credit rating agency not established in the EEA but is endorsed by a credit rating agency established in the EEA and registered under the EU CRA Regulation or (3) provided by a credit rating agency not established in the EEA which is certified under the EU CRA Regulation.

The ESMA is obliged to maintain on its website a list of credit rating agencies registered and certified in accordance with the CRA Regulation, which may be found on the following page:

<https://www.esma.europa.eu/supervision/credit-rating-agencies/risk>.

Selling Restrictions:

For a description of certain restrictions on offers, sales and deliveries of Notes and on the distribution of offering material in the United States of America, the European Economic Area, the United Kingdom, Italy, France and Japan, see "*Subscription and Sale*" below.

The Senior Non-Preferred Notes shall be distributed to qualified investors only according to Italian law No. 205 of 27 December 2017 on the budget of the Italian government for 2018.

Risk Factors:

There are certain factors that may affect the Issuer's ability to fulfil its obligations under Notes issued under the Programme. These are set out under "*Risk Factors*" above and include risks relating to competition and other operating and general banking risks, such as credit risk and interest rate risk. In addition, there are certain factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme and include risks related to the structure of a particular issue of Notes and risks common to the Notes generally.

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme. Most of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring. In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons which may not be considered significant risks by the Issuer based on information currently available to it or which it may not currently be able to anticipate.

Prospective investors should also read the detailed information set out elsewhere and incorporated by reference in this Base Prospectus and consider carefully whether an investment in the Notes is suitable for them in the light of the information in this Base Prospectus and their personal circumstances, based upon their own judgment and upon advice from such financial, legal, tax and other professional advisers as they deem necessary.

Words and expressions defined in "Forms of the Notes", "Terms and Conditions of the English Law Notes" and "Terms and Conditions of the Italian Law Notes" or elsewhere in this Base Prospectus have the same meaning in this section. Unless otherwise specified, the term "Terms and Conditions" shall refer to both the Terms and Conditions of the English Law Notes and the Terms and Conditions of the Italian Law Notes and any reference to a "Condition" shall be to both a Condition under the Terms and Conditions of the English Law Notes and a Condition under the Terms and Conditions of the Italian Law Notes. Prospective investors should read the entire Base Prospectus.

RISK FACTORS RELATING TO THE ISSUER

The risks below have been classified into the following categories:

- 1. Risks relating to the Issuer's financial position;*
- 2. Risks related to the legal and regulatory environment of the Issuer;*
- 3. Risks relating to the internal control of the Issuer; and*
- 4. Risks relating to the political, environmental, social and governance of the Issuer*

1. Risks relating to the Issuer's financial position

Competition in the Italian market

Competition is intense in all of the Issuer's primary business areas in Italy. The Issuer derives nearly all of its banking income from its banking activities in Italy and in particular in Alto Adige where approximately 34 per cent. of its branches as at the date of this Base Prospectus are based, a mature market where competitive pressures have been increasing quickly and which is currently going through a process of consolidation, with large banking groups undergoing mergers and acquisitions to achieve greater economies of scale.

The banking sector has also seen the emergence in recent years of alternative distribution channels for many of the products that the Issuer offers. Other factors which may affect

competition include consumer demand, technological changes and the regulatory framework. Furthermore, the worsening of the macroeconomic conditions could add to the competitive pressure through, for example, increased pressure on lending margins, increases in the cost of funding or lower business volumes. Competitive pressures could result in increased pricing pressures on a number of the Issuer's products and services, particularly as competitors seek to win market share, and may harm its ability to maintain or increase profitability.

Should the Issuer be unable to compete with its competitors and their services and products, or to actively and effectively respond to increasing competitive pressures, the Issuer may be adversely affected losing existing or potential business, market share or incur in losses which could materially affect its business or operations.

Impact of events which are difficult to anticipate

The Issuer's earnings and business are affected by general economic conditions, the performance of financial markets, interest rate levels, currency exchange rates, changes in laws and regulation, changes in the policies of central banks, particularly the Bank of Italy and the European Central Bank, and competitive factors, at a regional, national and international level. Each of these factors can change the level of demand for the Issuer's products and services, the credit quality of borrowers and counterparties, the interest rate margin of the Issuer between lending and borrowing costs and the value of the Issuer's investment and trading portfolios.

In particular, Health and safety restrictions adopted in 2020 to contain the impact of the covid-19 pandemic, including imposing mass quarantines, shelter-in-place orders, medical screenings, travel restrictions and limiting public gatherings, resulted and may continue to result in a severe decrease of global economic activity and decreases in production and demand, which led to sharp declines in the gross domestic product (GDP) of those countries which were most affected by the pandemic, mainly in Europe (including Italy), Latin America and the United States. Other consequences included increased unemployment levels, sharp decreases and high volatility in the stock markets, disruption of global supply chains, exchange rate volatility, steady customer draws on lines of credit, decline in real estate prices, and uncertainty in relation to the future impact in regional and global economies in the medium and long term. These measures also negatively impacted, and could continue to negatively impact, businesses, market participants, the Issuer's counterparties and clients, and the global economy for a prolonged period of time.

In 2021, high vaccination rates in many countries and a progressive relaxation of health and safety restrictions, together with the fiscal and monetary policy measures implemented, have contributed to an increase in employment levels and recovery of the global economy generally, with some variations across sectors and geographies. However, the pandemic remains dynamic and the emergence of variants resistant to existing vaccines remains uncertain. In addition, certain adverse consequences of the pandemic continue to impact the macroeconomic environment and may persist for some time, including labour shortages and disruptions of global supply chains, that are contributing to rising inflationary pressures.

Changes in interest rates

Fluctuations in interest rates in Italy influence the Issuer's financial performance. The results of the Issuer's banking operations are affected by the Issuer's management of interest rate sensitivity and, in particular, changes in market interest rates. A mismatch of interest-earning assets and interest-bearing liabilities in any given period, which tends to accompany changes

in interest rates, may have a material effect on the Issuer's financial condition or results of operations.

Market declines and volatility

The results of the Issuer are affected by general economic, financial and other business conditions. During a recession, there may be less demand for loan products and a greater number of the Issuer's customers may default on their loans or other obligations. Interest rate rises may also have an impact on the demand for mortgages and other loan products. The risk arising from the impact of the economy and business climate on the credit quality of the Issuer's borrowers and counter-parties can affect the overall credit quality and the recoverability of loans and amounts due from counterparties.

Credit and market risk

To the extent that any of the instruments and strategies used by the Issuer to hedge or otherwise manage its exposure to credit or market risk are not effective, the Issuer may not be able to mitigate effectively its risk exposure in particular market environments or against particular types of risk. The Issuer's trading revenues and interest rate risk are dependent upon its ability to identify properly, and mark to market, changes in the value of financial instruments caused by changes in market prices or interest rates. The Issuer's financial results also depend upon how effectively the Issuer determines and assesses the cost of credit and manages its own credit risk and market risk concentration.

Protracted market declines and reduced liquidity in the markets

In some of the Issuer's businesses, protracted adverse market movements, particularly the decline of asset prices, can reduce market activity and market liquidity. These developments can lead to material losses if the Issuer cannot close out deteriorating positions in a timely way. This may especially be the case for assets that did not enjoy a very liquid market to begin with. The value of assets that are not traded on stock exchanges or other public trading markets, such as derivatives contracts between banks, may be calculated by the Issuer using models other than publicly quoted prices. Monitoring the deterioration of the prices of assets like these is difficult and failure to do so effectively could lead to unanticipated losses. This in turn could adversely affect the Issuer's operation, results and financial condition.

In addition, protracted or steep declines in the stock or bond markets in Italy and elsewhere may adversely affect the Issuer's securities trading activities and its asset management services, as well as the Issuer's investments in and sales of products linked to the performance of financial assets.

Concentration risk

Concentration risk is a risk deriving from credit exposure to the counterparties, groups of related counterparties, counterparties that operate in the same economic sector or which exercise the same activities. Concentration risk is measured in compliance with the provisions of Bank of Italy Circular No. 285 (Title III – Chapter 1 – Annex B) by the Granularity Adjustment (GA) method. Specific procedures were defined under the Internal Capital Adequacy Assessment Process (ICAAP) in compliance with applicable regulatory provisions in order to calculate geo-sector concentration risk, namely, the risk deriving from counterparties operating in the same sector or geographical area. Banca Popolare dell'Alto Adige has also established a defined system of limits that controls and steers the guidelines in

order to limit exposure to concentration risk in the Issuer's loan portfolio. The various forms of concentration risk are also monitored in the quarterly credit report, and discussed at the quarterly meetings of the internal credit committee of the Issuer.

Liquidity risk

Liquidity risk is the risk that the Issuer might be unable to meet its payment obligations when due or to fund increases in its assets. This risk is inherent in any retail and commercial banking business and can be heightened by a number of bank-specific factors, including over-reliance on a particular source of funding, changes in credit ratings or market-wide phenomena such as market dislocation. Liquidity risk mainly takes the form of inability of the Issuer to:

- obtain funds on the market (funding liquidity risk);
- obtain funds by selling assets on the market (asset liquidity risk).

While the Issuer implements liquidity management processes in accordance with the instructions and operational guidelines contained in the liquidity and funding policy (which is continuously updated) and seeks to mitigate and control these risks, unforeseen systemic market factors make it difficult to eliminate completely these risks. Continued constraints in the supply of liquidity, including in inter-bank lending, have affected and may materially and adversely affect the cost of funding of the Issuer's business, and extreme liquidity constraints may affect its current operations and its ability to fulfil regulatory liquidity requirements, as well as limit growth possibilities.

Historical Information

The historical, financial and other information set out in the sections headed "*Description of the Issuer*" and "*Overview Financial Information relating to the Issuer*", and in the financial statements of the Issuer incorporated by reference in this Base Prospectus, represents the historical experience of Banca Popolare dell'Alto Adige. There can be no assurance that the future experience and performance of the Issuer will be similar to the past experience described in this Base Prospectus.

Risk arising from the difficult market and economic conditions, instability in the European Union and potential deterioration of the sovereign debt crisis

The performance of Banca Popolare dell'Alto Adige is influenced by the economic situation generally, the Eurozone and Italy, as well as by the dynamics of financial markets, in particular, by the stability and growth prospects of the geographical areas in which the Issuer operates. The capacity of the Issuer to generate income and the its solvency depend on such factors as investor expectations and confidence, levels and volatility of short and long-term interest rates, exchange rates and liquidity of financial markets, availability and cost of capital, sustainability of sovereign debt, household income and consumer spending, levels of unemployment, inflation and housing prices. Adverse changes in these factors, especially in the periods of economic and financial crisis, could result in losses for the Issuer as well as increases in financing costs and reductions in the value of assets held, all of which could have a negative effect on liquidity and capital solidity of Banca Popolare dell'Alto Adige.

The current macroeconomic situation is characterised by significant uncertainties that relate to:

- (a) developments related to the UK national referendum held on 23 June 2016 where the UK voted to leave the European Union (the "Brexit"). While the longer-term effects of the UK's withdrawal from the EU are difficult to assess, there is ongoing political and economic uncertainty, such as (i) increased friction with the EU and EU countries; (ii) the possibility of second referendum on Scottish independence from the UK; and (iii) instability in Northern Ireland derived from the UK proposal to replace the current Northern Ireland protocol agreed with the EU, which could negatively affect the Issuer's customers and counterparties and have a material adverse effect on the operations, financial condition and prospects of the Issuer;
- (b) trends of the real economy as regard to the prospects of recovery, dynamics of national economic growth and the stability of the economies in those countries (United States and China), which have shown a substantial growth in recent years;
- (c) future developments in the monetary policy of the ECB in the Eurozone and of the FED area in the dollar area, and in the policies implemented by various countries aimed at encouraging competitive devaluations of their currencies;
- (d) sustainability of sovereign debts in some countries and the tensions on financial markets; and
- (e) recent developments in relation to the invasion of Ukraine by the Russian Federation, on 24 February 2022, which generated an international armed conflict, triggering a further increment of the volatility of global markets resulting in dampening growth prospects as a consequence of the heavy repercussions of the conflict in the costs of energy and supply of raw materials. Furthermore, the effects of the conflict may extend to other parts of the economy and negatively affect the European markets and in particular, Italy's. The extent of these effects will depend on the evolution of the conflict, the impact of current sanctions and any additional measures taken against the Russian Federation.

Negative developments in all or some only of the above factors may have an adverse effect on the Issuer's financial condition and results of operations.

2. Risks related to the legal and regulatory environment of the Issuer

Changes in the Italian and European regulatory framework could adversely affect the Issuer's business

The Issuer is subject to extensive regulation and supervision by the Bank of Italy, CONSOB (the public authority responsible for regulating the Italian securities market), the European Central Bank and the European System of Central Banks.

The banking laws to which the Issuer is subject govern the activities in which banks and foundations may engage and are designed to maintain the safety and soundness of banks, and limit their exposure to risk. In addition, the Issuer must comply with financial services laws that govern its marketing and selling practices. Any changes in how such regulations are applied may have a material effect on the Issuer's business and operations.

As some of the banking laws and regulations affecting the Issuer have been recently adopted or are undergoing review, the manner in which those laws and related regulations are applied to the operations of financial institutions is still evolving. No assurance can be given that laws

and regulations will be adopted, enforced or interpreted in a manner that will not have an adverse effect on the business, financial conditions, cash flows or operational results of the Issuer.

Evolving regulatory environment

Banca Popolare dell'Alto Adige's business is governed by Italian domestic and European Union legislation relating to the financial and banking sectors and is subject to extensive regulation and supervision by the Bank of Italy, CONSOB (the public authority responsible for regulating the Italian securities market), the European Central Bank and the European System of Central Banks.

Banca Popolare dell'Alto Adige has as its corporate object, the raising of funds for investment and the provision of credit in its various forms. The banking laws to which Banca Popolare dell'Alto Adige is subject govern the activities in which banks may engage and are designed to maintain the safety and soundness of banks, and limit their exposure to risk. In addition, Banca Popolare dell'Alto Adige must comply with financial services laws that govern its marketing and selling practices. The regulatory framework governing the national, European and international financial markets has recently undergone significant changes, some of which are still ongoing, in response to the credit crisis, and new legislation and regulations have been, and are being, introduced in Italy and the European Union that affect, and will affect, the Issuer, including its capital requirements. In addition, regulators and supervisory authorities are increasingly taking a stricter approach to regulation and their enforcement may not be to the Issuer's benefit. The interpretation of regulations applicable to the Issuer by regulators may also be subject to changes which may be detrimental to the Issuer. Furthermore, a breach of any regulations by the Issuer could lead to the intervention of supervisory authorities and the Issuer could come under investigation and surveillance. The Issuer may also become subject to new regulations and guidelines that may require additional expenditures which may introduce additional strain on the Issuer.

The Issuer is subject to the Capital Requirements Regulation (Regulation (EU) No. 575/2013 or "**CRR**") and the Capital Requirements Directive (Directive 2013/36/EU or "**CRD IV**"), through which the European Union, as of 1 January 2014, began the implementation of the Basel III capital reforms. Basel III is a full set of reform measures to strengthen the regulation, supervision and risk management of the banking sector and is aimed at boosting the banking sector's ability to absorb impacts caused by financial and economic stress, improve risk management and corporate governance, and improve banking transparency and disclosures. The CRR, as complemented by several binding technical standards and guidelines issued by the European Banking Authority ("**EBA**"), is directly applicable in all EU Member States, without the need for national implementation measures either.

The CRD IV was implemented in Italy by the Legislative Decree No. 72 of 12 May 2015 and the Bank of Italy supervisory regulations, as amended from time to time, ("**Circular No. 285**"), providing, *inter alia*, for additional national prudential rules governing matters not harmonised at the level of the European Union. Circular No. 285 has been subject to continuous review and update, the last of which occurred on 24 February 2022.

Italian banks are at all times required to satisfy the following own funds requirements (calculated as a percentage of risk weighted assets): (i) a CET 1 capital ratio of 4.5 per cent.; (ii) a Tier 1 Capital ratio of 6 per cent.; and (iii) a Total Capital Ratio of 8 per cent. In addition to these minimum regulatory capital requirements, the CRD IV also introduced capital buffer requirements that must be met with CET1 capital, in particular:

- (a) capital conservation buffer for unexpected losses, requiring additional CET1 of 2.5 per cent. of total weighted exposures;
- (b) institution-specific counter-cyclical capital buffer, requiring additional CET1 of up to 2.5 per cent. of total weighted exposures and applied in the periods of excessive credit growth.
- (c) global systemically important institutions ("**G-SIBs**") buffer of between 1 per cent. and 3.5 per cent. of CET1;
- (d) other systemically important institutions ("**O-SII**") buffer, which may be as much as 2 per cent. of CET1; and
- (e) CET1 systemic risk buffer aimed at mitigating long term non-cyclical systemic or macro prudential risks.

Article 104 of the CRD IV and Article 16 of Council Regulation (EU) No. 1024/2013 of 15 October 2013 conferring specific tasks on the ECB concerning policies relating to the prudential supervision of credit institutions (the "**SSM Regulation**") to carry out a supervisory review and evaluation process (the "**SREP**") at least on an annual basis. This may result in the imposition of additional capital requirements on the Issuer pursuant to the Pillar 2 requirement. Any failure by the Issuer to maintain its Pillar 1 minimum regulatory capital ratios and any Pillar 2 additional capital requirements could result in administrative actions or sanctions, which, in turn, may have a material adverse impact on the Issuer's results of operations. In 2016 the so-called Pillar 2 guidance ("**Pillar 2 guidance**") was introduced by the EBA Guidelines. The capital demand resulting from SREP consists of two elements, namely (a) Pillar 2 requirement, which is intended to cover risks underestimated or not covered by Pillar 1 requirement, and (b) Pillar 2 guidance, which indicates to the banks the adequate level of capital to be maintained in order to have sufficient capital as a buffer to withstand stress situations. While Pillar 2 requirement is binding and breaches can have direct legal consequences for banks, Pillar 2 guidance is not and it shall not be used in the calculation of the Maximum Distributable Amount. However, ECB expects banks to comply with Pillar 2 guidance in addition to their binding capital requirements, as it serves as a buffer for banks to withstand stress.

In addition to the above, the EBA published on 18 March 2022 its final report on the guidelines on common procedures and methodologies for the supervisory review and evaluation process ("**SREP Guidelines**"). Under these guidelines, national supervisory authorities must set a composition requirement for the additional capital requirements to cover certain specified risks of at least 56.25% CET1 capital and at least 75% Tier 1 capital. The guidelines also contemplate that, in determining additional own funds requirements, competent authorities should reconcile the additional own funds requirements with any existing capital buffer requirements by addressing the same risks or elements of those risks. National supervisors should not set additional capital requirements or other capital measures, including Pillar 2 guidance, where the same risk is already covered by specific capital buffer requirements. Also, additional own funds requirements or other capital measures should not cover macroprudential or systemic risk, but can cover the risks reflecting the impact of certain economic conditions and market developments on the risk profile of the individual institution. In this regard, under Article 141b of the CRD IV, which introduces restrictions on distributions in case of failure to meet the Leverage Ratio requirements, Member States of the EU must require that an institution that fails to meet the Leverage Ratio buffer requirement shall calculate the leverage ratio related maximum distributable amount ("**L-MDA**"), will be prohibited from paying any distribution

in connection with CET1, variable remuneration or discretionary pension benefits or payments on Additional Tier 1 capital instruments, until it calculates the L-MDA and communicates them to the regulator in accordance with Article 141b(8) of the CRD IV.

In compliance with CRD IV and EBA SREP Guidelines, the Bank of Italy, as Italian competent authority, may require Italian institutions to hold own funds in excess of the requirements set out in the CRR.

As of 1 January 2022, the Issuer is required to comply with the following capital requirements:

- (i) a CET1 capital ratio of 7.7 per cent. comprising a binding requirement of 5.20 per cent. (of which 4.50 per cent. as a minimum regulatory capital requirement and 0.70 per cent. as additional capital requirement determined by the SREP outcome) and, for the remaining part, as capital conservation buffer;
- (ii) a Tier 1 capital ratio of 9.44 per cent. comprising a binding requirement of 6.94 per cent. (of which 6 per cent. as a minimum regulatory requirement and 0.94 per cent. as additional capital requirement determined by the SREP outcome) and, for the remaining part, as capital conservation buffer; and
- (iii) a total capital ratio of 11.75 per cent., comprising a binding requirement of 9.25 per cent. (of which 8 per cent. as a minimum regulatory capital requirement and 1.25 per cent. as additional capital requirement determined by the SREP outcome) and, for the remaining part, as capital conservation buffer.

Furthermore, the CRR includes a requirement for institutions to calculate the liquidity coverage ratio (the "**LCR**") with the aim to promote the short-term resilience of the liquidity risk profile of banks by ensuring they have sufficient high quality liquid assets to survive a significant stress scenario lasting 30 calendar days. In January 2013, the Basel Committee on Banking Supervision revised its original proposal in respect of the liquidity requirements in light of concerns raised by the banking industry, providing for a gradual phasing-in of the LCR as well as expanding the definition of high quality liquid assets to include lower quality corporate securities, equities and residential mortgage backed securities. Commission Delegated Regulation (EU) 2015/61 of 10 October 2014, supplementing the CRR with regard to liquidity coverage requirement for credit institutions, became applicable from 1 October 2015, although under a phase-in approach and it became fully applicable from 1 January 2018. On 30 October 2018, Delegated Regulation (EU) 2018/1620 amending Commission Delegated Regulation (EU) 2015/61 on LCR ("**Delegated Regulation 2018/1620**") was published in the Official Journal of the European Union. The Delegated Regulation 2018/1620, which supplements the CRR, sets out detailed requirements relating to the LCR, including the specification of those assets that should be considered high quality liquid assets ("**HQLA**") and the calculation of expected cash outflows and inflows over a 30-day stressed period. In particular, the Delegated Regulation 2018/1620 specifies that (i) the third country assets held by a subsidiary undertaking in a third country may be recognised as HQLA for consolidation purposes where they qualify as liquid assets under that third country's national law setting out the liquidity coverage requirement, and (ii) only simple, transparent and standardised ("**STS**") securitisations will qualify HQLA for the purposes of LCR.

In October 2014, the Basel Committee on Banking Supervision published the final net stable funding ratio ("**NSFR**") rules. The NSFR supplements the LCR and has a time horizon of one year and has been developed to provide a sustainable maturity structure of assets and liabilities. On 17 December 2015, EBA published its report recommending the introduction of the NSFR

in the European Union to ensure stable funding structures and outlining its impact assessment and proposed calibration, with the aim of complying with a 100 per cent. target NSFR implementation in 2018 in accordance with the Basel rules. On 20 May 2019, the Regulation 2019/876 introduced a binding requirement of 100% as a minimum level for the NSFR.

The NSFR is defined as the amount of stable funding available to an institution (ASF) relative to the required stable funding (RSF).

The regulatory framework in which the Issuer operates is constantly evolving. The CRD IV and CRR have been amended in 2019 following adoption of a comprehensive reform package first announced by the European Commission in November 2016 (the "**Banking Reform Package**") by:

- Directive (EU) 2019/878 of the European Parliament and of the Council of 20 May 2019 amending the CRD IV as regards exempted entities, financial holding companies, mixed financial holding companies, remuneration, supervisory measures and powers and capital conservation measures (the "**CRD V**");
- Regulation (EU) 2019/876 of the European Parliament and of the Council of 20 May 2019 amending the CRR as regards the leverage ratio, the net stable funding ratio, requirements for own funds and eligible liabilities, counterparty credit risk, market risk, exposures to central counterparties, exposures to collective investment undertakings, large exposures, reporting and disclosure requirements (the "**CRR II**")

The Government implemented the CRD IV with Legislative Decree No. 72 of 12 May 2015 ("**Decree 72/2015**"), which entered into force on 27 June 2015. Decree 72/2015 impacts, inter alia, on:

- proposed acquirers of holdings in credit institutions, requirements for shareholders and members of the management body (Articles 23 and 91 of the CRD IV);
- competent authorities' powers to intervene in cases of crisis management (Articles 64, 65, 102 and 104 of the CRD IV);
- reporting of potential or actual breaches of national provisions (so called "whistleblowing", Article 71 of the CRD IV); and
- administrative penalties and measures (Article 65 of the CRD IV).

These and any additional legislative or regulatory actions in Italy, the European Union or other countries, and any required changes to the Issuer's regulatory capital requirements and business operations resulting from such legislation and regulations, could limit the ability of the Issuer to pursue business opportunities in which they might otherwise consider engaging, affect the value of assets that the Issuer holds, require the Issuer to increase its prices and thereby reducing demand for its products, impose additional costs and/or more stringent capital requirements on the Issuer or otherwise adversely affect its businesses. Accordingly, the Issuer cannot provide assurance that any such new legislation or regulations would not have an adverse effect on their respective businesses, results of operations or financial condition in the future.

The Issuer may also face increased compliance costs and limitations on its ability to pursue certain business opportunities. Changes in regulations, which are beyond its control, may have

a material effect on its businesses and operations. As some of the banking laws and regulations have been recently adopted, the manner in which those laws and related regulations are applied to the operations of financial institutions is still evolving. Moreover, no assurance can be given generally that laws or regulations will be adopted, enforced or interpreted in a manner that will not have material adverse effect on the Issuer's business.

The Issuer is subject to the provisions of the EU Bank Recovery and Resolution Directive

On 2 July 2014, the directive providing for the establishment of an EU-wide framework for the recovery and resolution of credit institutions and investment firms (Directive 2014/59/EU) (the "**Bank Recovery and Resolution Directive**" or "**BRRD**") entered into force and Member States were expected to implement the majority of its provisions.

The BRRD provides competent authorities with broad powers to deal with failing banks at national level, as well as cooperation arrangements to tackle cross-border banking failures. The BRRD sets out the rules for the resolution of banks and large investment firms in all EU Member States. Banks are required to prepare recovery plans to overcome financial distress. Authorities are also granted a set of powers to intervene in the operations of banks to avoid them failing. If banks do face failure, authorities are equipped with comprehensive powers and tools to restructure them, allocating losses to shareholders and creditors following a specified hierarchy. Resolution authorities have the powers to implement plans to resolve failing banks in a way that preserves their most critical functions and avoids taxpayer bail-outs.

Broadly, the BRRD contains four resolution tools and powers which may be used alone or in combination where the relevant resolution authority considers that (a) an institution is failing or likely to fail, (b) there is no reasonable prospect that any alternative private sector measures would prevent the failure of such institution within a reasonable timeframe, and (c) a resolution action is in the public interest:

- (i) sale of business - which enables resolution authorities to direct the sale of the firm or the whole or part of its business on commercial terms;
- (ii) bridge institution - which enables resolution authorities to transfer all or part of the business of the firm to a "bridge institution" (an entity created for this purpose that is wholly or partially in public control);
- (iii) asset separation - which enables resolution authorities to transfer impaired or problem assets to one or more publicly owned asset management vehicles to allow them to be managed with a view to maximising their value through eventual sale or orderly wind-down (this can be used together with another resolution tool only); and
- (iv) bail-in - which gives resolution authorities the power to write down certain claims of unsecured creditors (including, among others, the Senior Notes, the Senior Non-Preferred Notes and the Subordinated Notes) of a failing institution and to convert certain unsecured debt claims (including, among others, the Senior Notes, the Senior Non-Preferred Notes and Subordinated Notes) into shares or other instruments of ownership (i.e. other instruments that confer ownership, instruments that are convertible into or give the right to acquire shares or other instruments of ownership, and instruments representing interests in shares or other instruments of ownership) (the "**general bail-in tool**"). Such shares or other instruments of ownership could also be subject to any future application of the BRRD.

The BRRD also provides for a Member State as a last resort, after having assessed and exhausted the above resolution tools (including the general bail-in tool) to the maximum extent practicable whilst maintaining financial stability, to be able to provide extraordinary public financial support through additional financial stabilisation tools. These consist of the public equity support and temporary public ownership tools. Any such extraordinary financial support must be provided in accordance with the EU state aid framework and the BRRD.

An institution will be considered as failing or likely to fail when: it is, or is likely in the near future to be, in breach of its requirements for continuing authorisation; its assets are, or are likely in the near future to be, less than its liabilities; it is, or is likely in the near future to be, unable to pay its debts or other liabilities as they fall due; or it requires extraordinary public financial support (except in limited circumstances).

In addition to the general bail-in tool and other resolution tools, the BRRD provides for resolution authorities to have the further power to permanently write-down, or convert into shares or other instruments of ownership, capital instruments such as the Subordinated Notes at the point of non-viability and before any other resolution action is taken ("**non-viability loss absorption**"). Any shares issued to holders of the Subordinated Notes upon any such conversion into equity may also be subject to any future application of the BRRD (including the general bail-in tool).

For the purposes of the application of any non-viability loss absorption measure, the point of non-viability under the BRRD is the point at which the relevant authority determines that the institution meets the conditions for resolution (but no resolution action has yet been taken) or that the institution or, in certain circumstances, its group, will no longer be viable unless the relevant capital instruments (such as the Subordinated Notes) are written-down/converted or extraordinary public support is to be provided and without such support the appropriate authority determines that the institution and/or, as appropriate, its group, would no longer be viable.

In the context of these resolution tools, the resolution authorities have the power to amend or alter the maturity of certain debt instruments (such as the Subordinated Notes) issued by an institution under resolution or amend the amount of interest payable under such instruments, or the date on which the interest becomes payable, including by suspending payment for a temporary period.

In addition, because (i) article 44(2) of the BRRD excludes certain liabilities from the application of the general bail-in tool and (ii) the BRRD provides, at Article 44(3), that the resolution authority may partially or fully exclude certain further liabilities from the application of the general bail-in tool, the BRRD specifically contemplates that *pari passu* ranking liabilities may be treated unequally. Accordingly, holders of a Series of Notes issued under the Programme may be subject to write-down/conversion upon an application of the general bail-in tool while other Series of *pari passu* ranking Notes (or, in each case, other *pari passu* ranking liabilities) are partially or fully excluded from such application of the general bail-in tool. Further, although the BRRD provides a safeguard in respect of shareholders and creditors upon application of resolution tools, Article 75 of the BRRD sets out that such protection is limited to the incurrence by shareholders or, as appropriate, creditors, of greater losses as a result of the application of the relevant tool than they would have incurred in a winding up under normal insolvency proceedings. It is therefore possible not only that, in circumstances in which Notes issued under the Programme have been partially or fully written-down/converted into equity capital instruments on an application of the general bail-in tool, the claims of other holders of junior or *pari passu* liabilities may have been excluded from the application of the general bail-

in tool and therefore the holders of such claims may receive a treatment which is more favourable than that received by holders of the relevant Notes, but also that the safeguard referred to above does not apply to ensure equal (or better) treatment compared to the holders of such fully or partially excluded claims because the safeguard is not intended to address such possible unequal treatment but rather to ensure that shareholders or creditors do not incur greater losses in a bail-in (or other application of a resolution tool) than they would have received in a winding up under normal insolvency proceedings.

On 28 December 2017, Directive (EU) 2017/2399, amending the BRRD as regards the ranking of unsecured debt instruments in insolvency hierarchy (the "**BRRD Amending Directive**") entered into force. The BRRD Amending Directive requires Member States to create a new class of the so-called "senior non-preferred" debt instruments which would rank just below the most senior debt and other senior liabilities for the purposes of liquidation, while still being part of the senior unsecured debt category (only as a lower tier of senior debt) and that will be eligible to meet MREL and TLAC requirements. The new creditor hierarchy will not have a retroactive effect and will only apply to new issuances of bank debts. In this regard, the Italian Law No. 205/2017, approved by the Italian Parliament on 27 December 2017, contains the implementing provisions pertaining to "non-preferred" senior debt instruments.

The BRRD requires all EU Member States to create a national, prefunded resolution fund, reaching a level of at least 1 per cent. of covered deposits by 31 December 2024. The national resolution fund for Italy was created in November 2015 and required both ordinary and extraordinary contributions to be made by Italian banks and investment firms, including the Issuer. In the Banking Union, the national resolution funds set up under the BRRD were replaced by the Single Resolution Fund ("**SRF**" or the "**Fund**"), set up under the control of the Single Resolution Board ("**SRB**" or the "**Board**"), as of 1 January 2016 and the national resolution funds will be pooled together gradually. The SRF is intended to ensure the availability of funding support while a bank is resolved and will contribute to resolution if at least 8 per cent. of the total liabilities (including own funds) of the bank have been subject to bail-in. Therefore, as of 2016, the SRB will calculate, in line with a Council Implementing Regulation (EU) No 2015/81, the annual contributions of all institutions authorised in the Member States participating in the Single Supervisory Mechanism and the Single Resolution Mechanism (the "**SRM**"). The SRF is to be built up over eight years, and will reach at least 1% of the amount of covered deposits of credit institutions in all twenty-one Banking Union countries. As of July 2021, the SRF stands at approximately Euro 52 billion.

The BRRD also requires institutions to meet, at all times, robust minimum requirements of own funds and liabilities eligible for bail-in expressed as a percentage of the total liabilities and own funds of the institution (i.e. "Minimum Requirement for Own Funds and Eligible Liabilities" – "**MREL**"). MREL represents one of the key tools to improve banks' resolvability, allowing resolution authorities to maintain critical functions and restore a bank's capital position after resolution. This MREL requirement should ensure that shareholders and creditors bear losses regardless of which resolution tool is applied. The resolution authority, after consulting with the relevant competent authority, will set the MREL for the relevant institution based on the assessment criteria identified by the EBA in its regulatory technical standards (RTS), pursuant to Article 45. Article 7(1) of EBA final RTS on criteria for determining MREL requires resolution authorities to ensure that MREL is sufficient to allow the write down or conversion of an amount of own funds and qualifying eligible liabilities at least equal to the sum of the loss absorption amount and the recapitalisation amount, subject to certain considerations. The resolution authority has discretion to allow BRRD institutions to meet part of their MREL obligations through "contractual bail-in instruments". The BRRD does not foresee an absolute minimum, but attributes the competence to set a minimum amount for each

bank to national resolution authorities (for banks not being part of the Banking Union) or to the SRB for banks being part of the Banking Union. The EBA has issued final draft regulatory technical standards which further define the way in which resolution authorities/the SRB shall calculate MREL, as further implemented by European Commission adopted Commission Delegated Regulation (EU) 2016/1450, see below.

On 23 May 2016, the European Commission adopted Commission Delegated Regulation (EU) 2016/1450 supplementing BRRD that specifies the criteria, which further define the way in which resolution authorities/the SRB shall calculate MREL, as described in Article 45(6) of the BRRD, which entered into force on 23 September 2016. Article 8 of the aforementioned regulation provides that resolution authorities may determine an appropriate transitional period for the purposes of meeting the full MREL requirement. On 19 July 2016, the EBA launched a public consultation on its interim report on the implementation and design of the MREL. On 23 November 2016, the European Commission presented the EU Banking Reform, which introduces a number of proposed amendments to the BRRD. In particular, it was proposed that the MREL – which should be expressed as a percentage of the total risk exposure amount and of the leverage ratio exposure measure of the relevant institution – should be determined by the resolution authorities at an amount to allow banks to absorb losses expected in resolution and recapitalise the bank post-resolution. In addition, it was proposed that resolution authorities may require institutions to meet higher levels of MREL in order to cover losses in resolution that are higher than those expected under a standard resolution scenario and to ensure a sufficient market confidence in the entity post-resolution. It is currently envisaged that in the event of any shortfall of complying with the MREL requirement the competent resolution authority shall have the power to prohibit the institution from distributing more than the maximum distributable amount related to the minimum requirement for own funds and eligible liabilities (so-called "**M-MDA**").

For banks which are not included in the list of G-SIBs, liabilities that satisfy the requirements set forth in the EU Banking Reform and do not qualify as CET1, Tier 1 or Tier 2 instruments, shall qualify as eligible liabilities for the purpose of MREL, unless they fall into any of the categories of excluded liabilities. The SRB, together with the national resolution authorities ("**NRAs**"), started to develop its MREL approach in 2016. The preliminary approach consisted of informative targets that sought to enable banks to prepare for their future MREL requirements. The SRB is further enhancing its gradual MREL multi-year policy, and in 2017 introduced binding requirements and started to address both quantity and quality of MREL with bank specific features. During 2017, the SRB developed its MREL policy, starting to develop binding targets for major banking groups. Considering the need to address the specificities of the most complex groups in more detail, the SRB split the 2018 resolution planning cycle in two waves. The first started in January 2018 to allow the banks that did not have binding targets – for instance those with no presence outside the Banking Union – to be addressed first based on an MREL policy largely following the 2017 approach and published on 20 November 2018. For the second wave of resolution plans, covering the most complex banks, an enhanced MREL policy was published on 16 January 2019.

In June 2019 the SRB published an update to its 2018 MREL policy in light of the publication of the Banking Package (CRR-II/CRD-V/BRRD-II/SRMR-II) in the Official Journal of the EU on 7 June 2019. This was followed by an overall updated MREL Policy under the Banking Package (BRRD-II/SRMR-II) published on 20 May 2020, which covers:

- (a) MREL requirements for Global Systemically Important institutions (G SIs);

- (b) changes to the calibration of MREL, including introducing MREL based on the leverage ratio;
- (c) changes to the quality of MREL (subordination);
- (d) dedicated rules for certain business models, such as cooperatives, and for resolution strategies, such as multiple point of entry (MPE);
- (e) Provisions on internal MREL;
- (f) Clarifications on third-country issuances; and
- (g) how these changes will be phased in.

MREL decisions implementing the new framework were based on the MREL Policy under the Banking Package in the 2020 resolution planning cycle. The decisions were communicated to institutions in the beginning of 2021. These decisions replaced those issued under the previous legal framework. Each new decision will set out two binding MREL targets, including those for subordination: the binding intermediate target to be met by 1 January 2022 and the fully calibrated MREL (final target) to be met by 1 January 2024.

On 7 June 2019, as part of the contemplated amendments to the BRRD, Single Resolution Mechanism and Single Resolution Fund Regulation (EU) No. 806/2014, Regulation (EU) No. 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms ("**CRR**") and Directive 2013/36/EU of the European Parliament and of the Council of 26 June 2013 on access to the activity of credit institutions and the prudential supervision of credit institutions and investment firms ("**CRD IV**"), the following legislative texts have been published in the EU's Official Journal:

- (i) Directive (EU) 2019/878 of the European Parliament and of the Council of 20 May 2019 amending the Capital Requirements Directive IV as regards exempted entities, financial holding companies, mixed financial holding companies, remuneration, supervisory measures and powers and capital conservation measures (the "**CRD V**" and, together with BRRD II, SRM II Regulation, CRR II, the "**BRRD II reforms**");
- (ii) Regulation (EU) 2019/876 of the European Parliament and of the Council of 20 May 2019 amending Regulation (EU) No 575/2013 as regards the leverage ratio, the net stable funding ratio, requirements for own funds and eligible liabilities, counterparty credit risk, market risk, exposures to central counterparties, exposures to collective investment undertakings, large exposures, reporting and disclosure requirements, and Regulation (EU) No 648/2012 ("**CRR II**");
- (iii) Directive (EU) 2019/879 of the European Parliament and of the Council of 20 May 2019 amending the Bank Recovery and Resolution Directive as regards the loss-absorbing and recapitalisation capacity of credit institutions and investment firms and Directive 98/26/EC (the "**BRRD II**"); and
- (iv) Regulation (EU) 2019/877 of the European Parliament and of the Council of 20 May 2019 amending Regulation (EU) No 806/2014 with regards to the loss-absorbing and recapitalisation capacity of credit institutions and investment firms ("**SRM II Regulation**"),

The BRRD II reforms introduced, among other things, the Total Loss-absorbing Capacity Term Sheet (the "**TLAC standard**") as implemented by the Financial Stability Board, by adapting the existing BRRD regime relating to the specific MREL.

The new MREL regime is aligned with TLAC standard requirements in terms of calculation of loss absorption and recapitalisation amount. The eligible liabilities under MREL are determined according to the provisions concerning the eligible liabilities under TLAC standard. This requirement may therefore have an impact on the financial performance of the Issuer.

Article 33(a) of BRRD II introduces a new pre-resolution moratorium tool as a temporary measure in an early stage and new suspension powers, which the resolution authority can use within the resolution period. Any suspension of activities can, as stated above, result in the partial or complete suspension of the performance of agreements (including any payment or delivery obligation) entered into by the respective credit institution. The exercise of any such power or any suggestion of such exercise could materially adversely affect the rights of the holders of securities issued by the Issuer, the price or value of their investment in any such security and/or the ability of the credit institution to satisfy its obligations under any such security.

On 26 January 2021, the European Commission launched a targeted public consultation on technical aspects of a new review of BRRD ("**BRRD III**"), the SRM Regulation ("**SRM III**"), and Directive 2014/49/EU of the European Parliament and of the Council of 16 April 2014 on deposit guarantee schemes ("**DGSD II**"). This public consultation was open until 20 April 2021 and split into two main sections: a section covering the general objectives of the review, and a section seeking technical feedback on stakeholders' experience with the current Covid-19 crisis and framework and the need for changes in the future framework, notably regarding (i) resolution, liquidation and other available measures to handle banking crises, (ii) level of harmonisation of creditor hierarchy in the EU and impact on the 'no creditor worse off' principle, and (iii) depositor insurance. Legislative proposals for BRRD III, SRM III and DGSD II are to be tabled during the fourth quarter of 2021. The European Commission launched a general public consultation on 25 February 2021, which was open until 20 May 2021.

The continuous implementation of these measures by the Issuer may have a considerable impact on its capital and on its assets and liabilities management as new regulations may restrict or limit the type or volume of transactions in which the Issuer participates. Further introduction of new regulation may require the Issuer to comply with new legal requirements and standards that are not predictable by the Issuer at this time, moreover, such adaptation may lead to the Issuer incurring in additional costs deriving from potential change, adaptation or renovation of the characteristics of its services and products, internal and external control structures and/or distribution mechanisms or facilities to comply with new potential regulations. The occurrence of these events may have a negative impact on the Issuer's business, performance and/or financial condition.

Implementation of BRRD in Italy

The BRRD has been implemented in Italy through adoption by the Italian Government of Legislative Decree No. 180/2015 and Legislative Decree No. 181/2015 (together, the "**BRRD Decrees**"). Legislative Decree No. 180/2015 is a stand-alone law which implements the provisions of BRRD relating to resolution actions, while Legislative Decree No. 181/2015 amends the Consolidated Banking Law, as amended and deals principally with recovery plans, early intervention and changes to the creditor hierarchy.

Legislative Decree No. 181/2015 has also introduced strict limitations on the exercise of the statutory rights of set-off normally available under Italian insolvency laws, in effect prohibiting set-off by any creditor in the absence of an express agreement to the contrary. Since each holder of the Subordinated Notes, Senior Non-Preferred Notes and Senior Notes, will have expressly waived any rights of set-off, netting, counterclaim, abatement or other similar remedy which they might otherwise have, under the laws of any jurisdiction, in respect of such Senior Notes, Senior Non-Preferred Notes or Subordinated Notes, it is clear that the statutory right of set-off otherwise available under Italian insolvency laws will – as a result of the express provisions contained in the Terms and Conditions - not apply. As the BRRD has only recently been implemented in Italy and other Member States, there is material uncertainty as to the effects of any application of it in practice. The powers set out in the BRRD will impact how credit institutions and investment firms are managed as well as, in certain circumstances, the rights of creditors. Once the BRRD has been fully implemented, the holders of the Senior Notes, Senior Non-Preferred Notes and Subordinated Notes may be subject to write-down/conversion into shares or other instruments of ownership on any application of the general bail-in tool and, in the case of Subordinated Notes, to non-viability loss absorption, which may result in such holders losing some or all of their investment. The exercise of any power under the BRRD or any suggestion or perceived suggestion of such exercise could, therefore, materially adversely affect the rights of Noteholders, the price or value of their investment in the Notes and/or the ability of the Issuer to satisfy its obligations under the Notes.

Also, Legislative Decree No. 30 of 15 February 2016 (largely in force as of 9 March 2016) implemented in Italy the revised Deposit Guarantee Schemes Directive in Italy (the "**Decree No. 30**"). The Decree amends the Consolidated Banking Act and: (i) establishes that the maximum deposit guaranteed amount is € 100,000, which has been harmonised by the Deposit Guarantee Schemes Directive and is applicable to all deposit guarantee schemes; (ii) lays down the minimum financial budget that national guarantee schemes should have; (iii) details intervention methods of the national deposit guarantee schemes; and (iv) harmonises the methods of reimbursement to depositors in case of insolvency of a credit institution.

Furthermore, on 20 April 2021, the Italian Parliament approved delegation law (*Legge di delegazione europea*) 2019-2020 (the BRRD II Delegation Law), which provides for the implementation of Directive (EU) 2019/87 ("**BRRD I**") in Italy and sets forth, under Article 11, the principles for such implementation. Italian Legislative Decree No. 193 of 8 November 2021 was published on 30 November 2021 in the Gazzetta Ufficiale and transposed into the Italian legislation Article 48(7) of BRRD II under Article 91, paragraph 1-*bis*), letter *c-ter*) of the Italian Banking Act. Such provision states that (i) if an instrument is only partly recognised as an own funds item, the whole instrument shall be treated in insolvency as a claim resulting from an own funds item and shall rank lower than any claim that does not result from an own funds item and (ii) if an instrument is fully disqualified as own funds item, it would cease to be treated as a claim resulting from an own funds item in insolvency. Consequently, the ranking of an instrument – previously recognised as own funds item – that is fully disqualified as own funds would improve with respect to any claim that results from an own funds item.

The implementation of the BRRD or the taking of any resolution action, as well as the proposed amendments to the BRRD under the Banking Reform, could materially affect the value of the Notes.

ECB guidance on NPL provisioning

On 15 March 2018, the ECB published an addendum to its guidance to banks on non-performing loans (NPLs) ("**ECB Addendum**"). The ECB published its original guidance to

banks on NPLs in March 2017 ("**NPL Guidance**"). The aim of NPL Guidance is to clarify supervisory expectations relating to the identification, management, measurement and write-off of NPLs in the context of existing regulations, directives and guidelines. It stresses the importance of timely provisioning and write-off practices related to NPLs as these help to strengthen banks' balance sheets, enabling them to focus on their core business. The NPL Guidance calls on banks to implement realistic and ambitious strategies aimed at achieving a holistic approach to NPLs, which includes areas such as governance and risk management.

The ECB Addendum supplements the NPL Guidance by setting out the ECB's supervisory expectations when assessing a bank's levels of prudential provisions for non-performing exposures (NPEs). The ECB will take into account, among other things, the length of time a loan has been non-performing as well as any collateral held and will adopt a gradual path towards the supervisory expectations. Therefore, the ECB will assess secured exposures in the context of the supervisory dialogue, taking into account a linear path starting from the third year after an exposure was classified as non-performing (when at least 40 per cent. provisioning will be expected). As regards new unsecured NPEs, the ECB Addendum states that the ECB's supervisory expectation is that such NPEs will be fully covered after two years of NPEs life. Taking into account the specificities of the supervisory expectations, banks will thus be asked to inform the ECB of any differences between their practices and the prudential provisioning expectations, as part of the SREP supervisory dialogue.

The ECB's supervisory expectations set out what the ECB considers to be a prudent treatment of NPEs. Its aim is to avoid an excessive build-up of non-covered aged NPEs on banks' balance sheets in the future, which would require supervisory measures. Therefore, the ECB considers that prudent provisioning implies the continuation of booking accounting provisions in line with banks' assessments and existing accounting principles. Only in the event that the accounting treatment applied is considered not prudent from a supervisory perspective may supervisors determine adequate measures on a case-by-case basis.

The ECB Addendum is not binding on banks (but serves as a basis for supervisory dialogue), does not substitute or supersede any applicable regulatory or accounting requirements and is complimentary to any future EU legislation, notwithstanding, the ECB expects banks to fully adhere to the guidance in line with the severity and scale of NPLs in their portfolios. This guidance is taken into consideration in the Single Resolution Mechanism regular supervisory review and evaluation process and non-compliance may trigger supervisory measures.

As part of the comprehensive package of measures adopted by the European Commission in March 2018 to reduce NPLs in Europe, Regulation (EU) 2019/630 of the European Parliament and of the Council of 17 April 2019 was adopted to introduce a 'statutory prudential backstop' in order to prevent the risk of under provisioning of future NPLs. This regulation requires banks to have sufficient loan loss coverage (*i.e.* common minimum coverage levels) for newly originated loans if these become non-performing exposures. In case a bank does not meet the applicable minimum coverage level, it has to deduct the shortfall from its own funds. The measures adopted by the European Commission to tackle NPLs also include a proposal for a directive on credit servicers, credit purchasers and the recovery of collateral.

Moreover, starting from 2020, calendar provisioning is applied to the stock of banks' NPLs, gradually bringing it to a run off indicatively until 2026.

On 20 March 2020 among the package of measures adopted in reaction to the covid-19 outbreak, the ECB announced further measures introducing supervisory flexibility regarding the treatment of NPLs, in particular to allow banks to fully benefit from guarantees and

moratoriums put in place by public authorities to tackle the current distress. In light of that scenario, the EBA has also issued statements regarding the prudential framework in relation to the classification of loans in default, classification of exposures under the definition of forbearance or as defaulted under distressed restructuring, and their accounting treatment. In particular, the EBA has clarified that generalised payment delays due to legislative initiatives and addressed to all borrowers do not lead to any automatic classification in default, forborne or unlikeliness to pay (individual assessments of the likeliness to pay should be prioritised) and has clarified the requirements for public and private moratoria, which if fulfilled, are expected to help avoid the classification of exposures under the definition of forbearance or as defaulted under distressed restructuring.

In addition, in March 2019, the EU Council adopted a directive which defines rules for how non-credit institutions can buy credit agreements from banks. The proposed directive removes obstacles to the transfer of NPLs from banks to non-credit institutions and tries to simplify the authorization requirements for credit services across the EU.

Also at a country level, the Italian Government has acted to introduce two reforms that might have impact on the forthcoming NPLs market. In particular:

- the reform of the Italian Bankruptcy Law, published on February 2019, introduced new requirements for business in order to timely identify and prevent financial crisis, with a specific timeline;
- the Decree for Growth (*Decreto Crescita*), published on April 2019, introduced new measures that could be easily applicable to still active borrowers (often classified as UTP), such as public guarantees on lending to SMEs, public aid on new financing and new securitization rules.

These recent changes to the legislative framework and other measures that may be introduced in the future could affect the NPL market by altering the methods and time frames for debt recoveries and enforcement proceedings in Italy and introducing new operating and capital requirements. While some of these changes will likely improve efficiency of the NPL market, others (such as the statutory prudential backstop) may impose more stringent requirements on NPL operators.

3. Risks relating to the internal control of the Issuer

Operational risk

Operational risk is the risk of losses arising from errors or inadequate internal processes, human resources and systems or from external events. The Issuer, like all financial institutions, is exposed to many types of operational risk, including the risk of fraud by employees and outsiders, unauthorized transactions by employees or operational errors, including errors resulting from faulty information technology or telecommunication systems, cyber-attacks on the Issuer's information systems and digital infrastructures. The Issuer's systems and processes are designed to ensure that the operational risks associated with the Issuer's activities are appropriately monitored. Any failure or weakness in these systems, however, could adversely affect the Issuer's financial performance and business activities.

Reputational risk

Reputational risk is the current or potential risk of a decline in earnings or capital arising from an adverse perception of the Issuer's customers, employees, counterparties, shareholders, investors or supervisory authorities, as a result of the Issuer's practices, business decisions, operational decisions and alignment in relation to climate change.

4. Risks relating to the political, environmental, social and governance of the Issuer

Catastrophic events, terrorist attacks, armed conflicts and similar events

Catastrophic events, terrorist attacks, armed conflicts and similar events, as well as the responses thereto, may create economic and political uncertainties, which could have a negative impact on economic conditions in the regions in which the Issuer operates and, more specifically, on the business and results of the Issuer in ways that cannot be predicted.

Climate change risks

Climate change and related environmental stability and their potential impacts are prone to create significant risks in the financial markets, to the global and to regional economies. Climate change may encompass two main categories of risks:

- Physical risks: encompass the risks of damage to assets, operations, businesses and people due to extreme and acute events such as droughts, wildfires, floods and hurricanes, as well as longer-term climatic changes, such as rising sea level. Such damages could result in financial losses that could impair asset values and the creditworthiness of the Issuer and could disrupt the Issuer's operations or those of its customers on which the Issuer relies and does business with. Furthermore, these risks encompass the indirect costs that the Issuer may incur when adapting to these circumstances, including augments in the cost of capital;
- Transition risks: relate to the Issuer's response to climate change and the consequent net-zero transition stipulated by the Paris Agreement. These risks encompass political risks, technological risks, market risks, liability risks and reputational risks, which could increase the Issuer's expenses and impact its strategies.

Any of the conditions described above could have a material adverse effect on the business, financial condition and results of operations of the Issuer.

RISK FACTORS RELATED TO THE NOTES

The risks below have been classified into the following categories:

1. *Risks related to the trading market for the Notes;*
2. *Risks related to the structure of a particular issue of Notes;*
3. *Risks related to Senior Notes and Senior Non-Preferred Notes;*
4. *Risks related to Subordinated Notes;*
5. *Risks related to the Notes generally;*
6. *Risks related to the market generally.*

1. Risks related to the trading market for the Notes

There is no active trading market for the Notes

Notes issued under the Programme will be new securities which may not be widely distributed and for which there is no currently active trading market (unless in the case of any particular Tranche, such Tranche is to be consolidated with and form a single series with a Tranche of Notes which is already issued). If the Notes are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar securities, general economic conditions and the financial condition of the Issuer. Although applications have been made to the Luxembourg *Commission de Surveillance du Secteur Financier* ("CSSF") for Notes issued under the Programme to be admitted to the Official List and trading on its regulated market, there is no assurance that such applications will be accepted, that any particular Tranche of Notes will be so admitted or that an active trading market will develop. Accordingly, there is no assurance as to the development or liquidity of any trading market for any particular Tranche of Notes.

2. Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common features:

Notes subject to optional redemption by the Issuer

An optional redemption feature of Notes is likely to limit their market value. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period. The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in the light of other investments available at that time.

Redemption for tax reasons

In the event that the Issuer would be obliged to increase the amounts payable in respect of any Notes due to any withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of Italy or any political subdivision thereof or any authority therein or thereof having power to tax, the Issuer may redeem all outstanding Notes in accordance with the Conditions. In such circumstances an investor may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the relevant Notes being redeemed and may only be able to do so at a significantly lower rate and, in any case, the relevant redemption amount of the Notes to be redeemed may be lower than the amount corresponding to the then current market value of such Notes as of the relevant redemption date. Potential investors should consider reinvestment risk in light of other investments available at the time.

Redemption for regulatory reasons

In addition, the Issuer may also, at its option, redeem Subordinated Notes following a Regulatory Event in accordance with Condition 13(c) (*Redemption for regulatory reasons*). Any redemption of the Subordinated Notes shall be subject to the prior approval of the Relevant Authority, as further set out in Condition 13(f) (*Redemption of Subordinated Notes*).

Certain benchmark rates, including EURIBOR, may be discontinued or reformed in the future

The Euro Interbank Offered Rate ("**EURIBOR**") and other interest rates or other types of rates and indices which are deemed to be benchmarks are the subject of ongoing national and international regulatory discussions and proposals for reform. These reforms may cause such benchmarks to perform differently than in the past, or to disappear entirely, or have other consequences which cannot be predicted. Some of these reforms are already effective whilst others are still to be implemented.

The EU Benchmarks Regulation applies, subject to certain transitional provisions, to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark, within the EU. Regulation (EU) No. 2016/1011 as it forms part of domestic law of the United Kingdom by virtue of the European Union (Withdrawal) Act 2018 (the "**UK Benchmarks Regulation**") applies to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark, within the UK. The EU Benchmarks Regulation or the UK Benchmarks Regulation, as applicable, could have a material impact on any Notes linked to EURIBOR or another benchmark rate or index, in particular, if the methodology or other terms of the benchmark are changed in order to comply with the terms of the EU Benchmarks Regulation or UK Benchmarks Regulation, and such changes could (amongst other things) have the effect of reducing or increasing the rate or level, or affecting the volatility of the published rate or level, of the benchmark. More broadly, any of the international, national or other proposals for reform, or the general increased regulatory scrutiny of benchmarks, could increase the costs and risks of administering or otherwise participating in the setting of a benchmark and complying with any such regulations or requirements. Such factors may have the effect of discouraging market participants from continuing to administer or contribute to certain "benchmarks," trigger changes in the rules or methodologies used in certain "benchmarks" or lead to the discontinuance or unavailability of quotes of certain "benchmarks".

As an example of such benchmark reforms, on 21 September 2017, the European Central Bank announced that it would be part of a new working group tasked with the identification and adoption of a "risk free overnight rate" which can serve as a basis for an alternative to current benchmarks used in a variety of financial instruments and contracts in the euro area. On 13 September 2018, the working group on Euro risk-free rates recommended the new Euro short-term rate ("**€STR**") as the new risk-free rate for the euro area. The €STR was published for the first time on 2 October 2019. Although EURIBOR has subsequently been reformed in order to comply with the terms of the EU Benchmarks Regulation, it remains uncertain as to how long it will continue in its current form, or whether it will be further reformed or replaced with €STR or an alternative benchmark.

The elimination of EURIBOR or any other benchmark, or changes in the manner of administration of any benchmark, could require or result in an adjustment to the interest calculation provisions of the Conditions (as further described in Condition 10 (*Benchmark Replacement-Independent Adviser*)), or result in adverse consequences to holders of any Notes linked to such benchmark (including Floating Rate Notes whose interest rates are linked to

EURIBOR or any other such benchmark that is subject to reform). Furthermore, even prior to the implementation of any changes, uncertainty as to the nature of alternative reference rates and as to potential changes to such benchmark may adversely affect such benchmark during the term of the relevant Notes, the return on the relevant Notes and the trading market for securities (including the Notes) based on the same benchmark.

The "*Terms and Conditions of the Notes*" set out below provide for certain fallback arrangements in the event that a published benchmark (including any page on which such benchmark may be published (or any successor service)) becomes unavailable or a Benchmark Event or a Benchmark Transition Event (each as defined in the Conditions), as applicable, otherwise occurs. Such an event may be deemed to have occurred prior to the issue date for a Series of Notes. Such fallback arrangements include the possibility that the rate of interest could be set by reference to a reference bond rate, a successor rate or an alternative reference rate and that such successor rate or alternative reference rate may be adjusted (if required) in order to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to investors arising out of the replacement of the relevant benchmark. In certain circumstances the ultimate fallback of interest for a particular Interest Period or Reset Period (as applicable) may result in the rate of interest for the last preceding Interest Period or Reset Period (as applicable) being used. This may result in the effective application of a fixed rate for Floating Rate Notes or Reset Notes (as applicable) based on the rate which was last observed on the Relevant Screen Page. In addition, due to the uncertainty concerning the availability of successor rates and alternative reference rates and the involvement of an Independent Adviser (as defined in the Conditions), the relevant fallback provisions may not operate as intended at the relevant time.

Any such consequences could have a material adverse effect on the value of and return on any such Notes. Moreover, any of the above matters or any other significant change to the setting or existence of any relevant reference rate could affect the ability of the Issuer to meet its obligations under the Floating Rate Notes or Reset Notes or could have a material adverse effect on the value or liquidity of, and the amount payable under, the Floating Rate Notes or Reset Notes. Investors should consider these matters when making their investment decision with respect to the relevant Floating Rate Notes or Reset Notes.

CMS Linked Interest Notes

The Issuer may issue Notes with interest determined by reference to the CMS Rate which determine the amount of interest (a "**relevant factor**"). Potential investors should be aware that:

- (i) the market price of such Notes may be volatile;
- (ii) they may receive no interest;
- (iii) the relevant factor may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices;
- (iv) if the relevant factor is applied to the Notes in conjunction with a multiplier greater than one or contains any other leverage factor, the effect of changes in the relevant factor on interest payable is likely to be magnified; and
- (v) the timing of changes in the relevant factor may affect the actual yield to investors, even if the average level is consistent with their expectations.

Fixed Rate Notes

Investment in Fixed Rate Notes involves the risks that substantial changes in market interest rates adversely affect the value of the Fixed Rate Notes.

Variable rate Notes with a multiplier or other leverage factor

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features or other similar related features, their market values may be even more volatile than those for securities that do not include those features.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that the Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The Issuer's ability to convert the interest rate will affect the secondary market and the market value of the Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing.

If the Issuer converts from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on its Notes.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Reset Notes

Reset Notes will initially earn interest at the Initial Rate of Interest until (but excluding) the Reset Date (or, if there is more than one Reset Period, the first Reset Date). On the first Reset Date and on each subsequent Reset Date (if any) thereafter, the interest rate will be reset to the sum of the applicable Reset Reference Rate and the applicable Reset Margin (the "**Reset Rate**"), which could be less than the Initial Rate of Interest or the Reset Rate for prior Reset Periods, and could affect the market value of an investment in the Reset Notes.

Risk relating to the governing law of the Italian Law Notes

The Terms and Conditions of the Italian Law Notes are governed by Italian law and Condition 25 (*Governing Law and Jurisdiction*) of the Terms and Conditions of the Italian Law Notes provides that contractual and non-contractual obligations arising out or in connection with them are governed by, and shall be construed in accordance with, Italian Law, pursuant to EU and Italian private international law provisions as applicable from time to time. Article 59 of Law No. 218 of 31 May 1995 (the "**Italian Private International Law**") provides that other debt securities (*titoli di credito*) are governed by the law of the State in which the security was issued. The Temporary Global Notes or the Permanent Global Notes, whether issued in CGN

or NGN form, as the case may be, representing the Italian Law Notes are signed by the Issuer in the United Kingdom and are, thereafter, delivered to BNP Paribas Securities Services, Luxembourg Branch as initial Fiscal Agent and Paying Agent, being the entity in charge of, inter alia, completing, authenticating and delivering the Temporary Global Note and Permanent Global Notes and (if required) authenticating and delivering Definitive Notes.

The Issuer cannot foresee the effect of any potential misalignment between the laws applicable to the Terms and Conditions of the Italian Law Notes and the laws applicable to their transfer and circulation for any prospective investors in the Italian Law Notes and any disputes which may arise in relation to, inter alia, the transfer of ownership in the Italian Law Notes on the basis of the above-mentioned provisions of Italian Private International Law and the relevant applicable European legislation.

3. Risks Relating to Senior Notes and Senior Non-Preferred Notes

The qualification of the Senior Notes as MREL eligible liabilities is subject to uncertainty

Senior Notes are intended to be MREL eligible liabilities under the MREL Requirements. However, as the EU Banking Reform has only recently come into force, there may be uncertainty regarding the interpretation of the MREL Requirements, and the Issuer cannot provide any assurance that the Senior Notes will be or remain MREL eligible liabilities.

Because of the uncertainty surrounding any potential changes to the regulations giving effect to MREL, the Issuer cannot provide any assurance that the Senior Notes will ultimately be MREL eligible liabilities. If they are not MREL eligible liabilities (or if they initially are MREL eligible liabilities and subsequently become ineligible due to a change MREL Requirements), then an MREL Disqualification Event will occur, if so specified in the relevant Final Terms. Please refer to the risk factor "*Senior Notes and Senior Non-Preferred Notes could be subject to an MREL Disqualification Event redemption*", below.

Italian law applicable to the Senior Non-Preferred Notes was enacted

On 1 January 2018, the 2018 Budget Law came into force introducing certain amendments to the Legislative Decree No. 385 of 1 September 1993 (the "**Consolidated Banking Law**"), including the possibility for banks and companies belonging to banking groups to issue senior non-preferred securities (the so-called "*strumenti di debito chirografario di secondo livello*").

In particular, the 2018 Budget Law sets forth certain requirements for notes to qualify as senior non-preferred securities:

- (i) the original maturity period is at least equal to twelve months;
- (ii) are not derivative securities or linked to derivative securities, nor include any feature of such derivative securities;
- (iii) may be offered only to qualified investors (*investitori qualificati*), as referred to in article 100, letter a), of the Financial Services Act as implemented by article 34-ter, first paragraph, letter b) of Regulation No. 11971/1999 and article 26, paragraph 1(d) of CONSOB Regulation No. 16190 of 29 October 2007 (as amended by CONSOB Regulation No. 20307 of 15 February 2018);
- (iv) the prospectus and the agreements regulating the issuance of senior non-preferred securities expressly provide that payment of interests and reimbursement of principal

due in respect thereof are subject to the provisions set forth in of Article 91, section 1-*bis*, letter *c-bis* of the Consolidated Banking Law.

According to Legislative Decree no. 193 of 8 November 2021, which introduced certain amendments to the Consolidated Banking Law, in particular, introduced Article 12-*ter*, the minimum denomination of senior non-preferred securities issued by banking institutions is at least equal to Euro 150,00 (or such other minimum denomination provided by applicable law from time to time).

According to Article 91, section 1-*bis*, letter *c-bis* of the Consolidated Banking Law, in case an issuer of senior non-preferred securities is subject to compulsory liquidation (*liquidazione coatta amministrativa*), the relevant payment obligations in respect thereof will rank in right of payment (A) after unsubordinated creditors (including depositors), (B) at least *pari passu* with all other present and future unsubordinated and non-preferred obligations which do not rank or are not expressed by their terms to rank junior or senior to such senior non-preferred securities and (C) in priority to any present or future claims ranking junior to such senior non-preferred securities and the claims of the shareholders.

Furthermore, Article 12-*bis* of the Consolidated Banking Law also provides that:

- (A) the provisions set forth in Article 91, paragraph 1-*bis*, letter *c-bis* of the Consolidated Banking Law shall apply to such senior non-preferred securities only to the extent that the requirements described in paragraphs (i), (ii) and (v) above have been complied with; any contractual provision which does not comply with any of the above requirements is invalid but such invalidity does not imply the invalidity of the entire agreement;
- (B) the senior non-preferred securities, once issued, may not be amended in a manner that the requirements described in paragraphs (i), (ii) and (v) above are not complied with and that any different contractual provision is null and void; and
- (C) the Bank of Italy may enact further regulation providing for additional requirements in respect of the issuance and the characteristics of senior non-preferred securities.

Any prospective investor in the Senior Non-Preferred Notes should be aware that the provisions of Articles 12-*bis* and 91, section 1-*bis*, letter *c-bis* of the Consolidated Banking Law was recently enacted and that, as at the date of this Base Prospectus, no interpretation of the application of such provisions has been issued by any Italian court or governmental or regulatory authority and no regulation has been issued by the Bank of Italy in respect thereof. Consequently, it is possible that any regulation or official interpretation relating to the above will be issued in the future by the Bank of Italy or any different authority, the impact of which cannot be predicted by the Issuer as at the date of this Base Prospectus.

The Senior Non-Preferred Notes are senior non-preferred obligations and are junior to certain obligations

In order to be eligible to meet the requirements and conditions of Articles 12-*bis* and 91, section 1-*bis*, letter *c-bis* of the Consolidated Banking Law and any relevant implementing regulation which may be enacted for such purposes by any Relevant Authority and also qualify as eligible liabilities available to meet the MREL Requirements (as defined in the Conditions), Senior Non-Preferred Notes will rank junior to Senior Notes and any other unsecured and unsubordinated obligations of the Issuer which rank, or are expressed to rank by their terms,

senior to the Senior Non-Preferred Notes. As a result, the default risk on the Senior Non-Preferred Notes will be higher than the risk associated with preferred senior debt (such as Senior Notes) and other senior liabilities (such as wholesale deposits) of the Issuer.

The Issuer's obligations in respect of the Senior Non-Preferred Notes constitute direct, unconditional, unsubordinated, unsecured and non-preferred obligations of the Issuer and will rank at all times *pari passu* without any preference among themselves. In the event of a winding up, dissolution, liquidation or bankruptcy (including, inter alia, *Liquidazione Coatta Amministrativa*) of the Issuer, the payment obligations of the Issuer under each Series of Senior Non-Preferred Notes, and the relative Coupons as the case may be, will rank in right of payment (i) junior to Senior Notes and any other unsecured and unsubordinated obligations of the Issuer which rank, or are expressed to rank by their terms and/or by provision of law, senior to the Senior Non-Preferred Notes, and (ii) at least *pari passu* without any preferences among themselves, and with all other present or future unsubordinated and non-preferred obligations of the Issuer which do not rank or are not expressed by their terms to rank junior or senior to the relevant Senior Non-Preferred Notes and (iii) in priority to any subordinated instruments, to any present or future claims ranking junior to such Series of Senior Non-Preferred Notes and to the claims of shareholders of the Issuer, pursuant to Article 91, section 1-*bis*, letter c-*bis* of the Consolidated Banking Law, as amended from time to time, and any relevant implementing regulation which may be enacted for such purposes by any Relevant Authority.

Although Senior Non-Preferred Notes may pay a higher rate of interest than comparable Senior Notes which are not issued on a senior non-preferred basis, there is a greater risk that an investor in Senior Non-Preferred Notes will lose all or some of its investment should the Issuer become subject to compulsory liquidation (*liquidazione coatta amministrativa*). Thus, such holders of Senior Non-Preferred Notes face an increased performance risk compared to holders of Senior Preferred Notes.

If a judgement is rendered by any competent court declaring the judicial liquidation of the Issuer, or if the Issuer is liquidated for any other reason, the rights of payment of the holders of Senior Non-Preferred Notes will be subordinated to the payment in full of the senior preferred creditors of the Issuer and any other creditors that are senior to the Senior Non-Preferred Notes. In the event of incomplete payment of senior preferred creditors and other creditors ranking ahead of the claims of the holders of Senior Non-Preferred Notes, the obligations of the Issuer in connection with the principal of the Senior Non-Preferred Notes will be terminated. The Noteholders shall be responsible for taking all steps necessary for the orderly accomplishment of any collective proceedings or voluntary liquidation in relation to any claims they may have against the Issuer.

Senior Non-Preferred Notes are complex instruments that may not be suitable for certain investors

Senior Non-Preferred Notes are novel and complex financial instruments and may not be a suitable investment for certain investors. Each potential investor in the Senior Non-Preferred Notes should determine the suitability of such investment in light of its own circumstances and have sufficient financial resources and liquidity to bear the risks of an investment in the Senior Non-Preferred Notes, including the possibility that the entire principal amount of the Senior Non-Preferred Notes could be lost. A potential investor should not invest in the Senior Non-Preferred Notes unless it has the knowledge and expertise (either alone or with a financial advisor) to evaluate how the Senior Non-Preferred Notes will perform under changing conditions, the resulting effects on the market value of the Senior Non-Preferred Notes, and the impact of this investment on the potential investor's overall investment portfolio.

Senior Non-Preferred Notes are new types of instruments

Market participants, including credit rating agencies, are in the initial stages of evaluating the risks associated with senior non-preferred obligations. Accordingly, there is no trading history for securities with such ranking. The credit ratings assigned to senior non-preferred securities such as the Senior Non-Preferred Notes may change as the rating agencies refine their approaches, and the value of such securities may be particularly volatile as the market becomes more familiar with them. It is possible that, over time, the credit ratings and value of senior non-preferred securities such as the Senior Non-Preferred Notes will be lower than those expected by investors at the time of issuance of the Senior Non-Preferred Notes. If so, investors may incur losses in respect of their investments in the Senior Non-Preferred Notes.

Qualification of Senior Non-Preferred Notes as "strumenti di debito chirografario di secondo livello"

The intention of the Issuer is for Senior Non-Preferred Notes to qualify on issue as "*strumenti di debito chirografario di secondo livello*" as defined under, and for the purposes of, Articles 12-bis and 91, section 1-bis, letter c-bis of the Consolidated Banking Law and any relevant implementing regulation which may be enacted for such purposes by any Relevant Authority and also qualify as eligible liabilities available to meet the MREL Requirements (as defined in the Conditions). Current regulatory practice by the Bank of Italy (acting as lead regulator) does not require (or customarily provide) a confirmation prior to the issuance of the Senior Non-Preferred Notes that the Senior Non-Preferred Notes will comply with such provisions.

Although it is Issuer's expectation that the Senior Non-Preferred Notes qualify as "*strumenti di debito chirografario di secondo livello*" as defined under, and for the purposes of, Articles 12-bis and 91, section 1-bis, letter c-bis of the Consolidated Banking Law and any relevant implementing regulation which may be enacted for such purposes by any Relevant Authority and also qualify as eligible liabilities available to meet the MREL Requirements (as defined in the Conditions) there can be no representation that this is or will remain the case during the life of the Senior Non-Preferred Notes.

Senior Notes and Senior Non-Preferred Notes could be subject to an MREL Disqualification Event redemption

Senior Notes and Senior Non-Preferred Notes are intended to be eligible liabilities available to meet the MREL Requirements (as defined in the Conditions). However, the Issuer cannot provide any assurance that the Senior Notes or Senior Non-Preferred Notes will be or remain eligible for the purposes of the MREL Requirements. Any future changes to MREL may be more restrictive and may result in the Senior Notes or Senior Non-Preferred Notes that qualify as eligible liabilities for the purposes of the MREL Requirements upon issue, ceasing to so qualify following the issue date.

If Senior Notes or Senior Non-Preferred Notes are not eligible for the purposes of the MREL Requirements (or if they initially are compliant with the MREL Requirements and subsequently become ineligible due to a change in the relevant final regulations implementing the MREL Requirements), then an MREL Disqualification Event will occur.

In this respect, if at any time an MREL Disqualification Event occurs and is continuing in relation to any Series of Senior Notes or Senior Non-Preferred Notes, and the applicable Final Terms for the Senior Notes or Senior Non-Preferred Notes of such Series specify that Issuer Call due to an MREL Disqualification Event is applicable, the Issuer may redeem all, but not

part only, of the Notes of such Series at the price set out in the applicable Final Terms together (if appropriate) with interest accrued to (but excluding) the date of redemption. Senior Notes or Senior Non-Preferred Notes may only be redeemed by the Issuer subject to (to the extent that the Relevant Authority so requires at the time of the proposed redemption) the Issuer having given such notice to the Relevant Authority as the Relevant Authority may then require prior to such redemption and no objection thereto has been raised by the Relevant Authority or (if required) the Relevant Authority has provided its consent thereto and any other requirements of the Relevant Authority applicable (if any) to such redemption at the time have been complied with by the Issuer (including with respect to Article 12-*bis* and Article 91, section 1-*bis*, letter c-*bis* of the Consolidated Banking Law, and any relevant implementing regulation which may be enacted for such purposes by any Relevant Authority at the relevant time). An MREL Disqualification Event shall be deemed to have occurred if, by reason of a change in the MREL Requirements as implemented in Italian law and regulations and/or EU regulations, as the case may be, which was not reasonably foreseeable by the Issuer at the Issue Date of the Senior Notes or Senior Non-Preferred Notes, all or part of the aggregate outstanding nominal amount of such Series of Senior Notes or Senior Non-Preferred Notes are or will be excluded fully or partially from the eligible liabilities available to meet the MREL Requirements.

If the Senior Notes or the Senior Non-Preferred Notes are to be so redeemed, there can be no assurance that Noteholders will be able to reinvest the amounts received upon redemption at a rate that will provide the same rate of return as their investment in the Senior Notes or the Senior Non-Preferred Notes. In addition, the occurrence of an MREL Disqualification Event could result in a decrease in the market price of the Notes.

Early redemption and repurchase of the Senior Notes and Senior Non-Preferred Notes may be restricted

Any early redemption or repurchase of Senior Notes and Senior Non-Preferred Notes is subject to compliance by the Issuer with any conditions to such redemption or repurchase prescribed by the Applicable Banking Regulations at the relevant time, including any requirements applicable to such redemption or repurchase due to the qualification of such Senior Notes or Senior Non-Preferred Notes at such time as eligible liabilities available to meet the MREL Requirements.

In addition, under the EU Banking Reform, the early redemption or purchase of Senior Notes and Senior Non-Preferred Notes is subject to the prior approval of the Relevant Authority.

The EU Banking Reform states that the Relevant Authority would approve an early redemption of the Senior Notes and the Senior Non-Preferred Notes in accordance with Article 78a of the CRR in the event either of the following conditions is met:

- on or before such call, redemption, repayment or repurchase (as applicable), the Issuer replaces the Senior Notes and the Senior Non-Preferred Notes with Own Funds Instruments or Eligible Liabilities Instruments of equal or higher quality at terms that are sustainable for its income capacity; or
- the Issuer has demonstrated to the satisfaction of the Relevant Authority that its Own Funds and Eligible Liabilities would, following such call, redemption, repayment or repurchase, exceed the requirements for Own Funds and Eligible Liabilities laid down in the Applicable Banking Regulations by a margin that the Relevant Authority considers necessary; or

- the Issuer has demonstrated to the satisfaction of the Relevant Authority that the partial or full replacement of the Eligible Liabilities with Own Funds Instruments is necessary to ensure compliance with the Own Funds requirements laid down in the Applicable Banking Regulations for continuing authorization,

subject in any event to any different conditions or requirements as may be provided from time to time under the Applicable Banking Regulations.

The Relevant Authority shall consult with the Relevant Resolution Authority before granting that permission. See "*Evolving regulatory environment*" for information on the EU Banking Reform.

Senior Notes and Senior Non-Preferred Notes may be subject to substitution and modification without Noteholder consent

If (i) at any time an MREL Disqualification Event occurs and is continuing in relation to any Series of Senior Notes or Senior Non-Preferred Notes, and the applicable Final Terms for the Senior Notes or Senior Non-Preferred Notes of such Series specify that Issuer Call due to an MREL Disqualification Event is applicable, or (ii) in order to ensure the effectiveness and enforceability of Condition 26 (*Agreement and Acknowledgment with Respect to the Exercise of Bail-in Powers*), then the Issuer may, subject to giving any notice required to be given to, and receiving any consent required from, the Relevant Authority (without any requirement for the consent or approval of the holders of the Senior Notes or Senior Non-Preferred Notes of that Series), at any time (i) in the case of English Law Notes, either substitute all (but not some only) of such Senior Notes or Senior Non-Preferred Notes, or vary the terms of such Senior Notes or Senior Non-Preferred Notes so that they remain or, as appropriate, become, Qualifying Senior Notes or Qualifying Senior Non-Preferred Notes (as defined below), or (ii) in the case of Italian Law Notes, vary the terms of such Senior Notes or Senior Non-Preferred Notes so that they remain or, as appropriate, become, Qualifying Senior Notes or Qualifying Senior Non-Preferred Notes (as defined below), *provided that* such variation or substitution does not of itself give rise to any right of the Issuer to redeem the varied or substituted securities.

Qualifying Senior Notes or Qualifying Senior Non-Preferred Notes, as applicable, are securities issued by the Issuer that, other than in respect of the effectiveness and enforceability of Condition 26 (*Agreement and Acknowledgment with Respect to the Exercise of Bail-in Powers*), have terms not materially less favourable to the Noteholders (as reasonably determined by the Issuer) than the terms of the Senior Notes or the Senior Non-Preferred Notes, as applicable. However, no assurance can be given as to whether any of these changes will negatively affect any particular Noteholder. In addition, the tax and stamp duty consequences of holding such substituted or varied notes could be different for some categories of Noteholders from the tax and stamp duty consequences for them of holding the notes prior to such substitution or variation.

4. Risks related to Subordinated Notes

Ranking of Subordinated Notes

If the Issuer is declared insolvent and a winding up is initiated, it will be required to pay the holders of senior debt (including the holders of Senior Note and Senior Non-Preferred Notes) and meet its obligations to all its other creditors (including unsecured creditors) in full before it can make any payments on the Subordinated Notes. If this occurs, the Issuer may not have

enough assets remaining after these payments to pay amounts due under the Subordinated Notes. Furthermore, repayment of principal on the Subordinated Notes, whether at the Maturity Date or otherwise, is subject to the approval of the Relevant Authority in accordance with the Applicable Banking Regulations.

The Issuer's obligations under Subordinated Notes will be unsecured and subordinated and will rank junior in priority to the claims of unsubordinated, unsecured creditors (including depositors and any holder of Senior Notes and Senior Non-Preferred Notes) of the Issuer and any other subordinated obligations which rank or are expressed to rank senior to the Subordinated Notes. Although Subordinated Notes may pay a higher rate of interest than comparable notes which are not subordinated, there is a real risk that an investor in Subordinated Notes will lose all or some of its investment should the Issuer become insolvent.

Italian Legislative Decree No. 193 of 8 November 2021 implementing Directive 879/2019/EU ("**BRRD II**") in Italy and published on 30 November 2021 in the Gazzetta Ufficiale has transposed the Italian legislation Article 48(7) of BRRD II under Article 91, paragraph 1-*bis*, letter *c-ter*) of the Consolidated Banking Law. Such provisions state that (i) if an instrument is only partly recognised as an own funds item, the whole instrument shall be treated in insolvency as a claim resulting from an own funds item and shall rank lower than any claim that does not result from an own funds item and (ii) if an instrument is fully disqualified as own funds item, it would cease to be treated as a claim resulting from an own funds item in insolvency and, consequently, would improve their ranking with respect to any claim that results from an own funds item (such as the Subordinated Notes).

In light of this new provision, if certain Tier 2 Instruments of the Issuer were to be disqualified in full as own funds items in the future, their ranking would improve vis-à-vis the rest of the Tier 2 Instruments and, in the event of a liquidation or bankruptcy of the Issuer, the Issuer would, inter alia, be required to pay subordinated creditors of the Issuer, whose claims arise from liabilities that no longer fully or partially qualify as an own funds instrument, in full before it can make any payments on the Subordinated Notes.

In light of this new provision, if the Subordinated Notes were to be disqualified in full as own funds items in the future: (a) their ranking would improve vis-à-vis the rest of the Tier 2 instruments; and (b) in the event of a liquidation or bankruptcy of the Issuer, the Issuer would, inter alia, be required to pay the holders of the Notes and any other subordinated creditors of the Issuer, whose claims arise from liabilities that are no longer fully recognised as an own funds instrument, in full before it can make any payments on any other Tier 2 instruments which are still recognised (at least in part) as own funds instruments.

Regulatory classification of the Subordinated Notes

If any Subordinated Notes are issued under the Programme, the Issuer's intention is that they should qualify on issue as Tier 2 Capital, for so long as this is permitted under Bank of Italy regulations. Current regulatory practice by the Bank of Italy does not require (or customarily provide for) a confirmation prior to the issuance of Subordinated Notes that the Notes will be treated as such. There can be no assurance that any such Subordinated Notes will continue to qualify as Tier 2 Capital during the life of the Notes. If there is a change in the regulatory classification of the Subordinated Notes that would be likely to result in their exclusion, in whole or, to the extent permitted by the Applicable Banking Regulations, in part, from Tier 2 Capital of the Issuer, the Issuer will (if so specified in the applicable Final Terms) have the right to redeem the Notes in accordance with Condition 13(c) (*Redemption and Purchase - Redemption for regulatory reasons*), subject to the prior approval of the Relevant Authority.

There can be no assurance that holders of such Notes will be able to reinvest the amounts received upon redemption at a rate that will provide the same rate of return as their investments in the relevant Notes, as the case may be.

Subordinated Notes may be subject to loss absorption on any application of the general bail-in-tool or at the point of non-viability of the Issuer

Investors should be aware that, in addition to the general bail-in tool, the BRRD contemplates that Subordinated Notes may be subject to a write-down or conversion into common shares at the point of non-viability. The BRRD is intended to enable a range of actions to be taken in relation to credit institutions and investment firms considered to be at risk of failing. The implementation of the BRRD or the taking of any action under it could materially affect the value of any Subordinated Notes. Additionally, there may be material tax consequences for holders of Subordinated Notes as a result of such write-down or conversion, and holders should consult their own tax advisors regarding such potential consequences.

Early Redemption of the Subordinated Notes may be restricted

The rules under the CRR prescribe certain conditions for the granting of permission by the Relevant Authority to a request by the Issuer to redeem or repurchase the Subordinated Notes. In this respect, the CRR provides that the Relevant Authority shall grant permission to a redemption or repurchase of the Subordinated Notes in accordance with Article 78 of the CRR *provided that* either of the following conditions is met, as applicable to the Notes:

- (i) on or before such call, redemption, repayment or repurchase (as applicable), the Issuer replaces the Notes with Own Funds instruments of equal or higher quality at terms that are sustainable for its income capacity; or
- (ii) the Issuer has demonstrated to the satisfaction of the Relevant Authority that its Own Funds would, following such call, redemption, repayment or repurchase, exceed the capital requirements laid down in the Applicable Banking Regulations by a margin that the Relevant Authority considers necessary.

In addition, the rules under the CRR provide that the Relevant Authority may only permit the Issuer to redeem the Subordinated Notes before five years after the Issue Date of the Notes if and to the extent required under Article 78(4) of the CRR or the related implementing regulations, policies and guidelines:

- the conditions listed in paragraphs (i) or (ii) above are met; and
- in the case of redemption pursuant to Condition 13(b) (*Redemption for tax reasons*), the Issuer has demonstrated to the satisfaction of the Relevant Authority that the change in the applicable tax treatment of the Notes is material and was not reasonably foreseeable as of the Issue Date; or
- in case of redemption pursuant to Condition 13(c) (*Redemption for regulatory reasons*), the Issuer has demonstrated to the satisfaction of the Relevant Authority that the change in the regulatory classification of the Notes was not reasonably foreseeable as of the Issue Date; or
- on or before the relevant call, redemption, repayment or repurchase, the Issuer replaces the Notes with Own Funds instruments of equal or higher quality at terms that are

sustainable for its income capacity and the Relevant Authority has permitted that action on the basis of the determination that it would be beneficial from a prudential point of view and justified by exceptional circumstances; or

- the Subordinated Notes are repurchased for market making purposes,

subject, in any event, to any different conditions or requirements as may be provided from time to time under the Applicable Banking Regulations.

Subordinated Notes may be subject to substitution and modification without Noteholder consent

If (i) at any time a Regulatory Event or a Tax Event occurs and is continuing in relation to any Series of Subordinated Notes, and the applicable Final Terms for the Subordinated Notes of such Series specify that Modification or Substitution of Subordinated Notes for Regulatory Event/Tax Event is applicable, or (ii) in order to ensure the effectiveness and enforceability of Condition 26 (*Agreement and Acknowledgment with Respect to the Exercise of Bail-in Powers*), then the Issuer may, subject to giving any notice required to be given to, and receiving any consent required from, the Relevant Authority (without any requirement for the consent or approval of the holders of the Subordinated Notes of that Series), at any time (i) in the case of English Law Notes, either substitute all (but not some only) of such Subordinated Notes, or vary the terms of such Subordinated Notes so that they remain or, as appropriate, become, Qualifying Subordinated Notes (as defined below), or (ii) in the case of Italian Law Notes, vary the terms of such Subordinated Notes so that they remain or, as appropriate, become, Qualifying Subordinated Notes (as defined below), *provided that* such variation or substitution does not of itself give rise to any right of the Issuer to redeem the varied or substituted securities.

Qualifying Subordinated Notes are securities issued by the Issuer that, other than in respect of the effectiveness and enforceability of Condition 26 (*Agreement and Acknowledgment with Respect to the Exercise of Bail-in Powers*), have terms not materially less favourable to the Noteholders (as reasonably determined by the Issuer) than the terms of the Subordinated Notes, as applicable. However, no assurance can be given as to whether any of these changes will negatively affect any particular Noteholder. In addition, the tax and stamp duty consequences of holding such substituted or varied notes could be different for some categories of Noteholders from the tax and stamp duty consequences for them of holding the notes prior to such substitution or variation.

5. Risks related to Notes generally

Set out below is a brief description of certain risks relating to the Notes generally:

Resolution Powers and contractual recognition of the BRRD

Under the BRRD framework the Relevant Authorities have the power to apply "resolution" tools if the Issuer is failing or likely to fail, as an alternative to compulsory liquidation proceedings. Specifically, these tools are: (1) the sale of business assets or shares of the Issuer; (2) the establishment of a bridging institution; (3) the separation of the unimpaired assets of the Issuer from those which are deteriorated or impaired; and (4) a bail-in, through write-down/conversion into equity of regulatory capital instruments (including the Subordinated Notes) as well as other liabilities of the Issuer (including the Senior Notes and the Senior Non-

Preferred Notes) if the relevant conditions are satisfied and in accordance with the creditors' hierarchy provided under the relevant provisions of Italian law.

In particular, by its acquisition of a Note (whether on issuance or in the secondary market), each holder of the Notes acknowledges, accepts, agrees to be bound by and consents to the exercise of any resolution power by a Relevant Authority that may result in the cancellation of all, or a portion, of the principal amount of, or interest on, the Notes and/or the conversion of all, or a portion, of the principal amount of, or interest on, the Notes into equity or other securities or other obligations of the Issuer or another person, including by means of a variation to the terms of the Notes, to give effect to the exercise by a Relevant Authority of such resolution power. Each holder of the Notes acknowledges, accepts and agrees that its rights as a holder of the Notes are subject to, and will be varied, if necessary, so as to give effect to, the exercise of any such power by any Relevant Authority. The exercise of the resolution power by the Relevant Authority will not constitute an event of default under the Notes. See Condition 26 (*Agreement and Acknowledgment with Respect to the Exercise of Bail-in Powers*).

The exercise of any resolution power, which could result in the Notes being written down or converted into equity pursuant to such statutory measures, or any suggestion of such exercise could, therefore, materially adversely affect the rights of the Noteholders, the price or value of their investment in the Notes, the ability of the Issuer to satisfy its obligations under the Notes, and may have a negative impact on the market value of the Notes.

Notes have limited Events of Default and remedies

The Events of Default, being events upon which the Noteholders may declare the Notes to be immediately due and payable, are limited to circumstances in which the Issuer becomes subject to winding up, liquidation or dissolution or any event which under the laws of Italy has an analogous effect. Accordingly, other than following the occurrence of an Event of Default, even if the Issuer fails to meet any of its obligations under the Notes, including the payment of any interest, or in case of the exercise of the Bail-in Power by the Relevant Authority, the Noteholders will not have the right of acceleration of principal and the sole remedy available to Noteholders for recovery of amounts owing in respect of any of the Notes will be the institution of proceedings to enforce such payment. Notwithstanding the foregoing, the Issuer will not, by virtue of the institution of any such proceedings, be obliged to pay any sum or sums sooner than the same would otherwise have been payable by it.

Waiver of set-off

The holder of a Note will unconditionally and irrevocably waive any right of set-off, counterclaim, abatement or other similar remedy which it might otherwise have under the laws of any jurisdiction in respect of such Note.

Taxation

The tax regime in Italy and in any other relevant jurisdiction (including, without limitation, the jurisdiction in which each Noteholder is resident for tax purposes) may be relevant to the acquiring, holding and disposing of Notes and the receiving of payments of interest, principal and/or other income under the Notes. Prospective investors in the Notes should consult their own tax advisers as to which countries' tax laws could be relevant and the consequences of such actions under the tax laws of those countries.

Change of law

The conditions of the Notes are based on English law in effect as at the date of this Base Prospectus, other than subordination and certain other provisions relating to the Notes, which are based on Italian law. No assurance can be given as to the impact of any possible judicial decision or change to English law (or Italian law) or administrative practice after the date of this Base Prospectus.

Because the Global Notes are held by or on behalf of Euroclear and Clearstream, Luxembourg, investors will have to rely on their procedures for transfer, payment and communication with the Issuer

Notes issued under the Programme may be represented by one or more Global Notes. Such Global Notes will be deposited with a common depositary or common safekeeper for Euroclear and Clearstream, Luxembourg. Except in the circumstances described in the relevant Global Note, investors will not be entitled to receive definitive Notes. Euroclear and Clearstream, Luxembourg will maintain records of the beneficial interests in the Global Notes. While the Notes are represented by one or more Global Notes, investors will be able to trade their beneficial interests only through Euroclear and Clearstream, Luxembourg. While the Notes are represented by one or more Global Notes, the Issuer will discharge its payment obligations under the Notes by making payments to the common depositary or common safekeeper for Euroclear and Clearstream, Luxembourg for distribution to their account holders. A holder of a beneficial interest in a Global Note must rely on the procedures of Euroclear and Clearstream, Luxembourg to receive payments under the relevant Notes. The Issuer has no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in the Global Notes. Holders of beneficial interests in the Global Notes will not have a direct right to vote in respect of the relevant Notes. Instead, such holders will be permitted to act only to the extent that they are enabled by Euroclear and Clearstream, Luxembourg to appoint appropriate proxies.

Delisting of the Notes

Application has been made for Notes issued under the Programme to be listed on the official list and admitted to trading on the Regulated Market of the Luxembourg Stock Exchange and Notes issued under the Programme may also be admitted to trading, listing and/or quotation by any other listing authority, stock exchange or quotation system (each, a "**listing**"), as specified in the relevant Final Terms. Such Notes may subsequently be delisted despite the best efforts of the Issuer to maintain such listing and, although no assurance is made as to the liquidity of the Notes as a result of listing, any delisting of the Notes may have a material effect on a Noteholder's ability to resell the Notes on the secondary market.

Denominations and restrictions on exchange for Definitive Notes

Notes may in certain circumstances be issued in denominations including (i) a minimum denomination of EUR 100,000 (or EUR 150,000 in the case of Senior Non-Preferred Notes or EUR 200,000 in the case of Subordinated Notes or such other minimum denomination provided by applicable law from time to time) (or its equivalent in another currency) and (ii) an amount which is greater than EUR 100,000 (or EUR 150,000 in the case of Senior Non-Preferred Notes or EUR 200,000 in the case of Subordinated Notes or such other minimum denomination provided by applicable law from time to time) (or its equivalent) but which is an integral multiple of a smaller amount (such as EUR 1,000). Where this occurs, Notes may be traded in amounts in excess of EUR 100,000 (or EUR 150,000 in the case of Senior Non-Preferred Notes

or EUR 200,000 in the case of Subordinated Notes or such other minimum denomination provided by applicable law from time to time) (or its equivalent) that are not integral multiples of EUR 100,000 (or EUR 150,000 in the case of Senior Non-Preferred Notes or EUR 200,000 in the case of Subordinated Notes or such other minimum denomination provided by applicable law from time to time) (or its equivalent). In such a case, a holder who as a result of trading such amounts, holds a principal amount of less than the minimum denomination of EUR 100,000 (or EUR 150,000 in the case of Senior Non-Preferred Notes or EUR 200,000 in the case of Subordinated Notes or such other minimum denomination provided by applicable law from time to time) will not receive a Definitive Note in respect of such holding (should Definitive Notes be printed) and would need to purchase a principal amount of Notes such that it holds an amount equal to an integral multiple of EUR 100,000 (or EUR 150,000 in the case of Senior Non-Preferred Notes or EUR 200,000 in the case of Subordinated Notes or such other minimum denomination provided by applicable law from time to time).

6. Risks related to the market generally

Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

The secondary market generally

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes. In addition, Notes issued under the Programme might not be listed on a stock exchange or regulated market and, in these circumstances, pricing information may be more difficult to obtain and the liquidity and market prices of such Notes may be adversely affected. In an illiquid market, an investor might not be able to sell his Notes at any time at fair market prices. The possibility to sell the Notes might additionally be restricted by country specific reasons. In addition, liquidity may be limited if the Issuer makes large allocations to a limited number of investors.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (i) the Investor's Currency-equivalent yield on the Notes, (ii) the Investor's Currency-equivalent value of the principal payable on the Notes and (iii) the Investor's Currency equivalent market value of the Notes. Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Fixed Rate Notes.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit rating to the issue of Notes. The rating may not reflect the potential impact of all risks related to structure, market, additional factors discussed in this section, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not (1) issued by a credit rating agency established in the EEA and registered under the EU CRA Regulation or (2) provided by a credit rating agency not established in the EEA but is endorsed by a credit rating agency established in the EEA and registered under the EU CRA Regulation or (3) provided by a credit rating agency not established in the EEA which is certified under the EU CRA Regulation. Similarly, in general, UK regulated investors are restricted from using a rating for regulatory purposes if such rating is not (1) issued by a credit rating agency established in the UK and registered under the UK CRA Regulation or (2) provided by a credit rating agency not established in the UK but is endorsed by a credit rating agency established in the UK and registered under the UK CRA Regulation or (3) provided by a credit rating agency not established in the UK which is certified under the UK CRA Regulation.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) Notes are legal investments for it, (ii) Notes can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisors or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

FURTHER PROSPECTUSES AND SUPPLEMENTS

The Issuer will prepare a replacement prospectus setting out the changes in the operations and financial conditions of the Issuer at least every year after the date of this Base Prospectus and each subsequent prospectus.

The Issuer has given an undertaking to the Dealers that, if at any time during the duration of the Programme there is a significant new factor, material mistake or inaccuracy relating to the information contained in this Base Prospectus which is capable of affecting the assessment of the Notes, it shall prepare and publish a supplement to this Base Prospectus in accordance with Article 23 of the Prospectus Regulation or a replacement Base Prospectus for use in connection with any subsequent offering of the Notes and shall supply to each Dealer any number of copies of such supplement as a Dealer may reasonably request.

In addition, the Issuer may agree with any Dealer to issue Notes in a form not contemplated in the section of this Base Prospectus entitled "Form of Final Terms". To the extent that the information relating to that Tranche of Notes constitutes a significant new factor in relation to the information contained in this Base Prospectus, a separate prospectus specific to such Tranche (a "**Drawdown Prospectus**") will be made available and will contain such information. Each Drawdown Prospectus will be constituted either (1) by a single document containing the necessary information relating to the Issuer and the relevant Notes or (2) by a registration document containing the necessary information relating to the Issuer, a securities note containing the necessary information relating to the relevant Notes and, if necessary, a summary note. In the case of a Tranche of Notes which is the subject of a Drawdown Prospectus, references in this Base Prospectus to information specified or identified in the Final Terms shall (unless the context requires otherwise) be read and construed as information specified or identified in the relevant Drawdown Prospectus.

FORMS OF THE NOTES

Each Tranche of Notes will initially be in the form of either a temporary global note (a "**Temporary Global Note**"), without Coupons, or a permanent global note (a "**Permanent Global Note**"), without Coupons, in each case as specified in the relevant Final Terms. Each Temporary Global Note or, as the case may be, Permanent Global Note (each a "**Global Note**") which is not intended to be issued in a new global note form (a "**Classic Global Note**" or "**CGN**"), as specified in the relevant Final Terms, will be deposited on or around the issue date of the relevant Tranche of the Notes with a depository or a common depository for Euroclear Bank SA/NV ("**Euroclear**") and/or Clearstream Banking, *société anonyme*, Luxembourg ("**Clearstream, Luxembourg**") and/or any other relevant clearing system and each Global Note which is intended to be issued in new global note form (a "**New Global Note**" or "**NGN**"), as specified in the relevant Final Terms, will be deposited on or around the issue date of the relevant Tranche of the Notes with a common safekeeper for Euroclear and/or Clearstream, Luxembourg.

On 13 June 2006 the European Central Bank (the "**ECB**") announced that Notes in NGN form are in compliance with the "Standards for the use of EU securities settlement systems in ESCB credit operations" of the central banking system for the euro (the "**Eurosystem**"), *provided that* certain other criteria are fulfilled. At the same time the ECB also announced that arrangements for Notes in NGN form will be offered by Euroclear and Clearstream, Luxembourg as of 30 June 2006 and the debt securities in global bearer form issued through Euroclear and Clearstream, Luxembourg after 31 December 2006 will only be eligible as collateral for Eurosystem operations if the NGN form is used.

The relevant Final Terms will also specify whether United States Treasury Regulation §1.163-5(c)(2)(i)(C) (the "**TEFRA C Rules**") or United States Treasury Regulation §1.163-5(c)(2)(i)(D) (the "**TEFRA D Rules**") are applicable in relation to the Notes or, if the Notes do not have a maturity of more than 365 days, that neither the TEFRA C Rules nor the TEFRA D Rules are applicable.

Temporary Global Note exchangeable for Permanent Global Note

If the relevant Final Terms specifies the form of Notes as being "Temporary Global Note exchangeable for a Permanent Global Note", then the Notes will initially be in the form of a Temporary Global Note without Coupons (as defined herein), interests in which will be exchangeable, in whole or in part, for interests in a Permanent Global Note, without Coupons, not earlier than 40 days after the issue date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership. No payments will be made under the Temporary Global Note unless exchange for interests in the Permanent Global Note is improperly withheld or refused. In addition, interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever any interest in the Temporary Global Note is to be exchanged for an interest in a Permanent Global Note, the Issuer shall procure (in the case of first exchange) the prompt delivery (free of charge to the bearer) of such Permanent Global Note to the bearer of the Temporary Global Note or (in the case of any subsequent exchange) an increase in the principal amount of the Permanent Global Note in accordance with its terms against:

- (i) presentation and (in the case of final exchange) surrender of the Temporary Global Note to or to the order of the Fiscal Agent; and

- (ii) receipt by the Fiscal Agent of a certificate or certificates of non-U.S. beneficial ownership,

within seven days of the bearer requesting such exchange.

The principal amount of the Permanent Global Note shall be equal to the aggregate of the principal amounts specified in the certificates of non-U.S. beneficial ownership, *provided, however, that* in no circumstances shall the principal amount of the Permanent Global Note exceed the initial principal amount of the Temporary Global Note.

The Permanent Global Note will be exchangeable in whole, but not in part, for Notes in definitive form ("**Definitive Notes**"):

- (i) on the expiry of such period of notice as may be specified in the relevant Final Terms; or
- (ii) at any time, if so specified in the relevant Final Terms; or
- (iii) if the relevant Final Terms specifies "in the limited circumstances described in the Permanent Global Note", then if (a) Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business or (b) an Event of Default as defined in Condition 16 (*Events of Default*) occurs and the Notes become due and payable.

Whenever the Permanent Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Permanent Global Note to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note to or to the order of the Fiscal Agent within 45 days of the bearer requesting such exchange.

Where interests in the Permanent Global Note are to be exchanged for Definitive Notes in the circumstances described in (i) and (ii) above, Notes may only be issued in denominations which are integral multiples of the minimum denomination and may only be traded in such amounts, whether in global or definitive form. As an exception to the above rule, where the Permanent Global Note may only be exchanged in the limited circumstances described in (iii) above, Notes may be issued in denominations which represent the aggregate of (A) as in regards to Senior Notes (i) a minimum denomination of EUR 100,000, plus (ii) integral multiples of EUR 1,000, *provided that* such denominations are not less than EUR 100,000 nor more than EUR 199,000 (or, where the Notes are denominated in a currency other than euro, the equivalent amount in such other currency), (B) as in regards to Senior Non-Preferred Notes, (i) a minimum denomination of EUR 150,000, plus (ii) integral multiples of EUR 1,000, *provided that* such denominations are not less than EUR 150,000 nor more than EUR 299,000, (C) as in regards to Subordinated Notes, (i) a minimum denomination of EUR 200,000, plus (ii) integral multiples of EUR 1,000, *provided that* such denominations are not less than EUR 200,000 nor more than EUR 399,000. For the avoidance of doubt, each holder of Notes of such denominations will, upon exchange for Definitive Notes, receive Definitive Notes in an amount equal to its entitlement to the principal amount represented by the Permanent Global Notes. However, a Noteholder who holds a principal amount of less than the minimum denomination

may not receive a Definitive Note and would need to purchase a principal amount of Notes such that its holding is an integral multiple of the minimum denomination.

Temporary Global Note exchangeable for Definitive Notes

If the relevant Final Terms specifies the form of Notes as being "Temporary Global Note exchangeable for Definitive Notes" and also specifies that the TEFRA C Rules are applicable or that neither the TEFRA C Rules nor the TEFRA D Rules are applicable, then the Notes will initially be in the form of a Temporary Global Note, without Coupons, interests in which will be exchangeable, in whole but not in part, for Definitive Notes not earlier than 40 days after the issue date of the relevant Tranche of the Notes.

If the relevant Final Terms specifies the form of Notes as being "Temporary Global Note exchangeable for Definitive Notes" and also specifies that the TEFRA D Rules are applicable, then the Notes will initially be in the form of a Temporary Global Note, without Coupons, interests in which will be exchangeable, in whole or in part, for Definitive Notes not earlier than 40 days after the issue date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership. Interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever the Temporary Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons (as defined herein) attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Temporary Global Note to the bearer of the Temporary Global Note against the surrender of the Temporary Global Note to or to the order of the Fiscal Agent within 45 days of the bearer requesting such exchange.

Where the Temporary Global Note is to be exchanged for Definitive Notes, Notes may only be issued in denominations which are integral multiples of the minimum denomination and may only be traded in such amounts whether in global or definitive form.

Permanent Global Note exchangeable for Definitive Notes

If the relevant Final Terms specifies the form of Notes as being "Permanent Global Note exchangeable for Definitive Notes", then the Notes will initially be in the form of a Permanent Global Note, without Coupons, interests in which will be exchangeable in whole, but not in part, for Definitive Notes:

- (i) on the expiry of such period of notice as may be specified in the relevant Final Terms; or
- (ii) at any time, if so specified in the relevant Final Terms; or
- (iii) if the relevant Final Terms specifies "in the limited circumstances described in the Permanent Global Note", then if (a) Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business or (b) an Event of Default as defined in Condition 16 (*Events of Default*) occurs and the Notes become due and payable.

Where interests in the Permanent Global Note are to be exchanged for Definitive Notes in the circumstances described in (i) and (ii) above, Notes may only be issued in denominations which

are integral multiples of the minimum denomination and may only be traded in such amounts, whether in global or definitive form. As an exception to the above rule, where the Permanent Global Note may only be exchanged in the limited circumstances described in (iii) above, Notes may be issued in denominations which represent the aggregate of (A) as in regards to Senior Notes (i) a minimum denomination of EUR 100,000, plus (ii) integral multiples of EUR 1,000, *provided that* such denominations are not less than EUR 100,000 nor more than EUR 199,000 (or, where the Notes are denominated in a currency other than euro, the equivalent amount in such other currency), (B) as in regards to Senior Non-Preferred Notes, (i) a minimum denomination of EUR 150,000, plus (ii) integral multiples of EUR 1,000, *provided that* such denominations are not less than EUR 150,000 nor more than EUR 299,000, (C) as in regards to Subordinated Notes, (i) a minimum denomination of EUR 200,000, plus (ii) integral multiples of EUR 1,000, *provided that* such denominations are not less than EUR 200,000 nor more than EUR 399,000. For the avoidance of doubt, each holder of Notes of such denominations will, upon exchange for Definitive Notes, receive Definitive Notes in an amount equal to its entitlement to the principal amount represented by the Permanent Global Notes. However, a Noteholder who holds a principal amount of less than the minimum denomination may not receive a Definitive Note and would need to purchase a principal amount of Notes such that its holding is an integral multiple of the minimum denomination.

Whenever the Permanent Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Permanent Global Note to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note to or to the order of the Fiscal Agent within 45 days of the bearer requesting such exchange. Where the Notes are listed on the Luxembourg Stock Exchange and its rules so require, the Issuer will give notice of the exchange of the Permanent Global Note for Definitive Notes pursuant to Condition 22 (*Notices*).

- (d) *Reset Rate Screen Page:* If the Reset Rate Screen Page is not available, the Calculation Agent shall request each of the Reference Banks to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reset Reference Rate at approximately the Reset Rate Time on the Reset Determination Date in question if two or more of the Reference Banks provide the Calculation Agent with offered quotations, the Reset Rate for the relevant Reset Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations plus or minus (as appropriate) the applicable Reset Margin (if any), all as determined by the Calculation Agent. If on any Reset Determination Date only one or none of the Reference Banks provides the Calculation Agent with an offered quotation as provided in the foregoing provisions of this Condition 8, the Reset Rate shall be determined as at the last preceding Reset Determination Date or, in the case of the first Reset Determination Date, the Reset Rate shall be the Initial Rate of Interest.
- (e) *Calculation of Interest Amount:* The Calculation Agent will calculate the Interest Amount payable on the Reset Notes for each relevant period (in the case of Interest Periods falling after the Reset Date, as soon as practicable after the time at which the Reset Reference Rate is to be determined in relation to such Reset Interest Period) by applying the Initial Rate of Interest or the applicable Reset Rate (as the case may be) to the Calculation Amount and multiplying the product by the relevant Day Count Fraction and rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards). For this purpose a "**sub-unit**" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent. Where the Specified Denomination of a Note comprises more than one Calculation Amount, the Interest Amount payable in respect of such Note shall be aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.
- (f) *Publication:* The Calculation Agent will cause each Reset Rate and each Interest Amount determined by it for each Reset Period, together with the relevant Interest Payment Date, and any other amount(s) required to be determined by it together with any relevant payment date(s) to be notified to the Issuer, Paying Agents and each competent authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation as soon as practicable after such determination. Notice thereof shall also promptly be given to the Noteholders. The Calculation Agent will be entitled to recalculate any Interest Amount

(on the basis of the foregoing provisions) in the event of an extension or shortening of the relevant Interest Period. If the Calculation Amount is less than the minimum Specified Denomination the Calculation Agent shall not be obliged to publish each Interest Amount but instead may publish only the Calculation Amount and the Interest Amount in respect of a Note having the minimum Specified Denomination.

- (g) *Notifications, etc.:* All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 8 by the Calculation Agent will (in the absence of manifest error) be binding on the Issuer, the Paying Agents, the Noteholders and the Couponholders and (subject as aforesaid) no liability to any such Person will attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.

9. **Floating Rate and CMS Linked Interest Note Provisions**

- (a) *Application:* This Condition 9 (*Floating Rate and CMS Linked Interest Note Provisions*) is applicable to the Notes only if (a) the Floating Rate Note Provisions or CMS Linked Interest Note Provisions are specified in the relevant Final Terms as being applicable or (b) if a Change of Interest Basis is specified in the relevant Final Terms as being applicable, in respect of those periods for which the Floating Rate Note Provisions or the CMS Linked Interest Note Provisions are stated to apply.
- (b) *Accrual of interest:* The Notes bear interest from (and including) the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date, subject as provided in Condition 14 (*Payments*). Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition (both before and after judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).
- (c) *Screen Rate Determination for Floating Rate Notes other than CMS Linked Interest Notes:* If Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined and "CMS Rate" is not specified as the Reference Rate in the Final Terms, the Rate of Interest applicable to the Notes for each Interest Period will be determined by the Calculation Agent on the following basis:
 - (i) if the Reference Rate is a composite quotation or customarily supplied by one entity, the Calculation Agent will determine the Reference Rate which appears on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
 - (ii) in any other case, the Calculation Agent will determine the arithmetic mean of the Reference Rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;

- (iii) if, in the case of (i) above, such rate does not appear on that page or, in the case of (ii) above, fewer than two such rates appear on that page or if, in either case, the Relevant Screen Page is unavailable, the Calculation Agent will:
 - (A) request the principal Relevant Financial Centre office of each of the Reference Banks to provide a quotation of the Reference Rate at approximately the Relevant Time on the Interest Determination Date to prime banks in the Relevant Financial Centre interbank market in an amount that is representative for a single transaction in that market at that time; and
 - (B) determine the arithmetic mean of such quotations; and
- (iv) if fewer than two such quotations are provided as requested, the Calculation Agent will determine the arithmetic mean of the rates (being the nearest to the Reference Rate, as determined by the Calculation Agent) quoted by major banks in the Principal Financial Centre of the Specified Currency, selected by the Calculation Agent, at approximately 11.00 a.m. (local time in the Principal Financial Centre of the Specified Currency) on the first day of the relevant Interest Period for loans in the Specified Currency to leading European banks for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time,

and the Rate of Interest for such Interest Period shall be the sum of the Margin and the rate or (as the case may be) the arithmetic mean so determined; *provided, however, that* if the Calculation Agent is unable to determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions in relation to any Interest Period, the Rate of Interest applicable to the Notes during such Interest Period will be the sum of the Margin and the rate or (as the case may be) the arithmetic mean last determined in relation to the Notes in respect of a preceding Interest Period.

- (d) *Screen Rate Determination for Floating Rate Notes which are CMS Linked Interest Notes:* If Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined and "CMS Rate" is specified as the Reference Rate in the Final Terms, the Rate of Interest applicable to the Notes for each Interest Period will be determined by the Calculation Agent by reference to the following formula:

CMS Rate plus Margin

If the Relevant Screen Page is not available, the Calculation Agent shall request each of the CMS Reference Banks to provide the Calculation Agent with its quotation for the Relevant Swap Rate at approximately 11.00 a.m. (local time in the Principal Financial Centre of the Specified Currency) on the Interest Determination Date in question. If at least three of the CMS Reference Banks provide the Calculation Agent with such quotation, the CMS Rate for such Interest Period shall be the arithmetic mean of such quotations, eliminating the highest quotation (or, in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest).

If on any Interest Determination Date less than three or none of the CMS Reference Banks provides the Calculation Agent with such quotations as provided in the preceding paragraph, the CMS Rate shall be determined by the Calculation Agent in good faith

on such commercial basis as considered appropriate by the Calculation Agent in its absolute discretion, in accordance with standard market practice.

- (e) *ISDA Determination*: If ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be the sum of the Margin and the relevant ISDA Rate where "ISDA Rate" in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:
- (i) if the Final Terms specify either "2006 ISDA Definitions" or "2021 ISDA Definitions" as the applicable ISDA Definitions:
 - (A) the Floating Rate Option (as defined in the ISDA Definitions) is as specified in the relevant Final Terms;
 - (B) the Designated Maturity (as defined in the ISDA Definitions) is a period specified in the relevant Final Terms; and
 - (C) the relevant Reset Date (as defined in the ISDA Definitions), unless otherwise specified in the relevant Final Terms, has the meaning given to it in the ISDA Definitions.
 - (ii) references in the ISDA Definitions to:
 - (A) "**Confirmation**" shall be references to the relevant Final Terms;
 - (B) "**Calculation Period**" shall be references to the relevant Interest Period;
 - (C) "**Termination Date**" shall be references to the Maturity Date;
 - (D) "**Effective Date**" shall be references to the Interest Commencement Date; and
 - (iii) if the Final Terms specify "2021 ISDA Definitions" as being applicable:
 - (A) "**Benchmark Event**" shall be disapplied; and
 - (B) if the Temporary Non-Publication Fallback in respect of any specified Floating Rate Option is specified to be "Temporary Non-Publication Fallback – Alternative Rate" in the Floating Rate Matrix of the 2021 ISDA Definitions the reference to "Calculation Agent Alternative Rate Determination" in the definition of "Temporary Non-Publication Fallback – Alternative Rate" shall be replaced by "Temporary Non-Publication Fallback – Previous Day's Rate".
- (f) *Maximum or Minimum Rate of Interest*: If any Maximum Rate of Interest or Minimum Rate of Interest is specified in the relevant Final Terms, then the Rate of Interest shall in no event be greater than the maximum or be less than the minimum so specified.

- (g) *Calculation of Interest Amount:* The Calculation Agent will, as soon as practicable after the time at which the Rate of Interest is to be determined in relation to each Interest Period, calculate the Interest Amount payable in respect of each Note for such Interest Period. The Interest Amount will be calculated by applying the Rate of Interest for such Interest Period to the Calculation Amount during such Interest Period and multiplying the product by the relevant Day Count Fraction and rounding the resulting figure to the nearest sub-unit of the Specified currency (half a sub-unit being rounded upwards). For this purpose a "**sub-unit**" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent. Where the Specified Denomination of a Floating Rate Note or CMS Linked Interest Note comprises more than one Calculation Amount, the Interest Amount payable in respect of such Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.
- (h) *Publication:* The Calculation Agent will cause each Rate of Interest and Interest Amount determined by it, together with the relevant Interest Payment Date, and any other amount(s) required to be determined by it together with any relevant payment date(s) to be notified to the Issuer, the Paying Agents and each competent authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation as soon as practicable after such determination but (in the case of each Rate of Interest, Interest Amount and Interest Payment Date) in any event not later than the first day of the relevant Interest Period. Notice thereof shall also promptly be given to the Noteholders. The Calculation Agent will be entitled to recalculate any Interest Amount (on the basis of the foregoing provisions) in the event of an extension or shortening of the relevant Interest Period. If the Calculation Amount is less than the minimum Specified Denomination the Calculation Agent shall not be obliged to publish each Interest Amount but instead may publish only the Calculation Amount and the Interest Amount in respect of a Note having the minimum Specified Denomination.
- (i) *Notifications, etc.:* All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 9 by the Calculation Agent will (in the absence of manifest error) be binding on the Issuer, the Paying Agents, the Noteholders and the Couponholders and (subject as aforesaid) no liability to any such Person will attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.

10. **Benchmark Replacement (Independent Adviser)**

Notwithstanding the provisions in Condition 9 (*Floating Rate and CMS Linked Interest Note Provisions*) and Condition 8 (*Reset Rate Note Provisions*), if a Benchmark Event occurs in relation to the Reference Rate when the Rate of Interest (or any component part thereof) for any Interest Period remains to be determined by reference to such Reference Rate, then the Issuer shall use its reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine a Successor Rate, failing which an Alternative Rate (in accordance with Condition 10(a)) and, in either

case, an Adjustment Spread, if any (in accordance with Condition 10(b)) and any Benchmark Amendments (in accordance with Condition 10(c)).

In the absence of bad faith or fraud, the Independent Adviser shall have no liability whatsoever to the Issuer, the Fiscal Agent or the Noteholders for any determination made by it pursuant to this Condition 10 and the Fiscal Agent will not be liable for any loss, liability, cost, charge or expense which may arise as a result thereof

- (a) If the Independent Adviser determines in its discretion that:
- (i) there is a Successor Rate, then such Successor Rate shall (subject to adjustment as provided in Condition 10(a)) subsequently be used in place of the Reference Rate to determine the Rate of Interest (or the relevant component part(s) thereof) for the relevant Interest Period and all following Interest Periods, subject to the subsequent operation of this Condition 10 in the event of a further Benchmark Event affecting the Successor Rate; or
 - (ii) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate shall (subject to adjustment as provided in Condition 10(a)) subsequently be used in place of the Reference Rate to determine the Rate of Interest (or the relevant component part(s) thereof) for the relevant Interest Period and all following Interest Periods, subject to the subsequent operation of this Condition 10 in the event of a further Benchmark Event affecting the Alternative Rate
- (b) If the Independent Adviser determines (A) that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) and (B) the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall apply to the Successor Rate or the Alternative Rate (as the case may be).
- (c) If any Successor Rate, Alternative Rate or Adjustment Spread is determined in accordance with this Condition 10 and the Independent Adviser determines (i) that amendments to these Conditions are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread (such amendments, the "**Benchmark Amendments**") and (ii) the terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 10(d), without any requirement for the consent or approval of relevant Noteholders, vary these Conditions to give effect to such Benchmark Amendments with effect from the date specified in such notice (and for the avoidance of doubt, the Fiscal Agent shall, at the direction and expense of the Issuer, consent to and effect such consequential amendments to the Agency Agreement and these Conditions as the Fiscal Agent may be required in order to give effect to this Condition 10).
- (d) If (A) the Issuer is unable to appoint an Independent Adviser or (B) the Independent Adviser appointed by it fails to determine a Successor Rate or, failing which, an Alternative Rate, in accordance with this Condition 10, prior to the relevant Interest Determination Date or (C) in case the provisions relating to the occurrence of a Regulatory Event in case of a Benchmark Event are specified as applicable in the relevant Final Terms or the provisions relating to the occurrence of an MREL Disqualification Event in case of a Benchmark Event are specified as applicable in the relevant Final Terms (as applicable), the provisions under this Condition 10 would

cause the occurrence of a Regulatory Event or an MREL Disqualification Event (as applicable), or (D) in the case of Senior Notes or Senior Non-Preferred Notes only, the provisions under this Condition 10 would result in the Relevant Authority treating an Interest Payment Date as the effective maturity date of the Notes, rather than the relevant Maturity Date, then the Reference Rate applicable to the relevant Interest Period shall be the Reference Rate applicable as at the last preceding Interest Determination Date. If there has not been a first Interest Payment Date, the Reference Rate shall be the Reference Rate applicable to the first Interest Period. For the avoidance of doubt, any adjustment pursuant to this Condition 10(d) shall apply to the relevant Interest Period only. Any subsequent Interest Period may be subject to the subsequent operation of this Condition 10 (*Benchmark Replacement (Independent Adviser)*).

- (e) Any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any Benchmark Amendments, determined under this Condition 10 will be notified promptly by the Issuer to the Fiscal Agent, the Calculation Agent, the Paying Agents and, in accordance with Condition 22 (*Notices*), the Noteholders. Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.
- (f) The Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) specified in such certificate will (in the absence of manifest error or bad faith in the determination of such Successor Rate or Alternative Rate and such Adjustment Spread (if any) and such Benchmark Amendments (if any)) be binding on the Issuer, Fiscal Agent, the Calculation Agent, the Paying Agent and the Noteholders.
- (g) As used in this Condition 10:

"**Adjustment Spread**" means either a spread (which may be positive or negative), or the formula or methodology for calculating a spread, in either case, which the Independent Adviser determines is required to be applied to the relevant Successor Rate or the relevant Alternative Rate (as the case may be) and is the spread, formula or methodology which:

- (i) in the case of a Successor Rate, is formally recommended, or formally provided as an option for parties to adopt, in relation to the replacement of the Reference Rate with the Successor Rate by any Relevant Nominating Body; or
- (ii) (if no such recommendation has been made, or in the case of an Alternative Rate), the Independent Adviser, determines is customarily applied to the relevant Successor Rate or Alternative Rate (as the case may be) in international debt capital markets transactions to produce an industry-accepted replacement rate for the Reference Rate; or
- (iii) (if no such determination has been made) the Independent Adviser determines, is recognised or acknowledged as being the industry standard for over-the-counter derivative transactions which reference the Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate (as the case may be); or
- (iv) (if the Independent Adviser determines that no such industry standard is recognised or acknowledged) the Independent Adviser determines to be

appropriate to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Noteholders as a result of the replacement of the Reference Rate with the Successor Rate or the Alternative Rate (as the case may be);

"Alternative Rate" means an alternative benchmark or screen rate which the Independent Adviser determines in accordance with this Condition 10 is customary in market usage in the international debt capital markets for the purposes of determining floating rates of interest (or the relevant component part thereof) for a commensurate period and in the Specified Currency;

"Benchmark Amendments" has the meaning given to it in Condition 10(c);

"Benchmark Event" means:

- (i) the relevant Reference Rate has ceased to be published on the Relevant Screen Page as a result of such benchmark ceasing to be calculated or administered; or
- (ii) a public statement by the administrator of the relevant Reference Rate that (in circumstances where no successor administrator has been or will be appointed that will continue publication of such Reference Rate) it has ceased publishing such Reference Rate permanently or indefinitely or that it will cease to do so by a specified future date (the **"Specified Future Date"**); or
- (iii) a public statement by the supervisor of the administrator of the relevant Reference Rate that means that such Reference Rate will, by a specified future date (the **"Specified Future Date"**), be prohibited from being used or that its use will be subject to restrictions or adverse consequences, either generally or in respect of the Notes; or
- (iv) it has or will, by a specified date within the following six months, become unlawful for the Calculation Agent to calculate any payments due to be made to any Noteholder using the relevant Reference Rate (as applicable) (including, without limitation, under the EU Benchmarks Regulation, if applicable).

Notwithstanding the sub-paragraphs above, where the relevant Benchmark Event is a public statement within sub-paragraphs (ii) or (iii) above and the Specified Future Date in the public statement is more than six months after the date of that public statement, the Benchmark Event shall not be deemed to occur until the date falling six months prior to such Specified Future Date.

"Independent Adviser" means an independent financial institution of international repute or other independent financial adviser experienced in the international capital markets, in each case appointed by the Issuer at its own expense;

"Relevant Nominating Body" means, in respect of a benchmark or screen rate (as applicable):

- (i) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable); or

- (ii) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (a) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, (b) any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable), (c) a group of the aforementioned central banks or other supervisory authorities or (d) the Financial Stability Board or any part thereof; and

"**Successor Rate**" means a successor to or replacement of the Reference Rate which is formally recommended by any Relevant Nominating Body.

11. **Change of Interest Basis**

If Change of Interest Basis is specified as applicable in the applicable Final Terms, the interest payable in respect of the Notes will be calculated in accordance with Condition 7 (*Fixed Rate Note Provisions*) or Condition 9 (*Floating Rate and CMS Linked Interest Note Provisions*), each applicable only for the relevant periods specified in the applicable Final Terms.

If Change of Interest Basis is specified as applicable in the applicable Final Terms, and Issuer's Switch Option is also specified as applicable in the applicable Final Terms, the Issuer may, on one or more occasions, as specified in the applicable Final Terms, at its option (any such option, a "**Switch Option**"), having given notice to the Noteholders in accordance with Condition 22 (*Notices*) on or prior to the relevant Switch Option Expiry Date, change the Interest Basis of the Notes from Fixed Rate to Floating Rate or Floating Rate to Fixed Rate or as otherwise specified in the applicable Final Terms with effect from (and including) the Switch Option Effective Date specified in the applicable Final Terms (including different Fixed Rates or Floating Rates in respect of Fixed Rate Notes or Floating Rate Notes respectively) to (but excluding) the Maturity Date (or, where more than one Switch Option Effective Date is specified in the applicable Final Terms, up to and excluding the next following Switch Option Effective Date), **provided that** (A) the Switch Option may be exercised only in respect of all the outstanding Notes, (B) upon exercise of a Switch Option, the Interest Basis change will be effective from (and including) the relevant Switch Option Effective Date until the Maturity Date (or, where more than one Switch Option Effective Date is specified as applicable in the applicable Final Terms, up to and excluding the next following Switch Option Effective Date to the extent the related Switch Option is exercised), and (C) where a Switch Option has not been exercised prior to the relevant Switch Option Expiry Date, the Issuer shall no longer be entitled to exercise such Switch Option and the Interest Basis shall not change.

"**Switch Option Expiry Date**" and "**Switch Option Effective Date**" shall mean any date specified as such in the applicable Final Terms provided that any date specified in the applicable Final Terms as a Switch Option Effective Date shall be deemed as such subject to the exercise of the relevant Switch Option having been notified by the Issuer pursuant to this Condition and in accordance with Condition 22 (*Notices*) prior to the relevant Switch Option Expiry Date.

12. Zero Coupon Note Provisions

- (a) *Application:* This Condition 12 (*Zero Coupon Note Provisions*) is applicable to the Notes only if the Zero Coupon Note Provisions are specified in the relevant Final Terms as being applicable.
- (b) *Late payment on Zero Coupon Notes:* If the Redemption Amount payable in respect of any Zero Coupon Note is improperly withheld or refused, the Redemption Amount shall thereafter be an amount equal to the sum of:
 - (i) the Reference Price; and
 - (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price on the basis of the relevant Day Count Fraction from (and including) the Issue Date to (but excluding) whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).

13. Redemption and Purchase

- (a) *Scheduled redemption:* Unless previously redeemed, or purchased and cancelled, the Notes will be redeemed at their Final Redemption Amount on the Maturity Date, subject as provided in Condition 13(f) (*Redemption of Subordinated Notes*), Condition 13(h) (*Redemption of Senior Notes and Senior Non-Preferred Notes*) and 14 (*Payments*).
- (b) *Redemption for tax reasons:* The Notes may be redeemed at the option of the Issuer (subject, in the case of Subordinated Notes, to Condition 13(f) (*Redemption of Subordinated Notes*) and, in the case of Senior Notes and Senior Non-Preferred Notes, to Condition 13(h) (*Redemption of Senior Notes and Senior Non-Preferred Notes*)) in whole, but not in part:
 - (i) at any time (if neither the Floating Rate Note Provisions nor CMS Linked Interest Note Provisions are specified in the relevant Final Terms as being applicable); or
 - (ii) on any Interest Payment Date (if the Floating Rate Note Provisions or CMS Linked Interest Note Provisions are specified in the relevant Final Terms as being applicable),

in each case, on giving not less than 30 nor more than 60 days' notice to the Noteholders (which notice shall be irrevocable), at their Early Redemption Amount (Tax), together with interest accrued (if any) to the date fixed for redemption, if:

- (A) (1) the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 15 (*Taxation*) or (2) for Subordinated Notes only, deductibility of interest payable by the Issuer in respect of the Subordinated Notes is materially reduced for Italian income tax purposes, in each case, as a result of any change in, or

amendment or clarification to, the laws, regulations or other rules of the Republic of Italy or of any political subdivision or any authority thereof or therein having power to tax, or as a result of any change in, or amendment or clarification to, the application or official interpretation (or application or interpretation made for the first time) of such laws, regulations or other rules (including the publication or pronouncement of any decision or interpretation by any court or authority of competent jurisdiction, providing for a position with respect to such laws, regulations or other rules that differs from the previously generally accepted position or otherwise differs from prior written confirmation given by a competent authority in respect of tax treatment of the Notes), which change, amendment or clarification becomes effective on or after the date of issue of the first Tranche of the Notes;

- (B) such obligation cannot be avoided by the Issuer taking reasonable measures available to it, and
- (C) in the case of Subordinated Notes only if the circumstances under points (A) and (B) above have occurred before five years from the issue of the relevant Subordinated Notes, the Issuer has demonstrated to the satisfaction of the Relevant Authority that such change is material and was not reasonably foreseeable at the Issue Date (a "**Tax Event**"),

provided, however, that no such notice of redemption shall be given earlier than:

- (1) where the Notes may be redeemed at any time, 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts if a payment in respect of the Notes were then due; or
- (2) where the Notes may be redeemed only on an Interest Payment Date, 60 days prior to the Interest Payment Date occurring immediately before the earliest date on which the Issuer would be obliged to pay such additional amounts if a payment in respect of the Notes were then due.

Prior to the publication of any notice of redemption pursuant to this paragraph, the Issuer shall deliver to the Fiscal Agent (A) a certificate signed by a legal representative of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred and (B) an opinion of independent legal advisers of recognised standing to the effect that the Issuer has or will become obliged to pay such additional amounts or will be unable to deduct as a result of such change or amendment. Upon the expiry of any such notice as is referred to in this Condition 13(b), the Issuer shall – subject to Condition 13(f) (*Redemption of Subordinated Notes*) and to Condition 13(h) (*Redemption of Senior Notes and Senior Non-Preferred Notes*) - be bound to redeem the Notes in accordance with this Condition 13(b).

(c) *Redemption for regulatory reasons:*

- (i) *Application:* This Condition 13(c) (*Redemption for regulatory reasons*) applies only to Notes specified in the applicable Final Terms as being Subordinated Notes.
- (ii) *Redemption:* If, at any time the Issuer determines that a Regulatory Event has occurred, the Subordinated Notes may be redeemed at the option of the Issuer (subject to Condition 13(f) (*Redemption of Subordinated Notes*) below), in whole, but not in part, at any time (if this Note is neither a Floating Rate Note nor a CMS Linked Interest Note) or on any Interest Payment Date (if the Note is either a Floating Rate Note or a CMS Linked Interest Note), on giving not less than 15 nor more than 30 days' notice to the Fiscal Agent and, in accordance with Condition 22 (*Notices*) to the Noteholders.

Prior to the publication of any notice of redemption pursuant to this Condition 13(c), the Issuer shall deliver or procure that there is delivered to the Fiscal Agent a certificate signed by two authorised signatories of the Issuer stating that the said circumstances prevail and describe the facts leading thereto, in which event it shall be conclusive and binding on the Noteholders and the Couponholders.

Upon the expiry of any such notice as is referred to in this Condition 13(c), the Issuer shall – subject to Condition 13(f) (*Redemption of Subordinated Notes*) - be bound to redeem the Notes in accordance with this Condition 13(c), at the Early Redemption Amount (Regulatory Event) described in the relevant Final Terms, together (if appropriate) with interest accrued to (but excluding) the date of redemption.

- (d) *Redemption at the option of the Issuer:* If the Call Option is specified in the relevant Final Terms as being applicable, the Notes may, subject to Condition 13(f) (*Redemption of Subordinated Notes*) and Condition 13(h) (*Redemption of Senior Notes and Senior Non-Preferred Notes*), be redeemed at the option of the Issuer in whole or, if so specified in the relevant Final Terms, in part, on any Optional Redemption Date (Call) at the relevant Optional Redemption Amount (Call) on the Issuer's giving not less than 30 nor more than 60 days' notice to the Noteholders (which notice shall – subject to Condition 13(f) (*Redemption of Subordinated Notes*) and to Condition 13(h) (*Redemption of Senior Notes and Senior Non-Preferred Notes*), - be irrevocable and shall oblige the Issuer to redeem the Notes or, as the case may be, the Notes specified in such notice on the relevant Optional Redemption Date (Call) at the Optional Redemption Amount (Call) plus accrued interest (if any) to such date).
- (e) *Partial redemption:* If the Notes are to be redeemed in part only on any date in accordance with Condition 13(d) (*Redemption at the option of the Issuer*), the Notes to be redeemed shall be selected by the drawing of lots in such place as the Fiscal Agent approves and in such manner as the Fiscal Agent considers appropriate, subject to compliance with applicable law and the rules of each listing authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation, and the notice to Noteholders referred to in Condition 13(d) (*Redemption at the option of the Issuer*) shall specify the serial numbers of the Notes so to be redeemed. If any Maximum Redemption Amount or Minimum Redemption Amount is specified in the relevant Final Terms, then the Optional Redemption Amount (Call) shall in no event be greater than the maximum or less than the minimum so specified.

(f) *Redemption of Subordinated Notes*: Any redemption of the Subordinated Notes in accordance with Condition 13(a) (*Scheduled redemption*), Condition 13(b) (*Redemption for tax reasons*), Condition 13(c) (*Redemption for regulatory reasons*), Condition 13(d) (*Redemption at the option of the Issuer*), any purchase in accordance with Condition 13(k) (*Purchase*) and, for the avoidance of doubt, any modification or substitution in accordance with Condition 20 (*Meetings of Noteholders; Modification and Waiver*), shall be subject to compliance with the then Applicable Banking Regulations, including, as relevant:

(i) the Issuer having obtained the prior permission of the Relevant Authority in accordance with Articles 77 and 78 of the CRR, as amended or replaced from time to time, where either:

(A) on or before such call, redemption, repayment or repurchase (as applicable), the Issuer replaces the Subordinated Notes with Own Funds instruments of equal or higher quality at terms that are sustainable for its income capacity; or

(B) the Issuer has demonstrated to the satisfaction of the Relevant Authority that its Own Funds would, following such call, redemption, repayment or repurchase, exceed the capital requirements laid down in the Applicable Banking Regulations by a margin that the Relevant Authority considers necessary; and

(ii) in respect of a call, redemption repayment or repurchase prior to the fifth anniversary of the Issue Date of the relevant Subordinated Notes, if and to the extent required under Article 78(4) of the CRR or the Capital Instruments Regulation:

(A) in the case of redemption pursuant to Condition 13(b) (*Redemption for tax reasons*), the Issuer having demonstrated to the satisfaction of the Relevant Authority that the change in the applicable tax treatment of the Notes is material and was not reasonably foreseeable as at the Issue Date; or

(B) in case of redemption pursuant to Condition 13(c) (*Redemption for regulatory reasons*), a Regulatory Event has occurred; or

(C) on or before the relevant call, redemption, repayment or repurchase, the Issuer replaces the Notes with Own Funds instruments of equal or higher quality at terms that are sustainable for income capacity of the Issuer and the Relevant Authority has permitted that action on the basis of the determination that it would be beneficial from a prudential point of view and justified by exceptional circumstances; or

(D) the Subordinated Notes are repurchased for market making purposes,

subject in any event to any alternative or additional conditions or requirements as may be applicable from time to time under the Applicable Banking Regulations.

The Relevant Authority may grant a general prior permission, for a specified period which shall not exceed one year, to redeem or purchase (including for market making

purposes) the Subordinated Notes, in the limit of a predetermined amount, which shall not exceed the lower of (i) 10 per cent. (or any other threshold as may be requested or required by the Relevant Authority from time to time) of the aggregate nominal amount of the relevant Subordinated Notes and (ii) 3 per cent. (or any other threshold as may be requested or required by the Relevant Authority from time to time) of the outstanding aggregate nominal amount of the Tier 2 Instruments of the Issuer at the relevant time, subject to criteria that ensure that any such redemption or purchase will be in accordance with the conditions set out at letters (A) and (B) of sub-paragraph (i) of the preceding paragraph.

For the avoidance of doubt, any refusal of the Relevant Authority to grant its permission in accordance with Article 78 of the CRR shall not constitute a default of the Issuer for any purposes.

Amounts that would otherwise be payable on the due date will continue to bear interest until whichever is the earlier of (i) the day on which all sums due in respect of such Subordinated Notes up to that day are received by or on behalf of the Noteholders and (ii) the day which is seven days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of such Subordinated Notes up to such seventh day.

(g) *Redemption of Senior Notes and Senior Non-Preferred Notes*

Any redemption of the Senior Notes or Senior Non-Preferred Notes in accordance with Condition 13(a) (*Scheduled redemption*), Condition 13(b) (*Redemption for tax reasons*), Condition 13(d) (*Redemption at the option of the Issuer*), Condition 13(i) (*Issuer Call due to an MREL Disqualification Event*), any purchase in accordance with Condition 13(k) (*Purchases*) and, for the avoidance of doubt, any modification or substitution in accordance with Condition 20 (*Meetings of Noteholders; Modification and Waiver*), shall be subject, to the extent such Senior Notes or Senior Non-Preferred Notes qualify at such time as liabilities that are eligible to meet the MREL Requirements or, in case of a redemption pursuant to Condition 13(i) (*Issuer Call due to an MREL Disqualification Event*), qualified as liabilities that are eligible to meet the MREL Requirements before the occurrence of the MREL Disqualification Event, to compliance with the then Applicable Banking Regulations, including, as relevant, the condition that the Issuer has obtained the prior permission of the Relevant Authority in accordance with Article 78a of the CRR, where one of the following conditions is met:

- (i) on or before such call, redemption, repayment or repurchase (as applicable), the Issuer replaces the Relevant Notes with Own Funds instruments or Eligible Liabilities Instruments of equal or higher quality at terms that are sustainable for its income capacity; or
- (ii) the Issuer has demonstrated to the satisfaction of the Relevant Authority that its Own Funds and Eligible Liabilities would, following such call, redemption, repayment or repurchase, exceed the requirements for Own Funds and Eligible Liabilities laid down in the Applicable Banking Regulations by a margin that the Relevant Authority considers necessary; or
- (iii) the Issuer has demonstrated to the satisfaction of the Relevant Authority that the partial or full replacement of the relevant notes with Own Funds instruments is

necessary to ensure compliance with the Own Funds requirements laid down in the Applicable Banking Regulations for continuing authorisation,

subject in any event to any different conditions or requirements as may be applicable from time to time under the Applicable Banking Regulations.

The Relevant Authority may grant a general prior permission, for a specified period which shall not exceed one year, to redeem or purchase (including for market making purposes) Senior Notes or Senior Non-Preferred Notes, in the limit of a predetermined amount, instruments, subject to criteria that ensure that any such redemption or purchase will be in accordance with the conditions set out in sub-paragraphs (i) and (ii) of the preceding paragraph.

For the avoidance of doubt, any refusal of the Relevant Authority to grant its permission in accordance with Article 78a of the CRR shall not constitute a default of the Issuer for any purposes.

(h) *Issuer Call due to an MREL Disqualification Event*

This Condition 13(i) applies only to Senior Notes and Senior Non-Preferred Notes.

If Issuer Call due to an MREL Disqualification Event is specified as being applicable in the applicable Final Terms, the Issuer may (subject to the provisions of Condition 13(h) (*Redemption of Senior Notes and Senior Non-Preferred Notes*)), having given not less than the minimum period nor more than the maximum period of notice specified in the applicable Final Terms to the Noteholders and the Fiscal Agent in accordance with Condition 22 (*Notices*) (which notice shall specify the date fixed for redemption) redeem all or some only of the Notes then outstanding at any time (if the Note is not a Floating Rate Note, an Index Linked Interest Note or a Dual Currency Interest Note) or on any Interest Payment Date (if this Note is a Floating Rate Note, an Index Linked Interest Note or a Dual Currency Interest Note), if the Issuer determines that an MREL Disqualification Event has occurred and is continuing.

Upon the expiry of any such notice as is referred to in this Condition 13(i), the Issuer shall – subject to Condition 13(h) (*Redemption of Senior Notes and Senior Non-Preferred Notes*) – be bound to redeem the Notes in accordance with this Condition 13(i) at the Early Redemption Amount described in the applicable Final Terms, together (if appropriate) with interest accrued to (but excluding) the date of redemption.

- (i) *No other redemption*: The Issuer shall not be entitled to redeem the Notes otherwise than as provided in Conditions 13(a) (*Scheduled redemption*) to 13(i) (*Issuer Call due to an MREL Disqualification Event*).
- (j) *Early redemption of Zero Coupon Notes*: Unless otherwise specified in the relevant Final Terms, the Redemption Amount payable on redemption of a Zero Coupon Note at any time before the Maturity Date shall be an amount equal to the sum of:
- (i) the Reference Price; and
 - (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price from (and including) the Issue Date to (but excluding) the date fixed for redemption or (as the case may be) the date upon which the Note becomes due and payable.

Where such calculation is to be made for a period which is not a whole number of years, the calculation in respect of the period of less than a full year shall be made on the basis of such Day Count Fraction as may be specified in the relevant Final Terms for the purposes of this Condition 13(i) or, if none is so specified, a Day Count Fraction of 30E/360.

- (k) *Purchase*: The Issuer or any of its Subsidiaries may at any time, including for market making purposes, purchase Notes in the open market or otherwise and at any price, *provided that*:
 - (i) all unmatured Coupons are purchased therewith; and
 - (ii) in the case of Subordinated Notes, Senior Notes and Senior Non-Preferred Notes, the purchase of the relevant Subordinated Notes, Senior Notes and Senior Non-Preferred Notes by the Issuer or any of its Subsidiaries shall take place subject as provided in Condition 13(f) (*Redemption of Subordinated Notes*) and Condition 13(h) (*Redemption of Senior Notes and Senior Non-Preferred Notes*).
- (l) *Cancellation*: All Notes which are so redeemed or purchased and subsequently surrendered for cancellation by the Issuer or any of its Subsidiaries and any unmatured Coupons attached to or surrendered with them shall be cancelled and may not be reissued or resold.

14. **Payments**

- (a) *Principal*: Payments of principal shall be made only against presentation and (*provided that* payment is made in full) surrender of Notes at the Specified Office of any Paying Agent outside the United States by cheque drawn in the currency in which the payment is due on, or by transfer to an account denominated in that currency (or, if that currency is euro, any other account to which euro may be credited or transferred) and maintained by the payee with, a bank in the Principal Financial Centre of that currency (in the case of a sterling cheque, a town clearing branch of a bank in the City of London).
- (b) *Interest*: Payments of interest shall, subject to Condition 14(h) (*Payments other than in respect of matured Coupons*) below, be made only against presentation and (*provided that* payment is made in full) surrender of the appropriate Coupons at the Specified Office of any Paying Agent outside the United States in the manner described in 14(a) (*Principal*) above.
- (c) *Payments in New York City*: Payments of principal or interest may be made at the Specified Office of a Paying Agent in New York City if (i) the Issuer has appointed Paying Agents outside the United States with the reasonable expectation that such Paying Agents will be able to make payment of the full amount of the interest on the Notes in the currency in which the payment is due when due, (ii) payment of the full amount of such interest at the offices of all such Paying Agents is illegal or effectively precluded by exchange controls or other similar restrictions and (iii) payment is permitted by applicable United States law.
- (d) *Payments subject to fiscal laws*: All payments in respect of the Notes are subject in all cases to (i) any applicable fiscal or other laws and regulations in the place of payment, but without prejudice to the provisions of Condition 15 (*Taxation*) and (ii) any

withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 or otherwise imposed pursuant to Sections 1471 through 1474 of that Code, any regulations or agreements thereunder, official interpretations thereof or any law implementing an intergovernmental approach thereto. No commissions or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.

- (e) *Deductions for unmatured Coupons*: If the relevant Final Terms specifies that the Fixed Rate Note Provisions are applicable and a Note is presented without all unmatured Coupons relating thereto:
- (i) if the aggregate amount of the missing Coupons is less than or equal to the amount of principal due for payment, a sum equal to the aggregate amount of the missing Coupons will be deducted from the amount of principal due for payment; *provided, however, that* if the gross amount available for payment is less than the amount of principal due for payment, the sum deducted will be that proportion of the aggregate amount of such missing Coupons which the gross amount actually available for payment bears to the amount of principal due for payment;
 - (ii) if the aggregate amount of the missing Coupons is greater than the amount of principal due for payment:
 - (A) so many of such missing Coupons shall become void (in inverse order of maturity) as will result in the aggregate amount of the remainder of such missing Coupons (the "**Relevant Coupons**") being equal to the amount of principal due for payment; *provided, however, that* where this sub-paragraph would otherwise require a fraction of a missing Coupon to become void, such missing Coupon shall become void in its entirety; and
 - (B) a sum equal to the aggregate amount of the Relevant Coupons (or, if less, the amount of principal due for payment) will be deducted from the amount of principal due for payment; *provided, however, that*, if the gross amount available for payment is less than the amount of principal due for payment, the sum deducted will be that proportion of the aggregate amount of the Relevant Coupons (or, as the case may be, the amount of principal due for payment) which the gross amount actually available for payment bears to the amount of principal due for payment.

Each sum of principal so deducted shall be paid in the manner provided in paragraph (a) above against presentation and (*provided that* payment is made in full) surrender of the relevant missing Coupons.

- (f) *Unmatured Coupons void*: If the relevant Final Terms specifies that this Condition 14(f) is applicable or that the Floating Rate Note Provisions or CMS Linked Interest Note Provisions are applicable, on the due date for final redemption of any Note or early redemption in whole of such Note pursuant to Condition 13(b) (*Redemption for tax reasons*), Condition 13(c) (*Redemption for regulatory reasons*), Condition 13(d) (*Redemption at the option of the Issuer*), Condition 13(g) (*Redemption at the option of Noteholders*), Condition 13(i) (*Issuer Call due to an MREL Disqualification Event*), or

Condition 16 (*Events of Default*), all unmatured Coupons relating thereto (whether or not still attached) shall become void and no payment will be made in respect thereof.

- (g) *Payments on business days*: If the due date for payment of any amount in respect of any Note or Coupon is not a Payment Business Day in the place of presentation, the holder shall not be entitled to payment in such place of the amount due until the next succeeding Payment Business Day in such place and shall not be entitled to any further interest or other payment in respect of any such delay.
- (h) *Payments other than in respect of matured Coupons*: Payments of interest other than in respect of matured Coupons shall be made only against presentation of the relevant Notes at the Specified Office of any Paying Agent outside the United States (or in New York City if permitted under Condition 13(c) (*Payments in New York City*)).
- (i) *Exchange of Talons*: On or after the maturity date of the final Coupon which is (or was at the time of issue) attached to the Notes, the Talon attached to such Note may be exchanged at the Specified Office of the Fiscal Agent for further Coupons, as the case may be (including, if appropriate, a further Talon but excluding any Coupons in respect of which claims have already become void pursuant to Condition 17 (*Prescription*)). Upon the due date for redemption of any Note, any unexchanged Talon relating to such Note shall become void and no Coupon will be delivered in respect of such Talon.

15. **Taxation**

- (a) *Gross up*: All payments of principal (if applicable) and interest in respect of the Notes and the Coupons by or on behalf of the Issuer shall be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of Italy or any political subdivision therein or any authority therein or thereof having power to tax, unless the withholding or deduction of such taxes, duties, assessments, or governmental charges is required by law. In that event, the Issuer shall pay such additional amounts as will result in receipt by the Noteholders and the Couponholders after such withholding or deduction of the amounts of principal, in the case of Senior Notes not qualifying at such time as liabilities that are eligible to meet the MREL Requirements only (if permitted by the Applicable Banking Regulations), and interest, in the case of any Notes, as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable in respect of any Note or Coupon presented for payment:
 - (i) by or on behalf of a holder which is liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of its having some connection with the Republic of Italy other than the mere holding of such Note or Coupon; or
 - (ii) by a non-Italian resident entity or individual which is resident for tax purposes in a country which does not allow for a satisfactory exchange of information with the Italian tax authorities; or
 - (iii) by an Italian resident, to the extent that interest is paid to an Italian individual or an Italian legal entity not carrying on a business (including, but not limited to (A) partnerships, de facto partnerships not carrying on a business and

professional associations, (B) public and private resident entities, other than companies, not carrying on a business, and (C) certain other Persons exempt from corporate income tax) or to such other Italian resident entities which have been or may be identified by Legislative Decree 239 of 1 April 1996 and related regulations of implementation which have been or may subsequently be enacted ("**Decree 239**"); or

- (iv) in all circumstances in which the requirements and procedures set forth in Decree 239 have not been met or complied with except where such requirements and procedures have not been met or complied with due to the actions or omissions of the Issuer or its agents; or
 - (v) more than 30 days after the Relevant Date except to the extent that the relevant holder would have been entitled to such additional amounts if it had presented such Note or Coupon on the last day of such period of 30 days.
- (b) *Taxing jurisdiction*: If the Issuer becomes subject at any time to any taxing jurisdiction other than Italy, references in these Conditions to Italy shall be construed as references to Italy and/or such other jurisdiction. The Issuer or any Paying Agent shall be entitled to make any withholding or deduction but will have no obligation to pay additional amounts in respect of the Notes for any such withholding or deduction imposed on or with respect to section 1471 through section 1474 of the U.S. Internal Revenue Code of 1986, as amended ("**FATCA**"), any treaty, intergovernmental agreement, law, regulation or other official guidance implementing FATCA, or any agreement between the Issuer or any Paying Agent and the United States, Italy or any authority of any of the foregoing implementing FATCA.

16. **Events of Default**

If any of the following events occurs:

- (i) *Winding-up etc*: an order is made or an effective resolution is passed for the winding up, liquidation or dissolution of the Issuer (otherwise than for the purposes of and pursuant to an amalgamation, reorganisation or restructuring whilst solvent); or
- (ii) *Analogous event*: any event occurs which under the laws of Italy has an analogous effect to any of the events referred to in paragraph (i) (*Winding up, etc.*) above,

then any Note may, by written notice addressed by the holder thereof to the Issuer and delivered to the Issuer or to the Specified Office of the Fiscal Agent, be declared immediately due and payable, whereupon it shall become immediately due and payable at its Early Termination Amount together with accrued interest (if any) without further action or formality.

No Event of Default shall occur other than in the context of paragraphs (i) or (ii), above, (and, for the avoidance of doubt, resolution proceeding(s) or moratoria imposed by a resolution authority in respect of the relevant Issuer shall not constitute an Event of Default for the Notes for any purpose).

17. **Prescription**

Claims for principal shall become void unless the relevant Notes are presented for payment within ten years of the appropriate Relevant Date. Claims for interest shall become void unless the relevant Coupons are presented for payment within five years of the appropriate Relevant Date.

18. **Replacement of Notes and Coupons**

If any Note or Coupon is lost, stolen, mutilated, defaced or destroyed, it may be replaced at the Specified Office of the Fiscal Agent (and, if the Notes are then admitted to listing, trading and/or quotation by any listing authority, stock exchange and/or quotation system which requires the appointment of a Paying Agent in any particular place, the Paying Agent having its Specified Office in the place required by such listing authority, stock exchange and/or quotation system), subject to all applicable laws and listing authority, stock exchange and/or quotation system requirements, upon payment by the claimant of the expenses incurred in connection with such replacement and on such terms as to evidence, security, indemnity and otherwise as the Issuer may reasonably require. Mutilated or defaced Notes or Coupons must be surrendered before replacements will be issued.

19. **Agents**

In acting under the Agency Agreement and in connection with Notes and Coupons, the Paying Agents act solely as agents of the Issuer and do not assume any obligations towards or relationship of agency or trust for or with any holder of any Note or Coupon.

The initial Paying Agents and their initial Specified Offices are listed below. The initial Calculation Agent (if any) is specified in the relevant Final Terms. The Issuer reserves the right at any time to vary or terminate the appointment of any Paying Agent and to appoint a successor fiscal agent or Calculation Agent and additional or successor paying agents; *provided, however, that:*

- (i) the Issuer shall at all times maintain a Fiscal Agent; and
- (ii) the Issuer will ensure that they maintain a Paying Agent in an EU member state that will not be obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC on the taxation of savings or any law implementing or complying with, or introduced to conform to, such Directive; and
- (iii) if a Calculation Agent is specified in the relevant Final Terms, the Issuer shall at all times maintain a Calculation Agent; and
- (iv) the Issuer shall at all times maintain a Paying Agent outside the Republic of Italy; and
- (v) if and for so long as the Notes are admitted to listing, trading and/or quotation by any listing authority, stock exchange and/or quotation system the rules of which require the appointment of a Paying Agent in any particular place, the Issuer shall maintain a Paying Agent having its Specified Office in the place required by the rules of such listing authority, stock exchange and/or quotation system.

Notice of any change in any of the Paying Agents or in their Specified Offices shall promptly be given to the Noteholders.

20. Meetings of Noteholders; Modification and Waiver

- (a) *Meetings of Noteholders:* The Conditions may not be amended without the prior approval of the Relevant Authority (if applicable). The Agency Agreement contains provisions for convening meetings of Noteholders to consider matters relating to the Notes, including the modification of any provision of these Conditions. Any such modification may be made if sanctioned by an Extraordinary Resolution. Such a meeting may be convened by the Issuer and shall be convened by it upon the request in writing of Noteholders holding not less than one-tenth of the aggregate principal amount of the outstanding Notes. The quorum at any meeting convened to vote on an Extraordinary Resolution will be one or more Persons holding or representing one more than half of the aggregate principal amount of the outstanding Notes or, at any adjourned meeting, one or more Persons being or representing Noteholders whatever the principal amount of the Notes held or represented; *provided, however, that* Reserved Matters may only be sanctioned by an Extraordinary Resolution passed at a meeting of Noteholders at which one or more Persons holding or representing not less than three-quarters or, at any adjourned meeting, one quarter of the aggregate principal amount of the outstanding Notes form a quorum. Any Extraordinary Resolution duly passed at any such meeting shall be binding on all the Noteholders and Couponholders, whether present or not.

Any such meeting of the Noteholders may be convened at a physical location, or such other method (which may include, without limitation, a conference call or video conference) as the Issuer may determine in accordance with the provisions of the Agency Agreement.

In addition, a resolution in writing signed by or on behalf of all Noteholders who for the time being are entitled to receive notice of a meeting of Noteholders will take effect as if it were an Extraordinary Resolution. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Noteholders.

- (b) *Modification:* The Notes, the Deed of Covenant and these Conditions may be amended without the consent of the Noteholders or the Couponholders to correct a manifest error. The parties to the Agency Agreement may agree to modify any provision thereof, but the Issuer shall not agree, without the consent of the Noteholders, to any such modification unless it is of a formal, minor or technical nature, it is made to correct a manifest error or it is, in the opinion of such parties, not materially prejudicial to the interests of the Noteholders. In addition, the Issuer and the Fiscal Agent may agree to such modification to the Notes, Coupons and the Agency Agreement as may be required to give effect to Condition 10 (*Benchmark Replacement*) in connection with any Alternative Reference Rate, Successor Rate or other related changes or in order to give effect to any modification or substitution of the Notes pursuant to Condition 20 (c) (*Modification or Substitution of Subordinated Notes following a Regulatory Event or a Tax Event*) and Condition 20 (d) (*Modification or Substitution of Senior Notes and Senior Non-Preferred Notes following an MREL Disqualification Event*). Any such modification shall be binding on the holders of the Noteholders and Couponholders and any such modification shall be notified to the Noteholders in accordance with Condition 22 (*Notices*) as soon as practicable thereafter.

- (c) *Modification or Substitution of Subordinated Notes following a Regulatory Event or a Tax Event:* This Condition 20(c) applies to Subordinated Notes if Modification or Substitution of Subordinated Notes for Regulatory Event or Tax Event is specified in the Final Terms as being applicable. If at any time a Tax Event or a Regulatory Event occurs and/or in order to ensure the effectiveness and enforceability of Condition 26 (*Agreement and Acknowledgment with Respect to the Exercise of Bail-in Power*), then the Issuer may either: (a) substitute new notes for the Subordinated Notes whereby such new notes shall replace the Subordinated Notes, or (b) vary the terms of the Subordinated Notes, at any time without any requirement for consent of the holders of Subordinated Notes, so that the Subordinated Notes are substituted for, or as applicable, varied to, become or remain, the Qualifying Subordinated Notes, subject to having given not less than 30 nor more than 60 days' notice to the Fiscal Agent and the holders of Subordinated Notes and subject to receiving the prior consent from the Relevant Authority if and as required therefor under the Applicable Banking Regulations and in accordance with the Applicable Banking Regulations in force at the relevant time.

The holders of Subordinated Notes shall, by virtue of subscribing and/or purchasing and holding any Subordinated Notes, be deemed to have accepted the substitution and modification of the terms of Subordinated Notes and to have granted to the Issuer full powers and authority to take any action and/or execute and deliver any document in the name and /or on behalf of the holders of Subordinated Notes which is necessary or convenient to implement the substitution or modification of the terms of Subordinated Notes.

For the purposes of this Condition 20(c), "**Qualifying Subordinated Notes**" means securities issued directly or indirectly by the Issuer that:

- (i) other than in respect of the effectiveness and enforceability of Condition 26 (*Agreement and Acknowledgment with Respect to the Exercise of Bail-in Powers*), have the terms not less favourable to the holders of Subordinated Notes, certified by the Issuer acting reasonably following consultation with an investment bank or financial adviser of international standing, than the terms of the Subordinated Notes, and they shall also (A) contain terms such that they comply with the then-current minimum requirements under the Applicable Banking Regulations for inclusion in the Tier 2 Capital of the Issuer; (B) provide for a ranking at least equal to that of the Subordinated Notes; (C) have at least the same interest rate and the same Interest Payment Dates as those from time to time applying to the Subordinated Notes; (D) have the same redemption rights as the Subordinated Notes; (E) preserve any existing rights under the Subordinated Notes to any accrued interest which has not been paid in respect of the period from (and including) the Interest Payment Date last preceding the date of modification or substitution; (F) are assigned (or maintain) the same or higher solicited credit ratings with the same outlook as were assigned to the Subordinated Notes (if rated) immediately prior to modification or substitution, unless any downgrade is solely attributable to the effectiveness and enforceability of Condition 26 (*Agreement and Acknowledgment with Respect to the Exercise of Bail-in Power*); and (G) other than in respect of the effectiveness and enforceability of Condition 26 (*Agreement and Acknowledgment with Respect to the Exercise of Bail-in Power*), have terms not materially less favourable to a holder of the Subordinated Notes, certified by the Issuer acting reasonably following consultation with an investment bank or

financial adviser of international standing which is independent of the Group, than the terms of the Subordinated Notes;

- (ii) are listed or admitted to trading on a recognised stock exchange if the Subordinated Notes were listed or admitted to trading immediately prior to such modification or substitution.

(d) *Modification or Substitution of Senior Notes and Senior Non-Preferred Notes following an MREL Disqualification Event:*

In addition, if at any time an MREL Disqualification Event occurs and/or in order to ensure the effectiveness and enforceability of Condition 26 (*Agreement and Acknowledgment with Respect to the Exercise of Bail-in Power*), then the Issuer may, subject to giving any notice required to be given to, and receiving any consent required from, the Relevant Authority (without any requirement for the consent or approval of the holders of the relevant Notes of that Series) and having given not less than 30 nor more than 60 days' notice to the Fiscal Agent and the holders of the Notes of that Series, at any time either substitute all (but not some only) of such Notes, or vary the terms of such Notes so that they remain or, as appropriate, become Qualifying Senior Notes or Qualifying Senior Non-Preferred Notes, as applicable, *provided that* such variation or substitution does not itself give rise to any right of the Issuer to redeem the varied or substituted securities.

For the purposes of this Condition 20(d), "**Qualifying Senior Non-Preferred Notes**" means securities issued directly or indirectly by the Issuer that:

- (i) other than in respect of the effectiveness and enforceability of Condition 26 (*Agreement and Acknowledgment with Respect to the Exercise of Bail-in Power*), have terms not materially less favourable to a holder of the Senior Non-Preferred Notes (as reasonably determined by the Issuer) than the terms of the Senior Non-Preferred Notes, and they shall also (A) contain terms which at such time result in such securities being eligible to count towards fulfilment of the Issuer's and/or the Group's (as applicable) minimum requirements for own funds and eligible liabilities under the then applicable MREL Requirements; (B) include a ranking at least equal to that of the Senior Non-Preferred Notes; (C) have at least the same interest rate and the same Interest Payment Dates as those from time to time applying to the Senior Non-Preferred Notes; (D) have the same redemption rights as the Senior Non-Preferred Notes; (E) preserve any existing rights under the Senior Non-Preferred Notes to any accrued interest which has not been paid in respect of the period from (and including) the Interest Payment Date last preceding the date of modification or substitution; (F) are assigned (or maintain) the same or higher solicited credit ratings as were assigned to the Senior Non-Preferred Notes immediately prior to such variation or substitution, unless any downgrade is solely attributable to the effectiveness and enforceability of Condition 26 (*Agreement and Acknowledgment with Respect to the Exercise of Bail-in Power*); and (G) other than in respect of the effectiveness and enforceability of Condition 26 (*Agreement and Acknowledgment with Respect to the Exercise of Bail-in Power*), have terms not materially less favourable to a holder of the Senior Non-Preferred Notes, certified by the Issuer acting reasonably following consultation with an investment bank or financial adviser of international standing which is independent of the Group, than the terms of the Senior Non-Preferred Notes;

- (ii) are listed on a recognised stock exchange if the Senior Non-Preferred Notes were listed immediately prior to such variation or substitution.

For the purposes of this Condition 20(d), "**Qualifying Senior Notes**" means securities issued directly or indirectly by the Issuer that:

- (i) other than in respect of the effectiveness and enforceability of Condition 26 (*Agreement and Acknowledgment with Respect to the Exercise of Bail-in Power*), have terms not materially less favourable to a holder of the Senior Notes (as reasonably determined by the Issuer) than the terms of the Senior Notes, and they shall also (A) contain terms which at such time result in such securities being eligible to count towards fulfilment of the Issuer's and/or the Group's (as applicable) minimum requirements for own funds and eligible liabilities under the then applicable MREL Requirements; (B) include a ranking at least equal to that of the Senior Notes; (C) have at least the same interest rate and the same Interest Payment Dates as those from time to time applying to the Senior Notes; (D) have the same redemption rights as the Senior Notes; (E) preserve any existing rights under the Senior Notes to any accrued interest which has not been paid in respect of the period from (and including) the Interest Payment Date last preceding the date of modification or substitution; (F) are assigned (or maintain) the same or higher solicited credit ratings as were assigned to the Senior Notes immediately prior to such variation or substitution, unless any downgrade is solely attributable to the effectiveness and enforceability of Condition 26 (*Agreement and Acknowledgment with Respect to the Exercise of Bail-in Power*); and (G) other than in respect of the effectiveness and enforceability of Condition 26 (*Agreement and Acknowledgment with Respect to the Exercise of Bail-in Power*), have terms not materially less favourable to a holder of the Senior Notes, certified by the Issuer acting reasonably following consultation with an investment bank or financial adviser of international standing which is independent of the Group, than the terms of the Senior Notes;
- (ii) are listed on a recognised stock exchange if the Senior Notes were listed immediately prior to such variation or substitution.

21. **Further Issues**

The Issuer may from time to time, without the consent of the Noteholders or the Couponholders, create and issue further notes having the same terms and conditions as the Notes in all respects (or in all respects except for the Issue Price, the Issue Date and/or the first payment of interest) so as to form a single series with the Notes.

22. **Notices**

Notices to the Noteholders shall be valid if published in a leading English language daily newspaper published in London (which is expected to be the *Financial Times*) and, if the Notes which are listed on the Luxembourg Stock Exchange and the rules of that exchange so require, a leading newspaper having general circulation in Luxembourg (which is expected to be the *Luxemburger Wort*) or on the website of the Luxembourg Stock Exchange (www.bourse.lu) or in either case, if such publication is not practicable, in a leading English language daily newspaper having general circulation in Europe. Any such notice shall be deemed to have been given on the date

of first publication (or if required to be published in more than one newspaper, on the first date on which publication shall have been made in all the required newspapers). Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the Noteholders.

23. **Currency Indemnity**

If on any Reset Determination Date only one or none of the Reference Banks provides the Calculation Agent with an offered quotation as provided in the foregoing provisions of this Condition 8, the Reset Rate shall be determined as at the last preceding Reset Determination Date or, in the case of the first Reset Determination Date, the Reset Rate shall be the Initial Rate of Interest.

For this purpose a "**sub-unit**" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent. Where the Specified Denomination of a Note comprises more than one Calculation Amount, the Interest Amount payable in respect of such Note shall be aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.

- (g) *Notifications, etc.:* All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 8 by the Calculation Agent will (in the absence of manifest error) be binding on the Issuer, the Paying Agents, the Noteholders and the Couponholders and (subject as aforesaid) no liability to any such Person will attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.

9. **Floating Rate and CMS Linked Interest Note Provisions**

- (a) *Application:* This Condition 9 (*Floating Rate and CMS Linked Interest Note Provisions*) is applicable to the Notes only if (a) the Floating Rate Note Provisions or CMS Linked Interest Note Provisions are specified in the relevant Final Terms as being applicable or (b) if a Change of Interest Basis is specified in the relevant Final Terms as being applicable, in respect of those periods for which the Floating Rate Note Provisions or the CMS Linked Interest Note Provisions are stated to apply.
- (b) *Accrual of interest:* The Notes bear interest from (and including) the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date, subject as provided in Condition 14 (*Payments*). Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition (both before and after judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).
- (c) *Screen Rate Determination for Floating Rate Notes other than CMS Linked Interest Notes:* If Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined and "CMS Rate" is not specified as the Reference Rate in the Final Terms, the Rate of Interest applicable to the Notes for each Interest Period will be determined by the Calculation Agent on the following basis:
 - (i) if the Reference Rate is a composite quotation or customarily supplied by one entity, the Calculation Agent will determine the Reference Rate which appears on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
 - (ii) in any other case, the Calculation Agent will determine the arithmetic mean of the Reference Rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;

- (iii) if, in the case of (i) above, such rate does not appear on that page or, in the case of (ii) above, fewer than two such rates appear on that page or if, in either case, the Relevant Screen Page is unavailable, the Calculation Agent will:
 - (A) request the principal Relevant Financial Centre office of each of the Reference Banks to provide a quotation of the Reference Rate at approximately the Relevant Time on the Interest Determination Date to prime banks in the Relevant Financial Centre interbank market in an amount that is representative for a single transaction in that market at that time; and
 - (B) determine the arithmetic mean of such quotations; and
- (iv) if fewer than two such quotations are provided as requested, the Calculation Agent will determine the arithmetic mean of the rates (being the nearest to the Reference Rate, as determined by the Calculation Agent) quoted by major banks in the Principal Financial Centre of the Specified Currency, selected by the Calculation Agent, at approximately 11.00 a.m. (local time in the Principal Financial Centre of the Specified Currency) on the first day of the relevant Interest Period for loans in the Specified Currency to leading European banks for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time,

and the Rate of Interest for such Interest Period shall be the sum of the Margin and the rate or (as the case may be) the arithmetic mean so determined; *provided, however, that* if the Calculation Agent is unable to determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions in relation to any Interest Period, the Rate of Interest applicable to the Notes during such Interest Period will be the sum of the Margin and the rate or (as the case may be) the arithmetic mean last determined in relation to the Notes in respect of a preceding Interest Period.

- (d) *Screen Rate Determination for Floating Rate Notes which are CMS Linked Interest Notes:* If Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined and "CMS Rate" is specified as the Reference Rate in the Final Terms, the Rate of Interest applicable to the Notes for each Interest Period will be determined by the Calculation Agent by reference to the following formula:

CMS Rate plus Margin

If the Relevant Screen Page is not available, the Calculation Agent shall request each of the CMS Reference Banks to provide the Calculation Agent with its quotation for the Relevant Swap Rate at approximately 11.00 a.m. (local time in the Principal Financial Centre of the Specified Currency) on the Interest Determination Date in question. If at least three of the CMS Reference Banks provide the Calculation Agent with such quotation, the CMS Rate for such Interest Period shall be the arithmetic mean of such quotations, eliminating the highest quotation (or, in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest).

If on any Interest Determination Date less than three or none of the CMS Reference Banks provides the Calculation Agent with such quotations as provided in the preceding paragraph, the CMS Rate shall be determined by the Calculation Agent in good faith

on such commercial basis as considered appropriate by the Calculation Agent in its absolute discretion, in accordance with standard market practice.

- (e) *ISDA Determination*: If ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be the sum of the Margin and the relevant ISDA Rate where "ISDA Rate" in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:
- (i) if the Final Terms specify either "2006 ISDA Definitions" or "2021 ISDA Definitions" as the applicable ISDA Definitions:
 - (A) the Floating Rate Option (as defined in the ISDA Definitions) is as specified in the relevant Final Terms;
 - (B) the Designated Maturity (as defined in the ISDA Definitions) is a period specified in the relevant Final Terms; and
 - (C) the relevant Reset Date (as defined in the ISDA Definitions), unless otherwise specified in the relevant Final Terms, has the meaning given to it in the ISDA Definitions.
 - (ii) references in the ISDA Definitions to:
 - (A) "**Confirmation**" shall be references to the relevant Final Terms;
 - (B) "**Calculation Period**" shall be references to the relevant Interest Period;
 - (C) "**Termination Date**" shall be references to the Maturity Date;
 - (D) "**Effective Date**" shall be references to the Interest Commencement Date; and
 - (iii) if the Final Terms specify "2021 ISDA Definitions" as being applicable:
 - (A) "**Benchmark Event**" shall be disapplied; and
 - (B) if the Temporary Non-Publication Fallback in respect of any specified Floating Rate Option is specified to be "Temporary Non-Publication Fallback – Alternative Rate" in the Floating Rate Matrix of the 2021 ISDA Definitions the reference to "Calculation Agent Alternative Rate Determination" in the definition of "Temporary Non-Publication Fallback – Alternative Rate" shall be replaced by "Temporary Non-Publication Fallback – Previous Day's Rate".
- (f) *Maximum or Minimum Rate of Interest*: If any Maximum Rate of Interest or Minimum Rate of Interest is specified in the relevant Final Terms, then the Rate of Interest shall in no event be greater than the maximum or be less than the minimum so specified.

- (g) *Calculation of Interest Amount:* The Calculation Agent will, as soon as practicable after the time at which the Rate of Interest is to be determined in relation to each Interest Period, calculate the Interest Amount payable in respect of each Note for such Interest Period. The Interest Amount will be calculated by applying the Rate of Interest for such Interest Period to the Calculation Amount during such Interest Period and multiplying the product by the relevant Day Count Fraction and rounding the resulting figure to the nearest sub-unit of the Specified currency (half a sub-unit being rounded upwards). For this purpose a "**sub-unit**" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent. Where the Specified Denomination of a Floating Rate Note or CMS Linked Interest Note comprises more than one Calculation Amount, the Interest Amount payable in respect of such Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.
- (h) *Publication:* The Calculation Agent will cause each Rate of Interest and Interest Amount determined by it, together with the relevant Interest Payment Date, and any other amount(s) required to be determined by it together with any relevant payment date(s) to be notified to the Issuer, the Paying Agents and each competent authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation as soon as practicable after such determination but (in the case of each Rate of Interest, Interest Amount and Interest Payment Date) in any event not later than the first day of the relevant Interest Period. Notice thereof shall also promptly be given to the Noteholders. The Calculation Agent will be entitled to recalculate any Interest Amount (on the basis of the foregoing provisions) in the event of an extension or shortening of the relevant Interest Period. If the Calculation Amount is less than the minimum Specified Denomination the Calculation Agent shall not be obliged to publish each Interest Amount but instead may publish only the Calculation Amount and the Interest Amount in respect of a Note having the minimum Specified Denomination.
- (i) *Notifications, etc.:* All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 9 by the Calculation Agent will (in the absence of manifest error) be binding on the Issuer, the Paying Agents, the Noteholders and the Couponholders and (subject as aforesaid) no liability to any such Person will attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.

10. **Benchmark Replacement (Independent Adviser)**

Notwithstanding the provisions in Condition 9 (*Floating Rate and CMS Linked Interest Note Provisions*) and Condition 8 (*Reset Rate Note Provisions*), if a Benchmark Event occurs in relation to the Reference Rate when the Rate of Interest (or any component part thereof) for any Interest Period remains to be determined by reference to such Reference Rate, then the Issuer shall use its reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine a Successor Rate, failing which an Alternative Rate (in accordance with Condition 10(a)) and, in either

case, an Adjustment Spread, if any (in accordance with Condition 10(b)) and any Benchmark Amendments (in accordance with Condition 10(c)).

In the absence of bad faith or fraud, the Independent Adviser shall have no liability whatsoever to the Issuer, the Fiscal Agent or the Noteholders for any determination made by it pursuant to this Condition 10 and the Fiscal Agent will not be liable for any loss, liability, cost, charge or expense which may arise as a result thereof

- (a) If the Independent Adviser determines in its discretion that:
- (i) there is a Successor Rate, then such Successor Rate shall (subject to adjustment as provided in Condition 10(a)) subsequently be used in place of the Reference Rate to determine the Rate of Interest (or the relevant component part(s) thereof) for the relevant Interest Period and all following Interest Periods, subject to the subsequent operation of this Condition 10 in the event of a further Benchmark Event affecting the Successor Rate; or
 - (ii) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate shall (subject to adjustment as provided in Condition 10(a)) subsequently be used in place of the Reference Rate to determine the Rate of Interest (or the relevant component part(s) thereof) for the relevant Interest Period and all following Interest Periods, subject to the subsequent operation of this Condition 10 in the event of a further Benchmark Event affecting the Alternative Rate
- (b) If the Independent Adviser determines (A) that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) and (B) the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall apply to the Successor Rate or the Alternative Rate (as the case may be).
- (c) If any Successor Rate, Alternative Rate or Adjustment Spread is determined in accordance with this Condition 10 and the Independent Adviser determines (i) that amendments to these Conditions are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread (such amendments, the "**Benchmark Amendments**") and (ii) the terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 10(d), without any requirement for the consent or approval of relevant Noteholders, vary these Conditions to give effect to such Benchmark Amendments with effect from the date specified in such notice (and for the avoidance of doubt, the Fiscal Agent shall, at the direction and expense of the Issuer, consent to and effect such consequential amendments to the Agency Agreement and these Conditions as the Fiscal Agent may be required in order to give effect to this Condition 10).
- (d) If (A) the Issuer is unable to appoint an Independent Adviser or (B) the Independent Adviser appointed by it fails to determine a Successor Rate or, failing which, an Alternative Rate, in accordance with this Condition 10, prior to the relevant Interest Determination Date or (C) in case the provisions relating to the occurrence of a Regulatory Event in case of a Benchmark Event are specified as applicable in the relevant Final Terms or the provisions relating to the occurrence of an MREL Disqualification Event in case of a Benchmark Event are specified as applicable in the relevant Final Terms (as applicable), the provisions under this Condition 10 would

cause the occurrence of a Regulatory Event or an MREL Disqualification Event (as applicable), or (D) in the case of Senior Notes or Senior Non-Preferred Notes only, the provisions under this Condition 10 would result in the Relevant Authority treating an Interest Payment Date as the effective maturity date of the Notes, rather than the relevant Maturity Date, then the Reference Rate applicable to the relevant Interest Period shall be the Reference Rate applicable as at the last preceding Interest Determination Date. If there has not been a first Interest Payment Date, the Reference Rate shall be the Reference Rate applicable to the first Interest Period. For the avoidance of doubt, any adjustment pursuant to this Condition 10(d) shall apply to the relevant Interest Period only. Any subsequent Interest Period may be subject to the subsequent operation of this Condition 10 (*Benchmark Replacement (Independent Adviser)*).

- (e) Any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any Benchmark Amendments, determined under this Condition 10 will be notified promptly by the Issuer to the Fiscal Agent, the Calculation Agent, the Paying Agents and, in accordance with Condition 22 (*Notices*), the Noteholders. Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.
- (f) The Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) specified in such certificate will (in the absence of manifest error or bad faith in the determination of such Successor Rate or Alternative Rate and such Adjustment Spread (if any) and such Benchmark Amendments (if any)) be binding on the Issuer, Fiscal Agent, the Calculation Agent, the Paying Agent and the Noteholders.
- (g) As used in this Condition 10:

"**Adjustment Spread**" means either a spread (which may be positive or negative), or the formula or methodology for calculating a spread, in either case, which the Independent Adviser determines is required to be applied to the relevant Successor Rate or the relevant Alternative Rate (as the case may be) and is the spread, formula or methodology which:

- (i) in the case of a Successor Rate, is formally recommended, or formally provided as an option for parties to adopt, in relation to the replacement of the Reference Rate with the Successor Rate by any Relevant Nominating Body; or
- (ii) (if no such recommendation has been made, or in the case of an Alternative Rate), the Independent Adviser, determines is customarily applied to the relevant Successor Rate or Alternative Rate (as the case may be) in international debt capital markets transactions to produce an industry-accepted replacement rate for the Reference Rate; or
- (iii) (if no such determination has been made) the Independent Adviser determines, is recognised or acknowledged as being the industry standard for over-the-counter derivative transactions which reference the Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate (as the case may be); or
- (iv) (if the Independent Adviser determines that no such industry standard is recognised or acknowledged) the Independent Adviser determines to be

appropriate to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Noteholders as a result of the replacement of the Reference Rate with the Successor Rate or the Alternative Rate (as the case may be);

"Alternative Rate" means an alternative benchmark or screen rate which the Independent Adviser determines in accordance with this Condition 10 is customary in market usage in the international debt capital markets for the purposes of determining floating rates of interest (or the relevant component part thereof) for a commensurate period and in the Specified Currency;

"Benchmark Amendments" has the meaning given to it in Condition 10(c);

"Benchmark Event" means:

- (i) the relevant Reference Rate has ceased to be published on the Relevant Screen Page as a result of such benchmark ceasing to be calculated or administered; or
- (ii) a public statement by the administrator of the relevant Reference Rate that (in circumstances where no successor administrator has been or will be appointed that will continue publication of such Reference Rate) it has ceased publishing such Reference Rate permanently or indefinitely or that it will cease to do so by a specified future date (the **"Specified Future Date"**); or
- (iii) a public statement by the supervisor of the administrator of the relevant Reference Rate that means that such Reference Rate will, by a specified future date (the **"Specified Future Date"**), be prohibited from being used or that its use will be subject to restrictions or adverse consequences, either generally or in respect of the Notes; or
- (iv) it has or will, by a specified date within the following six months, become unlawful for the Calculation Agent to calculate any payments due to be made to any Noteholder using the relevant Reference Rate (as applicable) (including, without limitation, under the EU Benchmarks Regulation, if applicable).

Notwithstanding the sub-paragraphs above, where the relevant Benchmark Event is a public statement within sub-paragraphs (ii) or (iii) above and the Specified Future Date in the public statement is more than six months after the date of that public statement, the Benchmark Event shall not be deemed to occur until the date falling six months prior to such Specified Future Date.

"Independent Adviser" means an independent financial institution of international repute or other independent financial adviser experienced in the international capital markets, in each case appointed by the Issuer at its own expense;

"Relevant Nominating Body" means, in respect of a benchmark or screen rate (as applicable):

- (i) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable); or

- (ii) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (a) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, (b) any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable), (c) a group of the aforementioned central banks or other supervisory authorities or (d) the Financial Stability Board or any part thereof; and

"**Successor Rate**" means a successor to or replacement of the Reference Rate which is formally recommended by any Relevant Nominating Body.

11. **Change of Interest Basis**

If Change of Interest Basis is specified as applicable in the applicable Final Terms, the interest payable in respect of the Notes will be calculated in accordance with Condition 7 (*Fixed Rate Note Provisions*) or Condition 9 (*Floating Rate and CMS Linked Interest Note Provisions*), each applicable only for the relevant periods specified in the applicable Final Terms.

If Change of Interest Basis is specified as applicable in the applicable Final Terms, and Issuer's Switch Option is also specified as applicable in the applicable Final Terms, the Issuer may, on one or more occasions, as specified in the applicable Final Terms, at its option (any such option, a "**Switch Option**"), having given notice to the Noteholders in accordance with Condition 22 (*Notices*) on or prior to the relevant Switch Option Expiry Date, change the Interest Basis of the Notes from Fixed Rate to Floating Rate or Floating Rate to Fixed Rate or as otherwise specified in the applicable Final Terms with effect from (and including) the Switch Option Effective Date specified in the applicable Final Terms (including different Fixed Rates or Floating Rates in respect of Fixed Rate Notes or Floating Rate Notes respectively) to (but excluding) the Maturity Date (or, where more than one Switch Option Effective Date is specified in the applicable Final Terms, up to and excluding the next following Switch Option Effective Date), *provided that* (A) the Switch Option may be exercised only in respect of all the outstanding Notes, (B) upon exercise of a Switch Option, the Interest Basis change will be effective from (and including) the relevant Switch Option Effective Date until the Maturity Date (or, where more than one Switch Option Effective Date is specified as applicable in the applicable Final Terms, up to and excluding the next following Switch Option Effective Date to the extent the related Switch Option is exercised), and (C) where a Switch Option has not been exercised prior to the relevant Switch Option Expiry Date, the Issuer shall no longer be entitled to exercise such Switch Option and the Interest Basis shall not change.

"**Switch Option Expiry Date**" and "**Switch Option Effective Date**" shall mean any date specified as such in the applicable Final Terms provided that any date specified in the applicable Final Terms as a Switch Option Effective Date shall be deemed as such subject to the exercise of the relevant Switch Option having been notified by the Issuer pursuant to this Condition and in accordance with Condition 22 (*Notices*) prior to the relevant Switch Option Expiry Date.

12. Zero Coupon Note Provisions

- (a) *Application:* This Condition 12 (*Zero Coupon Note Provisions*) is applicable to the Notes only if the Zero Coupon Note Provisions are specified in the relevant Final Terms as being applicable.
- (b) *Late payment on Zero Coupon Notes:* If the Redemption Amount payable in respect of any Zero Coupon Note is improperly withheld or refused, the Redemption Amount shall thereafter be an amount equal to the sum of:
 - (i) the Reference Price; and
 - (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price on the basis of the relevant Day Count Fraction from (and including) the Issue Date to (but excluding) whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).

13. Redemption and Purchase

- (a) *Scheduled redemption:* Unless previously redeemed, or purchased and cancelled, the Notes will be redeemed at their Final Redemption Amount on the Maturity Date, subject as provided in Condition 13(f) (*Redemption of Subordinated Notes*), Condition 13(h) (*Redemption of Senior Notes and Senior Non-Preferred Notes*) and 14 (*Payments*).
- (b) *Redemption for tax reasons:* The Notes may be redeemed at the option of the Issuer (subject, in the case of Subordinated Notes, to Condition 13(f) (*Redemption of Subordinated Notes*) and, in the case of Senior Notes and Senior Non-Preferred Notes, to Condition 13(h) (*Redemption of Senior Notes and Senior Non-Preferred Notes*)) in whole, but not in part:
 - (i) at any time (if neither the Floating Rate Note Provisions nor CMS Linked Interest Note Provisions are specified in the relevant Final Terms as being applicable); or
 - (ii) on any Interest Payment Date (if the Floating Rate Note Provisions or CMS Linked Interest Note Provisions are specified in the relevant Final Terms as being applicable),

in each case, on giving not less than 30 nor more than 60 days' notice to the Noteholders (which notice shall be irrevocable), at their Early Redemption Amount (Tax), together with interest accrued (if any) to the date fixed for redemption, if:

- (A) (1) the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 15 (*Taxation*) or (2) for Subordinated Notes only, deductibility of interest payable by the Issuer in respect of the Subordinated Notes is materially reduced for Italian income tax purposes, in each case, as a result of any change in, or amendment or clarification to, the laws, regulations or other rules of the

Republic of Italy or of any political subdivision or any authority thereof or therein having power to tax, or as a result of any change in, or amendment or clarification to, the application or official interpretation (or application or interpretation made for the first time) of such laws, regulations or other rules (including the publication or pronouncement of any decision or interpretation by any court or authority of competent jurisdiction, providing for a position with respect to such laws, regulations or other rules that differs from the previously generally accepted position or otherwise differs from prior written confirmation given by a competent authority in respect of tax treatment of the Notes), which change, amendment or clarification becomes effective on or after the date of issue of the first Tranche of the Notes;

- (B) such obligation cannot be avoided by the Issuer taking reasonable measures available to it, and
- (C) in the case of Subordinated Notes only if the circumstances under points (A) and (B) above have occurred before five years from the issue of the relevant Subordinated Notes, the Issuer has demonstrated to the satisfaction of the Relevant Authority that such change is material and was not reasonably foreseeable at the Issue Date (a "**Tax Event**"),

provided, however, that no such notice of redemption shall be given earlier than:

- (1) where the Notes may be redeemed at any time, 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts if a payment in respect of the Notes were then due; or
- (2) where the Notes may be redeemed only on an Interest Payment Date, 60 days prior to the Interest Payment Date occurring immediately before the earliest date on which the Issuer would be obliged to pay such additional amounts if a payment in respect of the Notes were then due.

Prior to the publication of any notice of redemption pursuant to this paragraph, the Issuer shall deliver to the Fiscal Agent (A) a certificate signed by a legal representative of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred and (B) an opinion of independent legal advisers of recognised standing to the effect that the Issuer has or will become obliged to pay such additional amounts or will be unable to deduct as a result of such change or amendment. Upon the expiry of any such notice as is referred to in this Condition 13(b), the Issuer shall – subject to Condition 13(f) (*Redemption of Subordinated Notes*) and to Condition 13(h) (*Redemption of Senior Notes and Senior Non-Preferred Notes*) - be bound to redeem the Notes in accordance with this Condition 13(b).

(c) *Redemption for regulatory reasons:*

- (i) *Application:* This Condition 13(c) (*Redemption for regulatory reasons*) applies only to Notes specified in the applicable Final Terms as being Subordinated Notes.

- (ii) *Redemption*: If, at any time the Issuer determines that a Regulatory Event has occurred, the Subordinated Notes may be redeemed at the option of the Issuer (subject to Condition 13(f) (*Redemption of Subordinated Notes*) below), in whole, but not in part, at any time (if this Note is neither a Floating Rate Note nor a CMS Linked Interest Note) or on any Interest Payment Date (if the Note is either a Floating Rate Note or a CMS Linked Interest Note), on giving not less than 15 nor more than 30 days' notice to the Fiscal Agent and, in accordance with Condition 22 (*Notices*) to the Noteholders.

Prior to the publication of any notice of redemption pursuant to this Condition 13(c), the Issuer shall deliver or procure that there is delivered to the Fiscal Agent a certificate signed by two authorised signatories of the Issuer stating that the said circumstances prevail and describe the facts leading thereto, in which event it shall be conclusive and binding on the Noteholders and the Couponholders.

Upon the expiry of any such notice as is referred to in this Condition 13(c), the Issuer shall – subject to Condition 13(f) (*Redemption of Subordinated Notes*) - be bound to redeem the Notes in accordance with this Condition 13(c), at the Early Redemption Amount (Regulatory Event) described in the relevant Final Terms, together (if appropriate) with interest accrued to (but excluding) the date of redemption.

- (d) *Redemption at the option of the Issuer*: If the Call Option is specified in the relevant Final Terms as being applicable, the Notes may, subject to Condition 13(f) (*Redemption of Subordinated Notes*) and Condition 13(h) (*Redemption of Senior Notes and Senior Non-Preferred Notes*), be redeemed at the option of the Issuer in whole or, if so specified in the relevant Final Terms, in part, on any Optional Redemption Date (Call) at the relevant Optional Redemption Amount (Call) on the Issuer's giving not less than 30 nor more than 60 days' notice to the Noteholders (which notice shall – subject to Condition 13(f) (*Redemption of Subordinated Notes*) and to Condition 13(h) (*Redemption of Senior Notes and Senior Non-Preferred Notes*), - be irrevocable and shall oblige the Issuer to redeem the Notes or, as the case may be, the Notes specified in such notice on the relevant Optional Redemption Date (Call) at the Optional Redemption Amount (Call) plus accrued interest (if any) to such date).
- (e) *Partial redemption*: If the Notes are to be redeemed in part only on any date in accordance with Condition 13(d) (*Redemption at the option of the Issuer*), the Notes to be redeemed shall be selected by the drawing of lots in such place as the Fiscal Agent approves and in such manner as the Fiscal Agent considers appropriate, subject to compliance with applicable law and the rules of each listing authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation, and the notice to Noteholders referred to in Condition 13(d) (*Redemption at the option of the Issuer*) shall specify the serial numbers of the Notes so to be redeemed. If any Maximum Redemption Amount or Minimum Redemption Amount is specified in the relevant Final Terms, then the Optional Redemption Amount (Call) shall in no event be greater than the maximum or less than the minimum so specified.
- (f) *Redemption of Subordinated Notes*: Any redemption of the Subordinated Notes in accordance with Condition 13(a) (*Scheduled redemption*), Condition 13(b) (*Redemption for tax reasons*), Condition 13(c) (*Redemption for regulatory reasons*), Condition 13(d) (*Redemption at the option of the Issuer*), any purchase in accordance with Condition 13(k) (*Purchase*) and, for the avoidance of doubt, any modification in

accordance with Condition 20 (*Meetings of Noteholders; Modification and Waiver*), shall be subject to compliance with the then Applicable Banking Regulations, including, as relevant:

- (i) the Issuer having obtained the prior permission of the Relevant Authority in accordance with Articles 77 and 78 of the CRR, as amended or replaced from time to time, where either:
 - (A) on or before such call, redemption, repayment or repurchase (as applicable), the Issuer replaces the Subordinated Notes with Own Funds instruments of equal or higher quality at terms that are sustainable for its income capacity; or
 - (B) the Issuer has demonstrated to the satisfaction of the Relevant Authority that its Own Funds would, following such call, redemption, repayment or repurchase, exceed the capital requirements laid down in the Applicable Banking Regulations by a margin that the Relevant Authority considers necessary; and
- (ii) in respect of a call, redemption repayment or repurchase prior to the fifth anniversary of the Issue Date of the relevant Subordinated Notes, if and to the extent required under Article 78(4) of the CRR or the Capital Instruments Regulation:
 - (A) in the case of redemption pursuant to Condition 13(b) (*Redemption for tax reasons*), the Issuer having demonstrated to the satisfaction of the Relevant Authority that the change in the applicable tax treatment of the Notes is material and was not reasonably foreseeable as at the Issue Date; or
 - (B) in case of redemption pursuant to Condition 13(c) (*Redemption for regulatory reasons*), a Regulatory Event has occurred; or
 - (C) on or before the relevant call, redemption, repayment or repurchase, the Issuer replaces the Notes with Own Funds instruments of equal or higher quality at terms that are sustainable for income capacity of the Issuer and the Relevant Authority has permitted that action on the basis of the determination that it would be beneficial from a prudential point of view and justified by exceptional circumstances; or
 - (D) the Subordinated Notes are repurchased for market making purposes,

subject in any event to any alternative or additional conditions or requirements as may be applicable from time to time under the Applicable Banking Regulations.

The Relevant Authority may grant a general prior permission, for a specified period which shall not exceed one year, to redeem or purchase (including for market making purposes) the Subordinated Notes, in the limit of a predetermined amount, which shall not exceed the lower of (i) 10 per cent. (or any other threshold as may be requested or required by the Relevant Authority from time to time) of the aggregate nominal amount of the relevant Subordinated Notes and (ii) 3 per cent. (or any other threshold as may be requested or required by the Relevant Authority from time to time) of the outstanding

aggregate nominal amount of the Tier 2 Instruments of the Issuer at the relevant time, subject to criteria that ensure that any such redemption or purchase will be in accordance with the conditions set out at letters (A) and (B) of sub-paragraph (i) of the preceding paragraph.

For the avoidance of doubt, any refusal of the Relevant Authority to grant its permission in accordance with Article 78 of the CRR shall not constitute a default of the Issuer for any purposes.

Amounts that would otherwise be payable on the due date will continue to bear interest until whichever is the earlier of (i) the day on which all sums due in respect of such Subordinated Notes up to that day are received by or on behalf of the Noteholders and (ii) the day which is seven days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of such Subordinated Notes up to such seventh day.

(g) *Redemption of Senior Notes and Senior Non-Preferred Notes*

Any redemption of the Senior Notes or Senior Non-Preferred Notes in accordance with Condition 13(a) (*Scheduled redemption*), Condition 13(b) (*Redemption for tax reasons*), Condition 13(d) (*Redemption at the option of the Issuer*), Condition 13(i) (*Issuer Call due to an MREL Disqualification Event*), any purchase in accordance with Condition 13(k) (*Purchases*) and, for the avoidance of doubt, any modification in accordance with Condition 20 (*Meetings of Noteholders; Modification and Waiver*), shall be subject, to the extent such Senior Notes or Senior Non-Preferred Notes qualify at such time as liabilities that are eligible to meet the MREL Requirements or, in case of a redemption pursuant to Condition 13(i) (*Issuer Call due to an MREL Disqualification Event*), qualified as liabilities that are eligible to meet the MREL Requirements before the occurrence of the MREL Disqualification Event, to compliance with the then Applicable Banking Regulations, including, as relevant, the condition that the Issuer has obtained the prior permission of the Relevant Authority in accordance with Article 78a of the CRR, where one of the following conditions is met:

- (i) on or before such call, redemption, repayment or repurchase (as applicable), the Issuer replaces the Relevant Notes with Own Funds instruments or Eligible Liabilities Instruments of equal or higher quality at terms that are sustainable for its income capacity; or
- (ii) the Issuer has demonstrated to the satisfaction of the Relevant Authority that its Own Funds and Eligible Liabilities would, following such call, redemption, repayment or repurchase, exceed the requirements for Own Funds and Eligible Liabilities laid down in the Applicable Banking Regulations by a margin that the Relevant Authority considers necessary; or
- (iii) the Issuer has demonstrated to the satisfaction of the Relevant Authority that the partial or full replacement of the relevant notes with Own Funds instruments is necessary to ensure compliance with the Own Funds requirements laid down in the Applicable Banking Regulations for continuing authorisation,

subject in any event to any different conditions or requirements as may be applicable from time to time under the Applicable Banking Regulations.

The Relevant Authority may grant a general prior permission, for a specified period which shall not exceed one year, to redeem or purchase (including for market making purposes) Senior Notes or Senior Non-Preferred Notes, in the limit of a predetermined amount, instruments, subject to criteria that ensure that any such redemption or purchase will be in accordance with the conditions set out in sub-paragraphs (i) and (ii) of the preceding paragraph.

For the avoidance of doubt, any refusal of the Relevant Authority to grant its permission in accordance with Article 78a of the CRR shall not constitute a default of the Issuer for any purposes.

(h) *Issuer Call due to an MREL Disqualification Event*

This Condition 13(i) applies only to Senior Notes and Senior Non-Preferred Notes.

If Issuer Call due to an MREL Disqualification Event is specified as being applicable in the applicable Final Terms, the Issuer may (subject to the provisions of Condition 13(h) (*Redemption of Senior Notes and Senior Non-Preferred Notes*)), having given not less than the minimum period nor more than the maximum period of notice specified in the applicable Final Terms to the Noteholders and the Fiscal Agent in accordance with Condition 22 (*Notices*) (which notice shall specify the date fixed for redemption) redeem all or some only of the Notes then outstanding at any time (if the Note is not a Floating Rate Note, an Index Linked Interest Note or a Dual Currency Interest Note) or on any Interest Payment Date (if this Note is a Floating Rate Note, an Index Linked Interest Note or a Dual Currency Interest Note), if the Issuer determines that an MREL Disqualification Event has occurred and is continuing.

Upon the expiry of any such notice as is referred to in this Condition 13(i), the Issuer shall – subject to Condition 13(h) (*Redemption of Senior Notes and Senior Non-Preferred Notes*) – be bound to redeem the Notes in accordance with this Condition 13(i) at the Early Redemption Amount described in the applicable Final Terms, together (if appropriate) with interest accrued to (but excluding) the date of redemption.

- (i) *No other redemption*: The Issuer shall not be entitled to redeem the Notes otherwise than as provided in Conditions 13(a) (*Scheduled redemption*) to 13(i) (*Issuer Call due to an MREL Disqualification Event*).
- (j) *Early redemption of Zero Coupon Notes*: Unless otherwise specified in the relevant Final Terms, the Redemption Amount payable on redemption of a Zero Coupon Note at any time before the Maturity Date shall be an amount equal to the sum of:
 - (i) the Reference Price; and
 - (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price from (and including) the Issue Date to (but excluding) the date fixed for redemption or (as the case may be) the date upon which the Note becomes due and payable.

Where such calculation is to be made for a period which is not a whole number of years, the calculation in respect of the period of less than a full year shall be made on the basis of such Day Count Fraction as may be specified in the relevant Final Terms for the

purposes of this Condition 13(i) or, if none is so specified, a Day Count Fraction of 30E/360.

- (k) *Purchase*: The Issuer or any of its Subsidiaries may at any time, including for market making purposes, purchase Notes in the open market or otherwise and at any price, *provided that*:
 - (i) all unmatured Coupons are purchased therewith; and
 - (ii) in the case of Subordinated Notes, Senior Notes and Senior Non-Preferred Notes, the purchase of the relevant Subordinated Notes, Senior Notes and Senior Non-Preferred Notes by the Issuer or any of its Subsidiaries shall take place subject as provided in Condition 13(f) (*Redemption of Subordinated Notes*) and Condition 13(h) (*Redemption of Senior Notes and Senior Non-Preferred Notes*).
- (l) *Cancellation*: All Notes which are so redeemed or purchased and subsequently surrendered for cancellation by the Issuer or any of its Subsidiaries and any unmatured Coupons attached to or surrendered with them shall be cancelled and may not be reissued or resold.

14. **Payments**

- (a) *Principal*: Payments of principal shall be made only against presentation and (*provided that* payment is made in full) surrender of Notes at the Specified Office of any Paying Agent outside the United States by cheque drawn in the currency in which the payment is due on, or by transfer to an account denominated in that currency (or, if that currency is euro, any other account to which euro may be credited or transferred) and maintained by the payee with, a bank in the Principal Financial Centre of that currency (in the case of a sterling cheque, a town clearing branch of a bank in the City of London).
- (b) *Interest*: Payments of interest shall, subject to Condition 14(h) (*Payments other than in respect of matured Coupons*) below, be made only against presentation and (*provided that* payment is made in full) surrender of the appropriate Coupons at the Specified Office of any Paying Agent outside the United States in the manner described in 14(a) (*Principal*) above.
- (c) *Payments in New York City*: Payments of principal or interest may be made at the Specified Office of a Paying Agent in New York City if (i) the Issuer has appointed Paying Agents outside the United States with the reasonable expectation that such Paying Agents will be able to make payment of the full amount of the interest on the Notes in the currency in which the payment is due when due, (ii) payment of the full amount of such interest at the offices of all such Paying Agents is illegal or effectively precluded by exchange controls or other similar restrictions and (iii) payment is permitted by applicable United States law.
- (d) *Payments subject to fiscal laws*: All payments in respect of the Notes are subject in all cases to (i) any applicable fiscal or other laws and regulations in the place of payment, but without prejudice to the provisions of Condition 15 (*Taxation*) and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 or otherwise imposed pursuant to Sections 1471 through 1474 of that Code, any regulations or agreements thereunder,

official interpretations thereof or any law implementing an intergovernmental approach thereto. No commissions or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.

- (e) *Deductions for unmatured Coupons*: If the relevant Final Terms specifies that the Fixed Rate Note Provisions are applicable and a Note is presented without all unmatured Coupons relating thereto:
- (i) if the aggregate amount of the missing Coupons is less than or equal to the amount of principal due for payment, a sum equal to the aggregate amount of the missing Coupons will be deducted from the amount of principal due for payment; *provided, however, that* if the gross amount available for payment is less than the amount of principal due for payment, the sum deducted will be that proportion of the aggregate amount of such missing Coupons which the gross amount actually available for payment bears to the amount of principal due for payment;
 - (ii) if the aggregate amount of the missing Coupons is greater than the amount of principal due for payment:
 - (A) so many of such missing Coupons shall become void (in inverse order of maturity) as will result in the aggregate amount of the remainder of such missing Coupons (the "**Relevant Coupons**") being equal to the amount of principal due for payment; *provided, however, that* where this sub-paragraph would otherwise require a fraction of a missing Coupon to become void, such missing Coupon shall become void in its entirety; and
 - (B) a sum equal to the aggregate amount of the Relevant Coupons (or, if less, the amount of principal due for payment) will be deducted from the amount of principal due for payment; *provided, however, that*, if the gross amount available for payment is less than the amount of principal due for payment, the sum deducted will be that proportion of the aggregate amount of the Relevant Coupons (or, as the case may be, the amount of principal due for payment) which the gross amount actually available for payment bears to the amount of principal due for payment.

Each sum of principal so deducted shall be paid in the manner provided in paragraph (a) above against presentation and (*provided that* payment is made in full) surrender of the relevant missing Coupons.

- (f) *Unmatured Coupons void*: If the relevant Final Terms specifies that this Condition 14(f) is applicable or that the Floating Rate Note Provisions or CMS Linked Interest Note Provisions are applicable, on the due date for final redemption of any Note or early redemption in whole of such Note pursuant to Condition 13(b) (*Redemption for tax reasons*), Condition 13(c) (*Redemption for regulatory reasons*), Condition 13(d) (*Redemption at the option of the Issuer*), Condition 13(g) (*Redemption at the option of Noteholders*), Condition 13(i) (*Issuer Call due to an MREL Disqualification Event*), or Condition 16 (*Events of Default*), all unmatured Coupons relating thereto (whether or not still attached) shall become void and no payment will be made in respect thereof.

- (g) *Payments on business days*: If the due date for payment of any amount in respect of any Note or Coupon is not a Payment Business Day in the place of presentation, the holder shall not be entitled to payment in such place of the amount due until the next succeeding Payment Business Day in such place and shall not be entitled to any further interest or other payment in respect of any such delay.
- (h) *Payments other than in respect of matured Coupons*: Payments of interest other than in respect of matured Coupons shall be made only against presentation of the relevant Notes at the Specified Office of any Paying Agent outside the United States (or in New York City if permitted under Condition 13(c) (*Payments in New York City*)).
- (i) *Exchange of Talons*: On or after the maturity date of the final Coupon which is (or was at the time of issue) attached to the Notes, the Talon attached to such Note may be exchanged at the Specified Office of the Fiscal Agent for further Coupons, as the case may be (including, if appropriate, a further Talon but excluding any Coupons in respect of which claims have already become void pursuant to Condition 17 (*Prescription*)). Upon the due date for redemption of any Note, any unexchanged Talon relating to such Note shall become void and no Coupon will be delivered in respect of such Talon.

15. **Taxation**

- (a) *Gross up*: All payments of principal (if applicable) and interest in respect of the Notes and the Coupons by or on behalf of the Issuer shall be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of Italy or any political subdivision therein or any authority therein or thereof having power to tax, unless the withholding or deduction of such taxes, duties, assessments, or governmental charges is required by law. In that event, the Issuer shall pay such additional amounts as will result in receipt by the Noteholders and the Couponholders after such withholding or deduction of the amounts of principal, in the case of Senior Notes not qualifying at such time as liabilities that are eligible to meet the MREL Requirements only (if permitted by the Applicable Banking Regulations), and interest, in the case of any Notes, as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable in respect of any Note or Coupon presented for payment:
 - (i) by or on behalf of a holder which is liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of its having some connection with the Republic of Italy other than the mere holding of such Note or Coupon; or
 - (ii) by a non-Italian resident entity or individual which is resident for tax purposes in a country which does not allow for a satisfactory exchange of information with the Italian tax authorities; or
 - (iii) by an Italian resident, to the extent that interest is paid to an Italian individual or an Italian legal entity not carrying on a business (including, but not limited to (A) partnerships, de facto partnerships not carrying on a business and professional associations, (B) public and private resident entities, other than companies, not carrying on a business, and (C) certain other Persons exempt from corporate income tax) or to such other Italian resident entities which have

been or may be identified by Legislative Decree 239 of 1 April 1996 and related regulations of implementation which have been or may subsequently be enacted ("**Decree 239**"); or

- (iv) in all circumstances in which the requirements and procedures set forth in Decree 239 have not been met or complied with except where such requirements and procedures have not been met or complied with due to the actions or omissions of the Issuer or its agents; or
 - (v) more than 30 days after the Relevant Date except to the extent that the relevant holder would have been entitled to such additional amounts if it had presented such Note or Coupon on the last day of such period of 30 days.
- (b) *Taxing jurisdiction*: If the Issuer becomes subject at any time to any taxing jurisdiction other than Italy, references in these Conditions to Italy shall be construed as references to Italy and/or such other jurisdiction. The Issuer or any Paying Agent shall be entitled to make any withholding or deduction but will have no obligation to pay additional amounts in respect of the Notes for any such withholding or deduction imposed on or with respect to section 1471 through section 1474 of the U.S. Internal Revenue Code of 1986, as amended ("**FATCA**"), any treaty, intergovernmental agreement, law, regulation or other official guidance implementing FATCA, or any agreement between the Issuer or any Paying Agent and the United States, Italy or any authority of any of the foregoing implementing FATCA.

16. **Events of Default**

If any of the following events occurs:

- (i) *Winding-up etc*: an order is made or an effective resolution is passed for the winding up, liquidation or dissolution of the Issuer (otherwise than for the purposes of and pursuant to an amalgamation, reorganisation or restructuring whilst solvent); or
- (ii) *Analogous event*: any event occurs which under the laws of Italy has an analogous effect to any of the events referred to in paragraph (i) (*Winding up, etc.*) above,

then any Note may, by written notice addressed by the holder thereof to the Issuer and delivered to the Issuer or to the Specified Office of the Fiscal Agent, be declared immediately due and payable, whereupon it shall become immediately due and payable at its Early Termination Amount together with accrued interest (if any) without further action or formality.

No Event of Default shall occur other than in the context of paragraphs (i) or (ii), above, (and, for the avoidance of doubt, resolution proceeding(s) or moratoria imposed by a resolution authority in respect of the relevant Issuer shall not constitute an Event of Default for the Notes for any purpose).

17. **Prescription**

Claims for principal shall become void unless the relevant Notes are presented for payment within ten years of the appropriate Relevant Date. Claims for interest shall

become void unless the relevant Coupons are presented for payment within five years of the appropriate Relevant Date.

18. **Replacement of Notes and Coupons**

If any Note or Coupon is lost, stolen, mutilated, defaced or destroyed, it may be replaced at the Specified Office of the Fiscal Agent (and, if the Notes are then admitted to listing, trading and/or quotation by any listing authority, stock exchange and/or quotation system which requires the appointment of a Paying Agent in any particular place, the Paying Agent having its Specified Office in the place required by such listing authority, stock exchange and/or quotation system), subject to all applicable laws and listing authority, stock exchange and/or quotation system requirements, upon payment by the claimant of the expenses incurred in connection with such replacement and on such terms as to evidence, security, indemnity and otherwise as the Issuer may reasonably require. Mutilated or defaced Notes or Coupons must be surrendered before replacements will be issued.

19. **Agents**

In acting under the Agency Agreement and in connection with Notes and Coupons, the Paying Agents act solely as agents of the Issuer and do not assume any obligations towards or relationship of agency or trust for or with any holder of any Note or Coupon.

The initial Paying Agents and their initial Specified Offices are listed below. The initial Calculation Agent (if any) is specified in the relevant Final Terms. The Issuer reserves the right at any time to vary or terminate the appointment of any Paying Agent and to appoint a successor fiscal agent or Calculation Agent and additional or successor paying agents; *provided, however, that:*

- (i) the Issuer shall at all times maintain a Fiscal Agent; and
- (ii) the Issuer will ensure that they maintain a Paying Agent in an EU member state that will not be obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC on the taxation of savings or any law implementing or complying with, or introduced to conform to, such Directive; and
- (iii) if a Calculation Agent is specified in the relevant Final Terms, the Issuer shall at all times maintain a Calculation Agent; and
- (iv) the Issuer shall at all times maintain a Paying Agent outside the Republic of Italy; and
- (v) if and for so long as the Notes are admitted to listing, trading and/or quotation by any listing authority, stock exchange and/or quotation system the rules of which require the appointment of a Paying Agent in any particular place, the Issuer shall maintain a Paying Agent having its Specified Office in the place required by the rules of such listing authority, stock exchange and/or quotation system.

Notice of any change in any of the Paying Agents or in their Specified Offices shall promptly be given to the Noteholders.

20. Meetings of Noteholders; Modification and Waiver

- (a) *Meetings of Noteholders:* The Conditions may not be amended without the prior approval of the Relevant Authority (if applicable). The Agency Agreement contains provisions for convening meetings of Noteholders to consider matters relating to the Notes, including the modification of any provision of these Conditions. Any such modification may be made if sanctioned by an Extraordinary Resolution. Such a meeting may be convened by the Issuer and shall be convened by it upon the request in writing of Noteholders holding not less than one-tenth of the aggregate principal amount of the outstanding Notes. The quorum at any meeting convened to vote on an Extraordinary Resolution will be one or more Persons holding or representing one more than half of the aggregate principal amount of the outstanding Notes or, at any adjourned meeting, one or more Persons being or representing Noteholders whatever the principal amount of the Notes held or represented; *provided, however, that* Reserved Matters may only be sanctioned by an Extraordinary Resolution passed at a meeting of Noteholders at which one or more Persons holding or representing not less than three-quarters or, at any adjourned meeting, one quarter of the aggregate principal amount of the outstanding Notes form a quorum. Any Extraordinary Resolution duly passed at any such meeting shall be binding on all the Noteholders and Couponholders, whether present or not.

Any such meeting of the Noteholders may be convened at a physical location, or such other method (which may include, without limitation, a conference call or video conference) as the Issuer may determine in accordance with the provisions of the Agency Agreement.

In addition, a resolution in writing signed by or on behalf of all Noteholders who for the time being are entitled to receive notice of a meeting of Noteholders will take effect as if it were an Extraordinary Resolution. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Noteholders.

- (b) *Modification:* The Notes and these Conditions may be amended without the consent of the Noteholders or the Couponholders to correct a manifest error. The parties to the Agency Agreement may agree to modify any provision thereof, but the Issuer shall not agree, without the consent of the Noteholders, to any such modification unless it is of a formal, minor or technical nature, it is made to correct a manifest error or it is, in the opinion of such parties, not materially prejudicial to the interests of the Noteholders. In addition, the Issuer and the Fiscal Agent may agree to such modification to the Notes, Coupons and the Agency Agreement as may be required to give effect to Condition 10 (*Benchmark Replacement*) in connection with any Alternative Reference Rate, Successor Rate or other related changes or in order to give effect to any modification of the Notes pursuant to Condition 20 (c) (*Modification of Subordinated Notes following a Regulatory Event or a Tax Event*) and Condition 20 (d) (*Modification of Senior Notes and Senior Non-Preferred Notes following an MREL Disqualification Event*). Any such modification shall be binding on the holders of the Noteholders and Couponholders and any such modification shall be notified to the Noteholders in accordance with Condition 22 (*Notices*) as soon as practicable thereafter.
- (c) *Modification of Subordinated Notes following a Regulatory Event or a Tax Event:* This Condition 20(c) applies to Subordinated Notes if Modification or Substitution of Subordinated Notes for Regulatory Event or Tax Event is specified in the Final Terms

as being applicable. If at any time a Tax Event or a Regulatory Event occurs and/or in order to ensure the effectiveness and enforceability of Condition 26 (*Agreement and Acknowledgment with Respect to the Exercise of Bail-in Power*), then the Issuer may vary the terms of the Subordinated Notes, at any time without any requirement for consent of the holders of Subordinated Notes, so that the Subordinated Notes are varied to, become or remain, the Qualifying Subordinated Notes, subject to having given not less than 30 nor more than 60 days' notice to the Fiscal Agent and the holders of Subordinated Notes and subject to receiving the prior consent from the Relevant Authority if and as required therefor under the Applicable Banking Regulations and in accordance with the Applicable Banking Regulations in force at the relevant time.

The holders of Subordinated Notes shall, by virtue of subscribing and/or purchasing and holding any Subordinated Notes, be deemed to have accepted the modification of the terms of Subordinated Notes and to have granted to the Issuer full powers and authority to take any action and/or execute and deliver any document in the name and /or on behalf of the holders of Subordinated Notes which is necessary or convenient to implement the modification of the terms of Subordinated Notes.

For the purposes of this Condition 20(c), "**Qualifying Subordinated Notes**" means securities issued directly or indirectly by the Issuer that:

- (i) other than in respect of the effectiveness and enforceability of Condition 26 (*Agreement and Acknowledgment with Respect to the Exercise of Bail-in Powers*), have the terms not less favourable to the holders of Subordinated Notes, certified by the Issuer acting reasonably following consultation with an investment bank or financial adviser of international standing, than the terms of the Subordinated Notes, and they shall also (A) contain terms such that they comply with the then-current minimum requirements under the Applicable Banking Regulations for inclusion in the Tier 2 Capital of the Issuer; (B) provide for a ranking at least equal to that of the Subordinated Notes; (C) have at least the same interest rate and the same Interest Payment Dates as those from time to time applying to the Subordinated Notes; (D) have the same redemption rights as the Subordinated Notes; (E) preserve any existing rights under the Subordinated Notes to any accrued interest which has not been paid in respect of the period from (and including) the Interest Payment Date last preceding the date of modification; (F) are assigned (or maintain) the same or higher solicited credit ratings with the same outlook as were assigned to the Subordinated Notes (if rated) immediately prior to modification, unless any downgrade is solely attributable to the effectiveness and enforceability of Condition 26 (*Agreement and Acknowledgment with Respect to the Exercise of Bail-in Power*); and (G) other than in respect of the effectiveness and enforceability of Condition 26 (*Agreement and Acknowledgment with Respect to the Exercise of Bail-in Power*), have terms not materially less favourable to a holder of the Subordinated Notes, certified by the Issuer acting reasonably following consultation with an investment bank or financial adviser of international standing which is independent of the Group, than the terms of the Subordinated Notes;
- (ii) are listed or admitted to trading on a recognised stock exchange if the Subordinated Notes were listed or admitted to trading immediately prior to such modification.

(d) *Modification of Senior Notes and Senior Non-Preferred Notes following an MREL Disqualification Event:*

In addition, if at any time an MREL Disqualification Event occurs and/or in order to ensure the effectiveness and enforceability of Condition 26 (*Agreement and Acknowledgment with Respect to the Exercise of Bail-in Power*), then the Issuer may, subject to giving any notice required to be given to, and receiving any consent required from, the Relevant Authority (without any requirement for the consent or approval of the holders of the relevant Notes of that Series) and having given not less than 30 nor more than 60 days' notice to the Fiscal Agent and the holders of the Notes of that Series, at any time vary the terms of such Notes so that they remain or, as appropriate, become Qualifying Senior Notes or Qualifying Senior Non-Preferred Notes, as applicable, *provided that* such variation does not itself give rise to any right of the Issuer to redeem the varied securities.

For the purposes of this Condition 20(d), "**Qualifying Senior Non-Preferred Notes**" means securities issued directly or indirectly by the Issuer that:

- (i) other than in respect of the effectiveness and enforceability of Condition 26 (*Agreement and Acknowledgment with Respect to the Exercise of Bail-in Power*), have terms not materially less favourable to a holder of the Senior Non-Preferred Notes (as reasonably determined by the Issuer) than the terms of the Senior Non-Preferred Notes, and they shall also (A) contain terms which at such time result in such securities being eligible to count towards fulfilment of the Issuer's and/or the Group's (as applicable) minimum requirements for own funds and eligible liabilities under the then applicable MREL Requirements; (B) include a ranking at least equal to that of the Senior Non-Preferred Notes; (C) have at least the same interest rate and the same Interest Payment Dates as those from time to time applying to the Senior Non-Preferred Notes; (D) have the same redemption rights as the Senior Non-Preferred Notes; (E) preserve any existing rights under the Senior Non-Preferred Notes to any accrued interest which has not been paid in respect of the period from (and including) the Interest Payment Date last preceding the date of modification; (F) are assigned (or maintain) the same or higher solicited credit ratings as were assigned to the Senior Non-Preferred Notes immediately prior to such variation, unless any downgrade is solely attributable to the effectiveness and enforceability of Condition 26 (*Agreement and Acknowledgment with Respect to the Exercise of Bail-in Power*); and (G) other than in respect of the effectiveness and enforceability of Condition 26 (*Agreement and Acknowledgment with Respect to the Exercise of Bail-in Power*), have terms not materially less favourable to a holder of the Senior Non-Preferred Notes, certified by the Issuer acting reasonably following consultation with an investment bank or financial adviser of international standing which is independent of the Group, than the terms of the Senior Non-Preferred Notes;
- (ii) are listed on a recognised stock exchange if the Senior Non-Preferred Notes were listed immediately prior to such variation.

For the purposes of this Condition 20(d), "**Qualifying Senior Notes**" means securities issued directly or indirectly by the Issuer that:

- (i) other than in respect of the effectiveness and enforceability of Condition 26 (*Agreement and Acknowledgment with Respect to the Exercise of Bail-in Power*), have terms not materially less favourable to a holder of the Senior Notes (as reasonably determined by the Issuer) than the terms of the Senior Notes, and they shall also (A) contain terms which at such time result in such securities being eligible to count towards fulfilment of the Issuer's and/or the Group's (as applicable) minimum requirements for own funds and eligible liabilities under the then applicable MREL Requirements; (B) include a ranking at least equal to that of the Senior Notes; (C) have at least the same interest rate and the same Interest Payment Dates as those from time to time applying to the Senior Notes; (D) have the same redemption rights as the Senior Notes; (E) preserve any existing rights under the Senior Notes to any accrued interest which has not been paid in respect of the period from (and including) the Interest Payment Date last preceding the date of modification; (F) are assigned (or maintain) the same or higher solicited credit ratings as were assigned to the Senior Notes immediately prior to such variation, unless any downgrade is solely attributable to the effectiveness and enforceability of Condition 26 (*Agreement and Acknowledgment with Respect to the Exercise of Bail-in Power*); and (G) other than in respect of the effectiveness and enforceability of Condition 26 (*Agreement and Acknowledgment with Respect to the Exercise of Bail-in Power*), have terms not materially less favourable to a holder of the Senior Notes, certified by the Issuer acting reasonably following consultation with an investment bank or financial adviser of international standing which is independent of the Group, than the terms of the Senior Notes;
- (ii) are listed on a recognised stock exchange if the Senior Notes were listed immediately prior to such variation.

21. **Further Issues**

The Issuer may from time to time, without the consent of the Noteholders or the Couponholders, create and issue further notes having the same terms and conditions as the Notes in all respects (or in all respects except for the Issue Price, the Issue Date and/or the first payment of interest) so as to form a single series with the Notes.

22. **Notices**

Notices to the Noteholders shall be valid if published in a leading English language daily newspaper published in London (which is expected to be the *Financial Times*) and, if the Notes which are listed on the Luxembourg Stock Exchange and the rules of that exchange so require, a leading newspaper having general circulation in Luxembourg (which is expected to be the *Luxemburger Wort*) or on the website of the Luxembourg Stock Exchange (www.bourse.lu) or in either case, if such publication is not practicable, in a leading English language daily newspaper having general circulation in Europe. Any such notice shall be deemed to have been given on the date of first publication (or if required to be published in more than one newspaper, on the first date on which publication shall have been made in all the required newspapers). Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the Noteholders.

23. **Currency Indemnity**

If any sum due from the Issuer in respect of the Notes or the Coupons or any order or judgment given or made in relation thereto has to be converted from the currency (the "**first currency**") in which the same is payable under these Conditions or such order or judgment into another currency (the "**second currency**") for the purpose of (a) making or filing a claim or proof against the Issuer, (b) obtaining an order or judgment in any court or other tribunal or (c) enforcing any order or judgment given or made in relation to the Notes, the Issuer shall indemnify each Noteholder, on the written demand of such Noteholder addressed to the Issuer and delivered to the Issuer or to the Specified Office of the Fiscal Agent, against any loss suffered as a result of any discrepancy between (i) the rate of exchange used for such purpose to convert the sum in question from the first currency into the second currency and (ii) the rate or rates of exchange at which such Noteholder may in the ordinary course of business purchase the first currency with the second currency upon receipt of a sum paid to it in satisfaction, in whole or in part, of any such order, judgment, claim or proof.

This indemnity constitutes a separate and independent obligation of the Issuer and shall give rise to a separate and independent cause of action.

24. **Rounding**

For the purposes of any calculations referred to in these Conditions (unless otherwise specified in these Conditions or the relevant Final Terms), (a) all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with 0.000005 per cent. being rounded up to 0.00001 per cent.), (b) all United States dollar amounts used in or resulting from such calculations will be rounded to the nearest cent (with one half cent being rounded up), (c) all Japanese Yen amounts used in or resulting from such calculations will be rounded downwards to the next lower whole Japanese Yen amount, and (d) all amounts denominated in any other currency used in or resulting from such calculations will be rounded to the nearest two decimal places in such currency, with 0.005 being rounded upwards.

25. **Governing Law and Jurisdiction**

- (a) *Governing law:* The Notes and any non-contractual obligations arising out of or in connection with the Notes are governed by Italian law.
- (b) *Milan courts:* The courts of Milan have exclusive jurisdiction to settle any dispute (a "**Dispute**") arising out of or in connection with the Notes (including a dispute relating to the existence, validity or termination of the Notes or any non-contractual obligation arising out of or in connection with the Notes) or the consequences of their nullity.
- (c) *Appropriate forum:* The Issuer agrees that the courts of Milan are the most appropriate and convenient courts to settle any Dispute and, accordingly, that it will not argue to the contrary.

26. **Agreement and Acknowledgment with Respect to the Exercise of Bail-in Power**

- (a) *Recognition of Bail-in*

Notwithstanding and to the exclusion of any other term of the Notes or any other agreements, arrangements, or understandings between the Issuer and any Noteholder, by its acquisition of the Notes, each Noteholder (which includes each holder of a beneficial interest in the Notes), acknowledges and accepts that the Amounts Due arising under these Notes may be subject to the exercise of Bail-in Powers by the Resolution Authority, and acknowledges, accepts, consents and agrees to be bound by:

- (i) the effect of the exercise of any Bail-in Power by the Resolution Authority, that may include and result in any of the following, or some combination thereof:
 - (A) the reduction of all, or a portion, of the Amounts Due;
 - (B) the conversion of all, or a portion, of the Amounts Due on the Notes into shares, other securities or other obligations of the Issuer or another person (and the issue to or conferral on the Noteholder of such shares, securities or obligations), including by means of an amendment, modification or variation of the terms of the Notes.
 - (C) the cancellation of the Notes;
 - (D) the amendment or alteration of the maturity of the Notes or amendment of the amount of interest payable on the Notes, or the date on which the interest becomes payable, including by suspending payment for a temporary period;
- (ii) the variation of the terms of the Notes, if necessary, to give effect to the exercise of Bail-in Power by the Resolution Authority.

(b) *Payment of Interest and Other Outstanding Amounts Due*

No repayment or payment of Amounts Due on the Notes, will become due and payable or be paid after the exercise of any Bail-in Power by the Resolution Authority if and to the extent such amounts have been reduced, converted, cancelled, amended or altered as a result of such exercise.

(c) *Event of Default*

Neither a reduction or cancellation, in part or in full, of the Amounts Due, the conversion thereof into another security or obligation of the Issuer or another person, as a result of the exercise of the Bail-in Power by the Resolution Authority with respect to the Issuer, nor the exercise of the Bail-in Power by the Resolution Authority with respect to the Notes will be an Event of Default or a default for any purpose.

(d) *Notice to Noteholders*

Upon the exercise of the Bail-in Power by the Resolution Authority with respect to the Notes, the Issuer will provide a written notice to the Noteholders in accordance with Condition 18 as soon as practicable regarding such exercise of the Bail-in Power. The Issuer will also deliver a copy of such notice to the Fiscal Agent for information purposes. Any delay or failure by the Issuer to give notice shall not affect the validity and enforceability of the Bail-in Power nor the effects on the Notes described in this Condition 26.

(e) *Exhaustiveness*

Each Noteholder also acknowledges and agrees that this provision is exhaustive on the matters described herein to the exclusion of any other agreements, arrangements or understandings relating to the application of any Bail-in Power to the Notes.

For the purposes of this Condition 26:

"Amounts Due" are the principal amount of or outstanding amount, together with any accrued but unpaid interest, due on the Notes. References to such amounts will include amounts that have become due and payable, but which have not been paid, prior to the exercise of Bail-in Power by the Resolution Authority;

"Bail-in Power" means any write-down, conversion, transfer, modification or suspension power existing from time to time under, and exercised in compliance with, any law or regulation in effect in Italy, relating to the transposition of Directive 2014/59/EU establishing a framework for the recovery and resolution of credit institutions and investment firms, including but not limited to the Bail-In Legislation and Regulation (EU) No 806/2014 and the instruments, rules and standards created thereunder, pursuant to which:

- (i) any obligation of a bank or investment firm or affiliate of a bank or investment firm can be reduced, cancelled, modified or converted into shares, other securities or other obligations of such entity or any other person (or suspended for a temporary period); and
- (ii) any right in a contract governing an obligation of a bank or investment firm or affiliate of a bank or investment firm may be deemed to have been exercised.

"Resolution Authority" means the Italian resolution authority, the Single Resolution Board (SRB) established pursuant to the SRM Regulation and/or any other authority entitled to exercise or participate in the exercise of any Bail-in Power from time to time.

OVERVIEW OF PROVISIONS RELATING TO THE NOTES WHILE IN GLOBAL FORM

Clearing System Accountholders

Each Global Note will be in bearer form. Consequently, in relation to any Tranche of Notes represented by a Global Note, references in the Conditions to "Noteholder" are references to the bearer of the relevant Global Note which, for so long as the Global Note is held by a depository or a common depository (in the case of a CGN) or a common safekeeper (in the case of an NGN) for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, will be that depository or common depository or, as the case may be, common safekeeper.

Each of the persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Global Note (each an "**Accountholder**") must look solely to Euroclear and/or Clearstream, Luxembourg and/or such other relevant clearing system (as the case may be) for such Accountholder's share of each payment made by the Issuer to the bearer of such Global Note and in relation to all other rights arising under the Global Note. The extent to which, and the manner in which, Accountholders may exercise any rights arising under the Global Note will be determined by the respective rules and procedures of Euroclear and Clearstream, Luxembourg and any other relevant clearing system from time to time. For so long as the relevant Notes are represented by the Global Note, Accountholders shall have no claim directly against the Issuer in respect of payments due under the Notes and such obligations of the Issuer will be discharged by payment to the bearer of the Global Note.

Exchange of Temporary Global Notes

Whenever any interest in a Temporary Global Note is to be exchanged for an interest in a Permanent Global Note, the Issuer shall procure:

- (a) in the case of first exchange, the prompt delivery (free of charge to the bearer) of such Permanent Global Note, duly authenticated and (in the case of an NGN) effectuated, to the bearer of the Temporary Global Note; or
- (b) in the case of any subsequent exchange, an increase in the principal amount of such Permanent Global Note in accordance with its terms,

in each case in an aggregate principal amount equal to the aggregate of the principal amounts specified in the certificates issued by Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and received by the Fiscal Agent against presentation and (in the case of final exchange) surrender of the Temporary Global Note to or to the order of the Fiscal Agent within 7 days of the bearer requesting such exchange.

Whenever a Temporary Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Temporary Global Note to the bearer of the Temporary Global Note against the surrender of the Temporary Global Note to or to the order of the Fiscal Agent within 45 days of the bearer requesting such exchange.

If:

- (a) a Permanent Global Note has not been delivered or the principal amount thereof increased by 5.00 p.m. (Luxembourg time) on the seventh day after the bearer of a Temporary Global Note has requested exchange of an interest in the Temporary Global Note for an interest in a Permanent Global Note; or
- (b) Definitive Notes have not been delivered by 5.00 p.m. (Luxembourg time) on the forty-fifth day after the bearer of a Temporary Global Note has requested exchange of the Temporary Global Note for Definitive Notes; or
- (c) a Temporary Global Note (or any part thereof) has become due and payable in accordance with the Conditions or the date for final redemption of a Temporary Global Note has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer of the Temporary Global Note in accordance with the terms of the Temporary Global Note on the due date for payment,

then the Temporary Global Note (including the obligation to deliver a Permanent Global Note or increase the principal amount thereof or deliver Definitive Notes, as the case may be) will become void at 5.00 p.m. (Luxembourg time) on such seventh day (in the case of (a) above) or at 5.00 p.m. (Luxembourg time) on such forty-fifth day (in the case of (b) above) or at 5.00 p.m. (Luxembourg time) on such due date (in the case of (c) above) and the bearer of the Temporary Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Temporary Global Note or others may have under a deed of covenant dated 1 June 2022 (the "**Deed of Covenant**") executed by the Issuer). Under the Deed of Covenant, persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Temporary Global Note will acquire directly against the Issuer all those rights to which they would have been entitled if, immediately before the Temporary Global Note became void, they had been the holders of Definitive Notes in an aggregate principal amount equal to the principal amount of Notes they were shown as holding in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system.

Definitive Notes will not be printed in respect of an amount of Notes which are less than the Minimum Denomination.

Where the Notes are listed on the Luxembourg Stock Exchange and its rules so require, the Issuer will give notice of the exchange of the Permanent Global Note for Definitive Notes pursuant to Condition 22 (*Notices*).

Exchange of Permanent Global Notes

Whenever a Permanent Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and, where applicable, with Coupons and Talons attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Permanent Global Note to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note at the Specified Office of the Fiscal Agent within 45 days of the bearer requesting such exchange.

If:

- (a) Definitive Notes have not been delivered by 5.00 p.m. (Luxembourg time) on the forty-fifth day after the bearer of a Permanent Global Note has duly requested exchange of the Permanent Global Note for Definitive Notes; or
- (b) a Permanent Global Note (or any part of it) has become due and payable in accordance with the Conditions or the date for final redemption of the Notes has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer of the Permanent Global Note in accordance with the terms of the Permanent Global Note on the due date for payment,

then the Permanent Global Note (including the obligation to deliver Definitive Notes) will become void at 5.00 p.m. (Luxembourg time) on such forty-fifth day (in the case of (a) above) or at 5.00 p.m. (Luxembourg time) on such due date (in the case of (b) above) and the bearer of the Permanent Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Permanent Global Note or others may have under the Deed of Covenant). Under the Deed of Covenant, persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Permanent Global Note will acquire directly against the Issuer all those rights to which they would have been entitled if, immediately before the Permanent Global Note became void, they had been the holders of Definitive Notes in an aggregate principal amount equal to the principal amount of Notes they were shown as holding in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system.

Definitive Notes will not be printed in respect of an amount of Notes which are less than the Minimum Denomination.

Where the Notes are listed on the Luxembourg Stock Exchange and its rules so require, the Issuer will give notice of the exchange of the Permanent Global Note for Definitive Notes pursuant to Condition 22 (*Notices*).

Conditions applicable to Global Notes

Each Global Note will contain provisions which modify the Conditions as they apply to the Global Note. The following is a summary of certain of those provisions:

Payments: All payments in respect of the Global Note will be made through Euroclear and Clearstream, Luxembourg against presentation and (in the case of payment of principal in full with all interest accrued thereon) surrender of the Global Note to or to the order of any Paying Agent and will be effective to satisfy and discharge the corresponding liabilities of the Issuer in respect of the Notes. On each occasion on which a payment of principal or interest is made in respect of the Global Note, the Issuer shall procure that, in respect of a CGN, the payment is noted on a schedule thereto and, in respect of an NGN, the payment is entered *pro rata* in the records of Euroclear and Clearstream, Luxembourg.

Exercise of put option: In order to exercise the option contained in Condition 13(g) (*Redemption at the option of Noteholders*), the bearer of the Permanent Global Note must, within the period specified in the Conditions for the deposit of the relevant Note and Put Option Notice, give written notice (which, for the avoidance of doubt, may be sent in electronic form) of such exercise to the Fiscal Agent specifying the principal amount of Notes in respect of which such option is being exercised. Any such notice will be irrevocable and may not be

withdrawn. The exercise of the put option shall be effected via Euroclear and Clearstream, Luxembourg.

Partial exercise of call option: In connection with an exercise of the option contained in Condition 13(d) (*Redemption at the option of the Issuer*) in relation to some only of the Notes, the Permanent Global Note may be redeemed in part in the principal amount specified by the Issuer in accordance with the Conditions and the Notes to be redeemed will not be selected as provided in the Conditions but in accordance with the rules and procedures of Euroclear and Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg, at their discretion, as either a pool factor or a reduction in principal amount).

Notices: Notwithstanding Condition 22 (*Notices*), while all the Notes are represented by a Permanent Global Note (or by a Permanent Global Note and/or a Temporary Global Note) and the Permanent Global Note is (or the Permanent Global Note and/or the Temporary Global Note are) deposited with a depository or a common depository for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system or a common safekeeper, notices to Noteholders may be given by delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and, in any case, such notices shall be deemed to have been given to the Noteholders in accordance with Condition 22 (*Notices*) on the date of delivery to Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system; except that for so long as such Notes are admitted to trading on the Luxembourg Stock Exchange and it is also a requirement of applicable laws or regulations, such notices shall also be published in a leading newspaper having general circulation in Luxembourg (which is expected to be the *Luxemburger Wort*) or published on the website of the Luxembourg Stock Exchange (www.bourse.lu).

Payment Business Day: Notwithstanding the definition of "Payment Business Day" in Condition 2(a) (*Definitions*), while all the Notes are represented by a Permanent Global Note (or by a Permanent Global Note and/or a Temporary Global Note) and the Permanent Global Note is (or the Permanent Global Note and/or the Temporary Global Note are) deposited with a depository or a common depository for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, "**Payment Business Day**" means:

- (a) if the currency of payment is euro, any day which is a TARGET Settlement Day and a day on which dealings in foreign currencies may be carried on in each (if any) Additional Financial Centre; or
- (b) if the currency of payment is not euro, any day which is a day on which dealings in foreign currencies may be carried on in the Principal Financial Centre of the currency of payment and in each (if any) Additional Financial Centre.

Conflicts of interest

Transactions with related parties are governed by the CONSOB (*Commissione Nazionale per le Società e la Borsa*) Regulation No. 17221 dated 12 March 2010 (and subsequent amendments) ("**CONSOB Regulation 17221**") and the Bank of Italy's Provisions dated 17 December 2013 ("**Bank of Italy Circular no. 285**") on a new oversight framework on risk and conflicts of interest with related parties. The regulatory provisions provide that any transactions, whether or not made for payment, a bank enters into with a related party (as defined by CONSOB in accordance with IAS 24) or with any associated party (which, according to the Bank of Italy, includes related parties and parties having connection to related parties) should be:

- identified;
- monitored in accordance with specific indices and the Bank of Italy's prudent ratios;
- where appropriate, subject to a special decision making process, and
- notified in compliance with requirements under transparency and accounting rules.

The special conditions of procedure, transparency and quantity established by the Bank of Italy are applicable to related parties transactions and aim to create a system of oversight for transactions with related parties that can potentially influence the decision-making process when granting financing and when conducting financial negotiations concerning the Issuer

which may potentially cause damage to the stability of a bank's capital at the expense of the deposit holders and its shareholders. Under the regulatory framework, company representatives are listed among the parties that could influence the bank's operations. Furthermore, the conflict of interest could also arise in the situations where the Issuer has a significant exposure to one party or when the Issuer holds a substantial interest in any given company.

The regulatory framework requires the banks to adopt appropriate procedures designed to ensure the oversight of transactions with related or associated parties in accordance with their connection with the bank's decision-makers and their relations with each other.

By the resolutions of 25 October 2010 and most recently of 17 December 2021, as amended, the Board of Directors of the Issuer adopted the procedures necessary to ensure compliance with Article 2391-*bis* of the Italian Civil Code, the CONSOB Regulation 17221 and the Bank of Italy's Provisions. Any transactions, services or obligations which are or may be deemed risky, regardless of whether such transactions, services or obligations are entered into or performed for payment, or by a company directly or indirectly controlled by Banca Popolare dell'Alto Adige, with related parties or associated parties will have to be monitored and will be subject to a special decision making and reporting procedure. When the related or associated parties transactions are deemed to be substantial in light of the regulatory provisions, such transactions must be accounted for in relation to the relevant related party and a connection between the related party and associated parties must be assessed.

As of 1 January 2012, any financing granted to related parties and parties having connection to related parties must not exceed the prudential threshold set forth by the Bank of Italy.

In light of the Issuer's organisation structure as at the date of this Base Prospectus, the following persons are considered to be the parties related to Banca Popolare dell'Alto Adige:

- (a) members of the Board of Directors, members of the Board of Statutory Auditors, the General Manager and his substitute;
- (b) companies controlled by the Issuer or companies over which the Issuer exercises considerable influence or companies under control by a company belonging to the banking group of the Issuer.

As at the date of this Base Prospectus, the following are considered to be parties connected to the related parties of Banca Popolare dell'Alto Adige:

- (a) companies controlled by a party related to Banca Popolare dell'Alto Adige;
- (b) relatives of up to the 2nd degree, spouse (not legally separated) or common-law spouse and children of a spouse/common-law spouse of any related party indicated under letter (a);
- (c) companies, including entities without legal personality, where parties under letters (a) and (b) hold direct or indirect control or considerable influence;

as well as all entities referred to in IAS 24.

In 2021, the Issuer did not enter into any atypical transactions with the members of its Board of Directors, where such transactions could have a significant effect on the Issuer's assets. All transactions with the members of the Board of Directors were related to the ordinary activities

of the Issuer. Such transactions are regulated in accordance with market standards and with the applicable supervisory authority and company regulations.

The Issuer is not aware of any conflict of interest that exists or may exist between the duties owed to it by its directors and their other principal activities outside the Issuer and there are no activities performed by the directors of the Issuer outside the Issuer that could be considered significant with respect to the Issuer.

INDEPENDENT AUDITORS

In accordance with applicable Italian laws and regulations, the financial statements of the Issuer must be audited by an independent auditing company appointed by a resolution of the Issuer's ordinary shareholders' meeting and that such appointment must be approved by the Board of Statutory Auditors.

The independent auditors of the Issuer are KPMG S.p.A. ("**KPMG**"), with a registered office at Via Vittor Pisani 27, 20124 Milan, Italy. KPMG is registered on the Register of certified auditors (*Registro dei revisori legali*) held by the Ministry of Economy and Finance ("**MEF**") pursuant to Legislative Decree No. 39 of 27 January 2010. The shareholders' meeting of Banca Popolare dell'Alto Adige appointed KPMG to audit the Issuer's consolidated financial statements for the years 2019 – 2027.

Pursuant to Italian Legislative Decree No. 38 of 28 February 2005 (as amended by Article 1, paragraph 1070 of Law No. 145 of 30 December 2018), Italian banks are required to prepare, starting from annual financial statements as at and for the year ended 31 December 2006, their non-consolidated annual financial statements in accordance with International Financial Reporting Standards issued by the IASB (International Accounting Standards Board) ("**IFRS**") and as adopted by the European Union. Financial statements of the Issuer prepared before such date were prepared in accordance with Legislative Decree No. 87 of 27 January 1992 and with the generally accepted accounting principles in Italy issued by the *Consiglio Nazionale dei Dottori Commercialisti e degli esperti contabili* ("**Italian GAAP**").

When held on a single call, the ordinary shareholders' meeting is deemed to be duly constituted irrespective of the portion of the share capital represented and the resolutions are passed with the favourable vote of the absolute majority of the share capital represented at the meeting.

Multiple calls are defined by Article 16, paragraph 2 and Article 17, paragraph 2 of the Issuer's by-laws.

The resolutions of the shareholders' meeting are adopted by an open vote.

RATING

The rating agencies Standard & Poor's ("**S&P**"), Fitch Ratings ("**Fitch**") and DBRS GmbH ("**DBRS**" or "**DBRS Morningstar**") currently assign ratings to the Issuer.

S&P

On 19 October 2021, S&P announced that it had affirmed the "BB+" long-term rating of Banca Popolare dell'Alto Adige and revised the outlook from "negative" to "stable", which reflects the rating agency's view that the bank's asset quality will only moderately deteriorate over the next 12-18 months and that the Issuer will preserve its capital position. S&P expects the Issuer to benefit from the current economic recovery in the Italian regions of Trentino-Alto Adige and Veneto. At the same time, S&P confirmed the "B" creditworthiness rating for the short term.

According to S&P, the Issuer benefits from its good positioning in the Trentino-Alto Adige region, which traditionally has had *pro-capita* GDP higher than the average and lower levels of unemployment. Furthermore, S&P also highlighted the Issuer's solid funding profile as a further point of strength.

S&P deems that the Issuer will be capable of maintaining asset quality higher than the average of the Italian banking system while preserving its capitalisation and expects that Banca Popolare dell'Alto Adige will manage to keep the risk adjusted capital ("**RAC**") ratio comfortably above 5 per cent. over the next 24 months and that credit losses will gradually decrease over the next two years, remaining well below the 100 bps per year the rating agency expects at the system level.

S&P would lower the rating if it were to conclude that the bank's asset quality had materially deteriorated, likely leading to high credit losses and potentially eroding its capital base. It could also lower the rating if it anticipated that the bank's RAC ratio would not exceed 5% over the

next 12-24 months. Rating improvement could happen if the economic risks the Issuer faces had largely diminished and the Issuer builds up sufficient capital to maintain its RAC ratio sustainably above 7.0 per cent.

On 22 October 2021, S&P confirmed Italy's "BBB" rating and revised the outlook to "positive" from "stable".

Fitch

On 13 April 2022, Fitch Ratings affirmed Banca Popolare dell'Alto Adige's Long-Term Issuer Default Rating at "BB+" and revised the outlook to "stable" from "negative".

The revision of the Outlook reflects Fitch's view that risks to the bank's asset quality from the pandemic have eased, due to the solid economic recovery of Volksbank's home province of Bolzano and strong repayment of loans that were previously under moratoriums. Profitability prospects also improved, as fee income rebounded above pre-pandemic levels and loan impairment charges started to normalise. The rating takes into account the effectiveness of the business model as a regional bank, with a moderate propensity to risk. In the view of Fitch, the Issuer's capital ratios are maintained with satisfactory buffers over minimum regulatory requirements. The improvement potential reported by Fitch concerns profitability, a more diversified funding and the small size of the bank's equity base.

On 3 December 2021, Fitch Ratings upgraded Italy's rating to "BBB" with outlook "stable".

DBRS Morningstar

On 16 May 2022, DBRS Morningstar confirmed the "Long-Term Deposits Rating" of Banca Popolare dell'Alto Adige at "BBB (low)" and revised the trend to "stable" from "negative".

In DBRS's view, the rating reflects the Bank's stable franchise in its home region of Trentino-Alto Adige, its stable funding and liquidity position as well as its progress in reducing non-performing loans (NPLs) and strengthening capital buffers. The rating also takes into account the Bank's modest profitability, which is constrained by the low interest rate environment, the limited revenue diversification and the modest operating efficiency.

On 29 October 2021, DBRS confirmed Italy's rating at "BBB (high)" and revised the outlook to "stable" from "negative".

LITIGATION

In the ordinary course of its business activities as a financial institution, the Issuer is involved in various legal proceedings both as claimant and as defendant. Such proceedings are managed in accordance with principles of ordinary diligence and care.

CAPITAL ADEQUACY

The Bank of Italy has adopted risk-based capital ratios pursuant to the Directive 2013/36/EU of the European Parliament and of the Council of 26 June 2013 on access to the activity of credit institutions and the prudential supervision of credit institution and investment firms ("**CRD IV**") and the Regulation (EU) No. 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms ("**CRR**" and together the "**Capital Adequacy Directives**"), Italy's current requirements are similar to the requirements imposed by the international framework for capital measurement

and capital standards of banking institutions of the Basel Committee on Banking Supervision. The capital ratios consist of core (Tier 1), which consists of Common Equity Tier 1 (CET 1) and Additional Tier 1 (AT1), and supplemental (Tier 2) capital requirements relating to Banca Popolare dell'Alto Adige's assets and certain off-balance sheet items weighted according to risks ("**risk-weighted assets**").

Under the Bank of Italy's regulations, as of 1 January 2022, Banca Popolare dell'Alto Adige is required to maintain a total capital ratio (the ratio of total capital to total risk-weighted assets) of 11.75 per cent (on a non-consolidated basis), which is composed of a binding 9.25 per cent. (of which 8 per cent. as a result of the mandatory minimum requirement and 1.25 per cent. as a result of additional requirements determined by the SREP outcome) and, for the remaining part, as capital conservation buffer component.

CREDIT RISK MANAGEMENT AND RECOVERY POLICIES

Organisational issues

Credit risk is the risk of incurring losses due to a default by counterparty or the risk that a debtor or counterparty fails to meet its financial obligations (more in particular, failure to make a full repayment of loans). This is one of the main risks that the Issuer faces. The risk affects all financial activities of the Issuer, in particular loans, securities, and all committed facilities in relation to guarantees issued or funding for distribution commitments. The analysis and assessment of credit risk mainly involves the quality and reliability of debtors and risk concentration.

Under the Issuer's internal rules and procedures on credit management, risk assessment is based on the principles of prudence. The full documentation that is required for an appropriate assessment of a debtor's creditworthiness is obtained at the time when a loan application is made. The documentation obtained must permit an assessment of the appropriate level of the amount and type of the loan as well as the project for which the loans is required. It must also permit a determination of the debtor's characteristics and qualities, taking into consideration of the dealings the debtor has and/or had with Banca Popolare dell'Alto Adige in the past, taken as a whole.

Pursuant to Title IV, Chapter 5 of the Supervisory Instructions (*Istruzioni di Vigilanza*) of the Bank of Italy, where there are connections of a legal or financial nature between customers of the Issuer, such customers are to be grouped together in terms of the risk they represent as a group (an economic group or a risk group).

At the time a loan is granted or renewed, there is an obligation to examine the current risks the applicant represents to the Issuer, and that of any group with which such applicant is connected.

When customer risk increases, the aim of credit management is to contain the Issuer's risk by promptly implementing all such measures that may be necessary or required.

In order to maintain correct and prudent credit management, in accordance with the Supervisory Instructions (Title IV, Chapter 11, Section II), Banca Popolare dell'Alto Adige has introduced appropriate systems for the identification, measurement and control of risks. In addition, a well-structured internal framework, which is regularly checked to ensure its efficiency, is in place to clearly define activities, roles and responsibilities of relevant persons at the Issuer during all phases of the loan process and to ensure the necessary separation between operational and control functions.

These controls form an integral part of the Issuer's daily activities and can be divided into the following three categories:

- *line controls*: carried out by the management of the organisational unit of the retail network (in particular, through limit excess and unpaid instalment verification performed by branches by means of special procedures and periodic progress report analysis) and by services functionally dependent on the credit management department (offices responsible for credit assessment and the anomalous loans analysis department);
- *special monitoring*: carried out by the second level independent audit offices, i.e. risk management and compliance. The risk management office is in charge of carefully monitoring credit risk by seeking to establish methods for measuring risk, ensuring that

limits imposed are strictly complied with and that transactions are carried out consistently. The compliance office is responsible for ensuring that internal procedures are consistent with the aim of preventing violations of laws and regulations and/or internal regulations adopted by Banca Popolare dell'Alto Adige;

- *audits*: performed by the internal audit department as part of its on-site and remote auditing duties, for the purpose of verifying credit quality, the accuracy of procedures, and well informed decision-making by the relevant departments responsible for allocating and managing credit.

Management, measurement and monitoring systems

The lending process has the following structure:

- granting of a loan, which comprises: application, review, approval, completion of loan and any security to be provided;
- credit management, which comprises: drawings, monitoring, loan reviews, irregular loan management; and
- management of non-performing loans and credit recovery.

The first and most important stage in measuring and managing credit risk takes place at the time the loan is granted and, in particular, during initial application process, when the persons involved are identified, the documentation is gathered and reviewed, the various databases consulted and the offer drawn up.

The application procedure is supported by different forms of information technology and different skilled personnel structures depending on the kind of customer involved (private individuals, small businesses or corporate clients). In any case, the decision whether to grant the loan is made by the branch or local area if the sums do not exceed certain thresholds and by the Issuer's central bodies when amounts of the loan exceed the predefined thresholds; information technology is used to make an assessment of creditworthiness of the applicant at the time new loans are granted using both internal and external information sources.

Notwithstanding the above, the Board of Directors retains full discretion with regard to the risks that may be accepted; the Chairman has certain powers reserved to him by the Issuer's by-laws and the Executive Committee is vested with certain powers to address the urgent matters. The maximum credit limit that can be agreed for a business group, individual counterparty that is not a bank or a member of a banking group is established as 10 per cent. of the Own Funds ("*Fondi Propri*") (€945.7 million as at 31 December 2021).

Among the credit risk monitoring and management tasks, the internal rating system is particularly important as it allows credit managers to verify developments in customer credit ratings and identify positions under their control that show a reduction in the rating. This system is based on a scoring system which gives the customer a ranking based on a sliding scale of credit quality. Its calculation is based on performance indicators regarding the loan and various information from the Issuer's computer systems which enable any variation in the level of risk associated with the counterparty to be detected. The data management by the internal rating system is subject to constant analysis and verification by the Risk Management Office, particularly to measure and verify the system's predictive capacity for all customer types by means of appropriate statistical approaches.

The process to monitor credit is also guaranteed over the long-term by an automatic classification system for irregular positions (GDC, Credit Management), which uses an early warning engine to detect any substandard situations, starting from the performance rating and a series of daily indicators. In addition to the usual risk classes for impaired credit established by the supervisory body (past-due, unlikely-to-pay, forborne and doubtful loans), the system also provides three classes for performing customers:

- loans under observation are those that show minor and/or repeated irregularities. Network managers are in charge of managing and monitoring such loans;
- medium risk loans are loans that continuously and repeatedly show performance-type irregularities (credit limit exceeded, instalments in arrears, high percentage of overdue bills, etc.), in the risk centre (reduction in notifying banks, short-term loan consolidation) or in the financial statements and for which payment is expected within 12 months after qualitative and quantitative processing of the loan;
- high risk loans are loans with significant overdrafts / arrears of more than 30 days (pre past due), with particular events that have occurred, with a significant increase in credit risk, but without further risk of insolvency and / or without risk of loss and where a regularization / normalization within 12 months through a qualitative and quantitative reworking of the position.

Deteriorated financial activities

Loans exhibiting particularly serious negative signs or events are classified as impaired, and in turn allocated to one of the following categories according to level of impairment:

- *doubtful loans*: payments due from bankrupt entities, even if bankruptcy has not yet been officially confirmed, or those entities that are in essentially equivalent position, are classified as doubtful; as a result of such classification legal or other action is taken to settle or recover the exposure;
- *unlikely-to-pay loans*: loans which demonstrate ongoing irregularities in performance (persistent overdrafts, instalments in arrears, zero movement, etc.), system-related/Bank of Italy's Central Credit Bureau (doubtful loans reported by the banking system without adequate justification), negative information (property actions, injunction orders, seizure, mortgage foreclosure, etc.), drastic deterioration in the financial and/or profitability or financial statements position, lack of funds for reimbursement, from which it could be presumed that the debtor is in real difficulty, also with the risk of insolvency, that could however be recovered in a reasonable period of time. Also under this category are all the positions which the Issuer considers it recommendable to allocate funds to a provision for risks (loss forecast);
- *forborne*: loans due from borrowers experiencing financial difficulty in meeting their financial commitments and for which the Issuer, in accordance with the regulatory provisions, grants concessions (such as restructuring of debt, extending the loan term, suspension of instalments/principal portions, reducing the interest rate or relevant fees payable on the loan, etc.). This category may cover exposures of performing (performing exposures with forbearance measures) and non-performing (non-performing exposures with forbearance measures) status;

- *past due*: positions the payment on which, in accordance with the Bank of Italy's Circular No. 285 dated 17 December 2013 (as amended) remains due and payable for more than 90 continuous days and where the exposure is higher than 1 per cent. of the overall exposure in the observation period.

Alongside the sales network impaired credit not classified as doubtful debt is also monitored by the Anomalous Loans Analysis Service with the aim of insolvency prevention.

Specifically, the steps to be taken for positions included in the watch list are as follows:

- immediate review of the position and any related positions (guarantor, affiliated, partner, associated companies), updating the relevant documentation and any estimates on guarantees granted;
- review of the relevant terms in order to assess the debtor's deteriorated risk profile;
- verification of the quality and total amount of guarantees issued;
- setting-up of a restructuring plan with the aim of turning around the position and improving guarantees through the definition of a detailed recovery plan submitted to the appropriate internal body for decision.

The Issuer's management of doubtful loans and credit collection is handled by the Doubtful Loans Service, a department which for the purpose of taking legal actions resorts to specialist internal department and a dedicated IT procedure for accounting procedures.

Debt collection activity is a proactive process and aims to optimize legal proceedings and maximize the financial end result. In particular, with regard to assessment of the initiatives to be taken, in-house legal advisors give preference to out-of-court procedures, often with recourse to settlement agreements, which have a positive impact on collection times and the level of costs. Where out-of-court settlements cannot be carried out in a reasonable timeframe, especially for more significant positions and positions in which a higher level of collection can be expected, external legal advisors are appointed to commence legal actions which always constitutes a valid and fundamental coercive means to the debtor and a tool to resolve litigation. Credit that is minimal, irrecoverable or difficult to collect is generally treated en-masse and become subject of disposal transactions without recourse, given that legal action would be considered uneconomic in cost-benefit terms, or is assigned to a specialist credit collection company.

For the financial statements the value adjustments for performing and impaired loans are calculated according to current regulatory provisions and in such a way so as to obtain a valuation that is as prudent and as conservative as possible. In particular, unlikely-to-pay positions with exposures above Euro 100,000 and all the doubtful loans are subject to analytical assessment that is aimed to define provisions for expected losses. For each position, and for each relationship within the position, the extent of the expected loss is analytically calculated on the basis of debtor solvency, the type of guarantee, the current status of proceedings taken and, above all, on the value of the guarantees. The estimates are always calculated using maximum prudence criteria and performed or validated by qualified internal personnel, organizationally independent of the credit disbursement/assessment/collection processes. In addition, these always take into account the need to sell the asset immediately and, according to IFRS 9, are subject to cash discounting criteria.

The correct implementation of doubtful loans management and assessment activity is furthermore ensured by periodic audits performed through the internal auditing processes, and externally by the Board of Statutory Auditors and independent auditors.

FINANCIAL RISK MANAGEMENT

Market risk is defined as the risk of loss on owned financial instruments from possible fluctuations in financial market variables (rates, volatility, exchange rates, share prices), considering that each individual financial instrument may be exposed to one or more of these risks. Banca Popolare dell'Alto Adige, therefore, defines market risk as changes in the value of instruments due to market fluctuations.

The internal market risk control and management processes (interest rate and pricing) are contained in the "Investment Policy" and the "*Policy on operational limits and powers for finance and liquidity*" documents. Both documents are subject to periodic review and consideration by the Board of Directors of the Issuer.

The policy formalizes the performance of risk management activities concerning market risks, defines the tasks and responsibilities assigned to the various organizational units having expertise on the matter and specifies, among other things, the main operating processes, the methods of measurement, the exposure limits, the information flows and corrective measures.

The investments and trading activity is, therefore, performed in conformity with the internal policy and is carried out within a structured internal regulatory system of delegations of management powers which provides for operational limitations defined in terms of negotiable financial instruments, amounts, duration, investment markets, issue and issuer types, sector and rating.

Risk monitoring is carried out by the Risk Management Office, which produces daily and monthly reports subject to scrutiny by the Finance Committee, on a monthly basis. The Finance Committee sets the risk management policy in the context of the strategy contained in the annual Operating Plan.

With regard to the processes and methods of market risk monitoring and management, the indicators monitored and their related limits are provided below, together with the first and second level control processes on overall trading portfolio transactions. In general, the limits are classified according to the various types of market risk (interest rate and price), but are in any event managed within a single framework based on similar logic.

The authorization structure for finance operations is based on the four levels:

- operating limits;
- position limits: credit risk and concentration;
- stop-loss limits, and
- Value-at-Risk (VaR) limits.

The above represent the thresholds at which the limits are set at the beginning of each financial year by a resolution of the Issuer's Board of Directors.

The finance division determines, by agreement with the risk management division, the terms and limits for the assumption of risks in operating terms, for all those units that incur market risks.

Responsibility for daily checks on operating, position and stop-loss limits rests with the risk management function.

VaR represents an estimate of the maximum potential loss of a portfolio of securities in unfavourable market conditions. The compliance of risk profiles with the limits set in terms of VaR is ensured by the daily monitoring performed by the Risk Management Office.

LIQUIDITY RISK MANAGEMENT

Liquidity risk is the risk that Banca Popolare dell'Alto Adige might not be able to meet its payment obligations when due, which would compromise day-to-day operations or the financial situation of the Issuer.

Liquidity risk management is described in the document "Liquidity and Funding Policy", which is reviewed and approved annually by the Board of Directors of the Issuer. The policy defines:

- the organisational model, that assigns roles and responsibilities to the offices involved in the liquidity management and control process;
- policies for managing operational and structural liquidity, indicating the models and metrics used to assess, monitor and control liquidity risk and for performing stress tests;
- Contingency Funding Plan (CFP), which provides the organisational processes and interventions undertaken to restore standard conditions in liquidity management in addition to providing a description of indicators to determine any critical situations.

In particular, the policy concerns the provisions on the governance and management of liquidity risk contained in Bank of Italy Circular No. 285 of 17 December 2013, as amended. The rules and regulations are based on the principle that an adequate liquidity risk governance and management system integrated with the overall risk management system, is fundamental for maintaining the stability of individual banks and the market. This includes rules on matters of organisation and internal controls, as well as the adoption of precise management instruments and public disclosure obligations, which although proportional to the operational size, organisational complexity and type of the activities performed by the individual banks, require a significant commitment on their part.

The management of liquidity risk is allocated to the Treasury Office, which operates under the direct management of the Finance Department. However, the definition and control of compliance with operational limits lies with the Risk Management Office. General Management is responsible for governance over liquidity, both as regards compliance with the limits defined and as regards tactical and structural funding strategies. In the event of liquidity emergencies, General Management is also responsible for activation, management, and coordination of the Issuer's Contingency Funding Plan.

An essential element is the distinction between short-term operational liquidity (under 12 months) and medium/long-term structural liquidity (over 12 months). The former addresses unexpected critical situations due to specific shocks in the Issuer or the market; the latter, meets the need to ensure optimal management from a strategic standpoint, transformation of

maturities between funding and loans, by balancing asset and liability maturities in order to prevent any future crises in liquidity.

The containment of exposure to liquidity risk is pursued primarily through a structured set of guidelines, operational decisions, and organisational control.

Measurement and control of operational liquidity and structural liquidity were defined by means of a system of indicators, limits, and reports, including daily. In particular, a maturity ladder was prepared, which is a system that monitors net financial position that reports the balances and therefore the imbalances between expected inflows and outflows over predefined time bands and, through the formation of cumulative imbalances, calculates the net financial requirement (or surplus) in the time horizon considered. The Issuer uses the Liquidity at Risk (LaR) model in order to measure its liquidity risk; this is based on observing the "independent" negative net flows of liquidity – taking into consideration the historical series– applying the Extreme Value Theory, which allows accuracy to be improved for high confidence levels. More in particular, the following daily balances are used: withdrawable reserve at the Bank of Italy, inter-bank deposits, bond issues, securitisations, movement of securities owned, and extraordinary flows. The data is processed to determine the daily cash flow linked solely to decisions not under the direct control of the Issuer (Treasury Office) and so resulting from customer conduct. The 3 confidence levels in question should represent the Issuer's liquidity needs under normal conditions (up to the LaR value at 99% confidence), stress (up to 99.9%) and critical (up to 99.99%) at 1 day, 1 week (5 business days), 2 weeks (10 business days) and at one month (20 business days).

Other fundamental liquidity risk management functions relate to a stress test program aimed at evaluating the Issuer's vulnerability to exceptional but plausible events. In particular, stress testing is performed in terms of scenario analyses, consistent with the definition of liquidity risk adopted and attempting to simulate the behaviour of the Issuer's cash flow under unfavourable conditions, making subjective assumptions based on the Issuer's experience and/or instructions provided by supervisory regulations and guidelines.

On the base of Regulation (EU) 2019/876, the Issuer periodically reports to the competent authority the regulatory liquidity metrics (LCR, AMM, NSFR).

Moreover, the organisational layout of the structures and functions responsible for managing liquidity and the related controls and contingency plans to be implemented in times of stress or crisis (CFP, Contingency Funding Plan) are clearly defined in the policy; a contingency is declared when there is problematic progression in a predefined series of external and internal factors.

Finally, starting from 2011, the Issuer defined a "*Policy on the Internal Transfer Price System*" (TIT).

OPERATIONAL RISK MANAGEMENT

In line with the supervisory provisions, operational risk is defined as the risk of incurring losses due to errors, violations, interruptions, exogenous events or damages deriving from malfunctions in the internal processes or the unsuitability of people and/or systems. Operational risks include, among other things, the ensuing losses from theft and fraud, human errors, interruptions of operations, the unavailability of systems, executions of transactions, breaches of contract, data processing, damage to real property, and natural catastrophes.

These risks are monitored, within the scope of the Internal Control System, by all internal control departments of the Issuer (Internal Audit, Compliance and Risk Management) in accordance with the following guidelines:

- prevention of occurrence or reduction of the probability of events occurring that could potentially generate operating losses, through the appropriate legal, organisational, procedural and training measures;
- mitigation of expected effects of such events;
- enhancement of the overall operational efficiency;
- protection of the Issuer's reputation and image.

Monitoring and management of operational risk are not only aimed at obtaining theoretical benefits in respect of asset requirements, but also at achieving an effective understanding at all levels of the potential risks inherent in the Issuer's daily activities and to take all necessary steps to effectively mitigate and reduce such risks.

Within the Internal Control System, the monitoring of operational risks is guaranteed by adoption of an integrated control model, which, along with the supervisory provisions, is organized into three levels, with each level governing the specific aspects related to its role, the business functions in charge of line control (or first level control) and the Issuer's control departments in charge of second level control (Risk management and Compliance) and the third level (Internal Audit).

The results of the monitoring and control are discussed on a regular basis and evaluated within the scope of the Internal Control Committee, comprising all Issuer's departments, and which, among other things, is in charge of establishing priorities and coordinating the control activities.

In addition, monitoring of the operational risks uses the results from the monitoring and analyses of operating losses contained in the periodic report drawn up by the risk management department and related discussions by the Internal Control Committee.

Since 2003, the Issuer has used a system for detecting and measuring operational losses with the purpose of improving management of potential sources of risk that could undermine Issuer stability. This system, employed by the Issuer, follows a similar initiative applied on a national scale by the Italian Banking Association (ABI). With the DIPO project (Italian database of operational losses) ABI is attempting to inform banks on how to implement these procedures and create a national databank that would allow banks to obtain more extensive and meaningful statistical data.

Included within the operational risk category is IT risk, that is the risk of incurring economic, reputational and market share losses in relation to the use of information and communication technology. IT risk arises from an event that involves the violation or imminent threat of violation of the company's information security rules and practices, such as fraud, attacks through the internet, malfunctions and inefficiencies.

In general, IT risk generates one of the following consequences:

- high economic losses or prolonged inefficiencies, even following repeated minor incidents,
- major inefficiencies to customers or other parties (such as payment intermediaries or infrastructures),
- the risk of invalidate the Bank's ability to comply with the conditions and obligations laid down by law or by supervisory regulations.

This risk is monitored by the Issuer in accordance with the Risk Management Policy and analyzed through a specific assessment framework. It is specified that the components of IT risk subject to analysis refer to:

- IT risk of internal components,
- IT risk of the components outsourced to the main outsourcer AFast.

The results of the analysis, monitoring and control activities are periodically discussed and assessed within the Management Committees where, among other things, the remediation plan identified is set out.

SIGNIFICANT EVENTS DURING THE YEAR

The 2021 – 2023 business plan

The strategic lines of the plan, approved by the Board of Directors in December 2020, and updated for the three year period 2022 - 2024 in the meeting of 16 July 2022, envisage a new approach based on the sustainable development of loans, an increase in the commission margin and the careful management of credit risk. The fundamental elements of the strategy are, in particular:

- stand-alone perspective, supported by excellent capitalisation and liquidity;
- a renewed focus on the development of the margin from services, an area in which the Issuer shows room for improvement both when compared to banks that are similar in size and positioning and when compared to significant banks;
- a prudent and focused lending development strategy, proposing the Issuer as a reference point for businesses and households in the area;
- careful risk management, in particular by intervening on the entire credit process, as well as through careful and active management of NPLs, guided by enhanced workouts and targeted transfers aimed at containing stocks and such as not to generate sacrifices for the shareholders;
- a streamlined operating structure, characterised by a focus on cost control and an orientation towards customer service and the creation of value for shareholders.

The development guidelines of the strategic plan recall, among other things, the need to ensure "*a careful assessment of the effective sustainability of the objectives and the need to ensure*

robust growth and governance of risks and costs". The strategic choices developed in the plan are therefore consistent with this approach, and in particular guide the Issuer towards:

- a strategic positioning that confirms, from an evolutionary perspective, the role as a territorial bank, focused on supporting the real economy, with the development of revenues (brokerage margin) at the end of the plan, 89% of which originate from commercial activities and 11% from the management of the proprietary portfolio;
- a commercial banking business model supported by the progressive simplification of processes, placing the customer first and a greater balance between service margin and interest margin;
- a careful balance between operational management, risk profile, liquidity and capital strength.

Consistent with this orientation, the Issuer has developed objectives aimed at ensuring a solid generation of value, through well-defined managerial actions, divided into 7 pillars:

- 1) A virtuous growth in terms of customers and volumes, driven by an expanded product range and specific skills in the world of private mortgage loans and in the tourism, manufacturing, agri-food and real estate sectors;
- 2) A native digital multi-channel strategy, capable of making a reality of the concept of "Everywhere Banking", offering the Issuer's customers the ability to fully manage their banking relationship also through access to best-in-class digital channels;
- 3) A specific focus on full sustainability, which involves the daily work of the Issuer (real estate, trade union relations, utilities, etc.), the ability to develop and finance sustainable projects, and the offer of common ESG investment funds;
- 4) The proactive management of risks affecting balance sheet assets, thanks to the allocation of capital in favour of government measures to support the resilience of businesses and households, to the impact of the timing of the introduction of regulatory measures (Basel IV, SME supporting factor, etc.) and the management and monitoring of credit risk resulting from the COVID-19 pandemic;
- 5) Process efficiency, to be able to support commercial development, the specialisation of branch resources and faster and more precise responses to customers;
- 6) The control system in its entirety, to anticipate market changes and reorient the Issuer's business;
- 7) Human capital, to increasingly qualify the professionalism of consultancy and guide customers in new processes under the multi-channel strategy.

Inspection assessment

As of 15 November 2021, the Bank of Italy conducted an inspection of the Issuer which was completed on 25 February 2022.

Voluntary realignment of the tax values of real estate under Art. 110 of Legislative Decree 14 August 2020, no. 104

During the month of June, the Issuer decided to take advantage of the voluntary realignment of the tax values of real estate pursuant to Art. 110 of Legislative Decree 14 August 2020, no. 104 (cd. "**August Decree**"), which extended the possibility of adjusting the tax values of real estate to the higher values recorded in the financial statements for the year ending 31 December 2018 (and still present in the 2020 financial statements), against the payment of a 3% substitute tax.

Property, plant and equipment were identified with a total realignable value of 56 million, entirely attributable to properties and land. The exercise of the realignment option took place in the 2020 tax return, i.e. relating to the tax period in which the realignment took place, which was submitted by 30 November 2021, subject to the payment of the substitute tax totalling €1.7 million, paid in a lump sum on 30 June 2021.

The tax recognition of the higher values will take place as of the financial year 2021, from which the new tax values will be deductible. The Issuer's Board of Directors has authorised the creation of a tax-suspension restriction on the share premium reserve, for an amount equal to the difference between the higher realigned values and the substitute tax due (54 million), which will be submitted for ratification at the first ordinary shareholders' meeting.

From an accounting point of view, the income statement recorded a net positive impact of €14.5 million, as a result of the cancellation of deferred tax liabilities of €16.2 million and the recognition of the full substitute tax of €1.7 million.

Management of the shareholders' meeting during the Covid-19 health emergency - Shareholders' meeting of 30 March 2021

In order to minimise the risks associated with the Covid-19 health emergency, the Issuer once again availed itself of the option, introduced by Art. 106 of Legislative Decree no. 18 of 17 March 2020 ("**Cura Italia**"), to call the Shareholders' Meeting to approve the financial statements as at 31 December 2020 with the procedures set out in articles 135(11) and 135(9) of Legislative Decree no. 58/1998 (Consolidated Law on Finance "**TUF**").

For the above reasons, the shareholders took part only by conferring a proxy, complete with voting instructions, to the Designated Representative, without being able to attend the Shareholders' Meeting in person. The intervention by proxy to the Designated Representative, the only person admitted to the Shareholders' Meeting, was announced in the Notice of call, disseminated to the market on the storage system emarketstorage.com and published on the page dedicated to the Shareholders' Meeting on the Issuer's website in the section relating to the 2021 assembly.

On its website, in the section relating to the 2021 Shareholders' Meeting, the Issuer has published the procedures for attending the Shareholders' Meeting and, for each item on the agenda, a summary of the topic, the proposed resolution and the documents submitted for resolution, in the compliance with the legal terms and deadlines indicated in the Notice of call. Furthermore, so that, in giving the voting instructions to the Designated Representative, the shareholders could take into account the feedback provided by the Issuer to any questions asked by the shareholders before the Shareholders' Meeting, the answers to the questions on the items on the Agenda received by the shareholders by the deadline indicated in the Notice and on the

website were published on the Issuer's site in the section related to the 2021 Shareholders meeting.

The Issuer has appointed the Mr. Edoardo Degl'Incerti Tocci, lawyer with registered office at Via Vittorio Veneto 5 – 42121 Reggio Emilia (RE), as the Designated Representative to whom shareholders, in order to attend and vote at the Shareholders' Meeting, must confer proxy with voting instructions using the online procedure activated by the company XDataNet S.r.l., Mirandola (MO) and made available on the Issuer's website in the section relating to the 2021 Shareholders' Meeting.

The information to participate by proxy with voting instructions to the Designated Representative has been made available on the Issuer's website in the section relating to the 2021 Shareholders' Meeting in the Proxy Voting section.

To ask questions on the items on the Agenda by 19 March 2021 and obtain a response from the Issuer by 22 March 2021, shareholders could join the Issuer's website in the section relating to the 2021 Shareholders' Meeting in the Questions and Answers section.

Judicial and arbitration proceedings

As of the Date of this Financial Report, no judicial or arbitration proceedings are pending of such amount or nature as to have significant repercussions on the financial, equity or economic situation of the Issuer, even in the event of a negative outcome.

The main disputes relate to procedures pertaining to compound interest and usury, to actions relating to investment services provided, to property law disputes and to bankruptcy clawback actions.

Assignment of non-performing loans

During the year, the Issuer completed the transfer, without recourse, of several non-performing positions denominated in EUR.

The statements herein regarding taxation are based on the laws in force as at the date of this Base Prospectus and are subject to any changes in law occurring after such date, which changes could be made on a retroactive basis. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to subscribe for, purchase, own or dispose of the Notes and does not purport to deal with the tax consequences applicable to all categories of investors, some of which (such as dealers in securities or commodities) may be subject to special rules. Prospective purchasers of the Notes are advised to consult their own tax advisers concerning the overall tax consequences of their ownership of the Notes. This summary will not be updated to reflect changes in laws and if such a change occurs the information in this summary could become invalid.

Republic of Italy

Tax treatment of Notes issued by the Issuer

Decree No. 239 sets out the applicable regime regarding the tax treatment of interest, premium and other income (including the difference between the redemption amount and the issue price) (hereinafter collectively referred to as "**Interest**") from notes falling within the category of bonds (*obbligazioni*) or debentures similar to bonds (*titoli similari alle obbligazioni*) issued, inter alia, by Italian banks. The provisions of Decree 239 only apply to those notes which qualify as *obbligazioni* (bonds) or as *titoli similari alle obbligazioni* (securities similar to bonds) pursuant to Article 44 of Presidential Decree No. 917 of 22 December 1986, as amended and supplemented ("**Decree No. 917**").

For these purposes, *titoli similari alle obbligazioni* are defined as notes that incorporate an unconditional obligation to pay, at maturity, an amount not less than their nominal value (with or without internal payments) and that do not give any right to directly or indirectly participate in the management of the issuer or to the business in relation to which the securities are issued nor any type of control on the management. The tax regime set forth by Decree No. 239 also applies pursuant to article 2, paragraph 22, of Law Decree No. 138 of 13 August 2011 to interest, premium and other income from regulatory capital financial instruments complying with EU and Italian regulatory principles, issued by, inter alia, Italian banks, other than shares and assimilated instruments.

Italian resident Noteholders

Pursuant to Decree No. 239, where the Italian resident holder of the Notes, who is the beneficial owner of such Notes, is:

- (a) an individual not engaged in an entrepreneurial activity to which the Notes are connected; or
- (b) a partnership (other than a *societa' in nome collettivo* or *societa'* in *accomandita semplice* or similar partnership), or a *de facto* partnership not carrying out commercial activities or professional association; or
- (c) private or public institutions, other than companies, trusts not carrying out mainly or exclusively commercial activities, the Italian State and public and territorial entities; or
- (d) an investor exempt from Italian corporate income taxation,

Interest payments relating to the Notes are subject to a tax, referred to as *imposta sostitutiva*, levied at the rate of 26 per cent. (either when Interest is paid or when payment thereof is obtained by the holder on a sale of the Notes) (unless they have entrusted the management of their financial assets, including the Notes, to an authorised intermediary and has opted for the so called "*regime del risparmio gestito*" (the "**Asset Management Regime**")) according to Article 7 of Italian Legislative Decree No. 461 of 21 November 1997, as amended ("**Decree No. 461**"). All the above categories are qualified as "net recipients".

Where the resident holders of the Notes described above under (a) and (c) are engaged in an entrepreneurial activity to which the Notes are connected, *imposta sostitutiva* applies as a provisional income tax. Interest will be included in the relevant beneficial owner's Italian income tax return and will be subject to Italian ordinary income taxation and the *imposta sostitutiva* may be recovered as a deduction from Italian income tax due.

Subject to certain limitations and requirements (including a minimum holding period), Italian resident individuals not acting in connection with an entrepreneurial activity may be exempt from any income taxation, including the *imposta sostitutiva*, on Interest if the Notes are included in a long-term individual savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements set forth in Article 1, paragraph 100-114 of Law No. 232 of 11 December 2016 ("**Law No. 232**") and in Article 1, paragraph 211 – 215, of Law No. 145 of 30 December 2018 ("**Law No. 145**") and in Article 13 – bis of Law Decree No. 124 of October 26, 2019 ("**Law Decree No. 124**") as amended and applicable from time to time.

Pursuant to Decree No. 239, the 26 per cent. *imposta sostitutiva* is applied by banks, *società di intermediazione mobiliare* (so called "**SIMs**"), fiduciary companies, *società di gestione del risparmio* ("**SGRs**"), stock brokers and other qualified entities identified by a decree of the Ministry of Finance (together the "**Intermediaries**" and each an "**Intermediary**") resident in Italy, or by permanent establishments in Italy of a non-Italian resident Intermediary, that intervene, in any way, in the collection of Interest or, also as transferees, in transfers or disposals of the Notes. For the purpose of the application of the *imposta sostitutiva*, a transfer of notes includes any assignment or other act, either with or without consideration, which results in a change of the ownership of the relevant notes or in a change of the Intermediary with which the notes are deposited.

Where the Notes and the relevant coupons are not deposited with an authorised Italian Intermediary (or with a permanent establishment in Italy of a foreign Intermediary), the *imposta sostitutiva* is applied and withheld by any Italian Intermediary paying Interest to the holders of the Notes or, absent that by the Issuer.

Payments of Interest in respect of Notes are not subject to the 26 per cent. *imposta sostitutiva* if made to beneficial owners who are:

- (i) Italian resident corporations or permanent establishments in Italy of foreign corporations to which the Notes are effectively connected;
- (ii) Italian resident partnerships carrying out commercial activities (*società in nome collettivo or società in accomandita semplice* or similar partnership);
- (iii) Italian resident open-ended or closed-ended collective investment funds (together the "**Funds**" and each a "**Fund**"), investment companies with a variable capital ("**SICAVs**"), investment companies with fixed capital ("**SICAFs**"), Italian resident pension funds referred to in Legislative Decree No. 252 of 5 December 2005 ("**Decree**

No. 252"), Italian resident real estate investment funds subject to the regime provided for by Law Decree No. 351 of 25 September 2001 and Italian real estate SICAFs; and

- (iv) Italian resident individuals holding the Notes not in connection with entrepreneurial activity who have entrusted the management of their financial assets, including the Notes, to an authorised financial Intermediary and have opted for the Asset Management Regime.

Such categories are qualified as "gross recipients". To ensure payment of Interest in respect of the Notes without the application of 26 per cent. *imposta sostitutiva*, gross recipients indicated above under (i) to (iv) must: (a) be the beneficial owners of payments of Interest on the Notes and (b) deposit the Notes in due time, together with the coupons relating to such Notes, directly or indirectly with an Italian authorised Intermediary (or a permanent establishment in Italy of a foreign Intermediary). Where the Notes and the relevant coupons are not deposited with an Italian authorised Intermediary (or a permanent establishment in Italy of a foreign Intermediary), the *imposta sostitutiva* is applied and withheld by any Italian Intermediary paying Interest to the holders of the Notes or, absent that, by the Issuer.

Gross recipients that are Italian resident corporations or permanent establishments in Italy of foreign corporations to which the Notes are effectively connected are entitled to deduct *imposta sostitutiva* suffered from income taxes due.

Interest accrued on the Notes shall be included in the corporate taxable income ("IRES") (and in certain circumstances, depending on the "status" of the Noteholder, also in the net value of production for purposes of regional tax on productive activities – "IRAP") of beneficial owners who are Italian resident corporations or permanent establishments in Italy of foreign corporations to which the Notes are effectively connected, subject to tax in Italy in accordance with ordinary tax rules.

Italian resident individuals holding the Notes not in connection with entrepreneurial activity who have opted for the Asset Management Regime are subject to a 26 per cent. annual substitute tax (the "**Asset Management Tax**") on the increase in value of the managed assets accrued at the end of each tax year (which increase would include Interest accrued on the Notes). The Asset Management Tax is applied on behalf of the taxpayer by the managing authorised Intermediary.

If the investor is resident in Italy and is a Fund, a SICAV or a non-real estate SICAF and the relevant Notes are held by an authorised intermediary, Interest accrued during the holding period on such Notes will not be subject to *imposta sostitutiva*, but must be included in the financial results of the Fund, the SICAV or the non-real estate SICAF. The Fund, SICAV or non-real estate SICAF will not be subject to taxation on such result, but a withholding tax of 26 per cent. will apply, in certain circumstances, to distributions made in favour of unitholders or shareholders (the "**Collective Investment Fund Tax**").

Where a Noteholder is an Italian resident real estate investment fund or an Italian real estate SICAF, to which the provisions of Law Decree No. 351 of 25 September 2001, Law Decree No. 78 of 31 May 2010, converted into Law No. 122 of 30 July 2010, and Legislative Decree No. 44 of 4 March 2014, all as amended, apply, Interest accrued on the Notes will be subject neither to *imposta sostitutiva* nor to any other income tax in the hands of the real estate investment fund or the real estate SICAF. The income of the real estate fund or of the real estate SICAF is subject to tax, in the hands of the unitholder, depending on the status and percentage

of participation, or, when earned by the fund, through distribution and/or upon redemption or disposal of the units.

Where an Italian resident Noteholder is a pension fund (subject to the regime provided by Article 17 of Legislative Decree No. 252 of 5 December 2005) and the Notes are deposited with an Italian resident intermediary, Interest relating to the Notes and accrued during the holding period will not be subject to *imposta sostitutiva*, but must be included in the result of the relevant portfolio accrued at the end of each tax period, to be subject to the to a 20 per cent. annual substitute tax (the "**Pension Fund Tax**") on the increase in value of the managed assets accrued at the end of each tax year (which increase would include Interest accrued on the Notes).

Subject to certain conditions (including minimum holding period) and limitations, Interest relating to the Notes may be excluded from the taxable base of the Pension Fund Tax if the Notes are included in a long-term individual savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements set forth in Article 1 (100 - 114) of Law No. 232 and in Article 1 (211 – 215) of Law No. 145 and in Article 13 – bis of Law Decree No. 124, as amended and applicable from time to time..

Non Italian resident Noteholders

According to Decree No. 239, payments of Interest in respect of the Notes will not be subject to *imposta sostitutiva* at the rate of 26 per cent. if made to beneficial owners who are non Italian resident beneficial owners of the Notes with no permanent establishment in Italy to which the Notes are effectively connected *provided that*:

- (a) such beneficial owners are resident for tax purposes in a state or territory which allows an adequate exchange of information with the Italian tax authorities included in the Ministerial Decree of 4 September 1996, as amended and supplemented from time to time (the "**White List**"). According to Article 11, paragraph 4, letter c) of Decree No. 239, the White List will be updated every six months period. In absence of the issuance of the new White List, reference has to be made to the Italian Ministerial Decree dated 4th September, 1996 as amended from time to time; and
- (b) all the requirements and procedures set forth in Decree No. 239 and in the relevant implementation rules, as subsequently amended, in order to benefit from the exemption from *imposta sostitutiva* are met or complied with in due time.

Decree No. 239 also provides for additional exemptions from *imposta sostitutiva* for payments of Interest in respect of the Notes made to (i) international entities and organisations established in accordance with international agreements ratified in Italy; (ii) certain foreign institutional investors established in countries included in the White List; and (iii) Central Banks or entities which manage, inter alia, the official reserves of a foreign State.

To ensure payment of Interest in respect of the Notes without the application of 26 per cent. *imposta sostitutiva*, non Italian resident investors indicated above must:

- (a) be the beneficial owners of payments of Interest on the Notes;
- (b) deposit the Notes in due time together with the coupons relating to such Notes, directly or indirectly, with an resident bank or SIM, or a permanent establishment in Italy of a non Italian resident bank or SIM, or with a non Italian resident operator participating in

a centralised securities management system which is in contact via computer with the Ministry of Economy and Finance; and

- (c) file with the relevant depository a statement (*autocertificazione*) in due time stating, inter alia, that he or she is resident, for tax purposes, in one of the above mentioned White List states. Such statement (*autocertificazione*), which must comply with the requirements set forth by Ministerial Decree of 12 December 2001 (as amended and supplemented), shall be valid until withdrawn or revoked and need not be submitted where a certificate, declaration or other similar document meant for equivalent uses was previously submitted to the same depository. The statement (*autocertificazione*) is not required for non Italian resident investors that are international entities or organisations established in accordance with international agreements ratified in Italy, and Central Banks or entities which manage, inter alia, the official reserves of a foreign state.

Failure of a non resident holder of the Notes to comply in due time with the procedures set forth in Decree No. 239 and in the relevant implementing rules will result in the application of *imposta sostitutiva* on Interests payments to a non resident holder of the Notes.

Non-resident holders of the Notes who are subject to substitute tax may, nevertheless, be eligible for a total or partial relief under an applicable tax treaty between the Republic of Italy and the country of residence of the relevant holder of the Notes.

Fungible issues

Pursuant to Article 11, paragraph 2 of Decree 239, where the relevant Issuer issues a new Tranche forming part of a single series with a previous Tranche, for the purposes of calculating the amount of Interest subject to *imposta sostitutiva*, the issue price of the new Tranche will be deemed to be the same as the issue price of the original Tranche. This rule applies where (a) the new Tranche is issued within 12 months from the issue date of the previous Tranche, and (b) the difference between the issue price of the new Tranche and that of the original Tranche does not exceed 1 per cent. of the nominal value of the Notes multiplied by the number of years of the duration of the Notes.

Atypical securities

Interest payments relating to Notes that are not deemed to fall within the category of bonds (*obbligazioni*) or debentures similar to bonds (*titoli similari alle obbligazioni*) but qualify as atypical securities (*titoli atipici*) for Italian tax purposes, may be subject to a withholding tax, levied at the rate of 26 per cent.

In the case of Notes issued by an Italian resident issuer, where the Noteholder is:

- (a) an Italian individual engaged in an entrepreneurial activity to which the Notes are connected;
- (b) an Italian company or a similar Italian commercial entity;
- (c) a permanent establishment in the Republic of Italy of a foreign entity;
- (d) an Italian commercial partnership; or
- (e) an Italian commercial private or public institution,

such withholding tax is a provisional withholding tax. In all other cases, including when the Noteholder is a non-Italian resident, the withholding tax is a final withholding tax. Double tax treaty entered into by Italy may apply, allowing for a lower (or, in certain cases, nil) rate of withholding tax in case of payment to non Italian resident Noteholders, subject to proper compliance with relevant subjective and procedural requirements.

Subject to certain limitations and requirements (including a minimum holding period), Italian resident individuals not acting in connection with an entrepreneurial activity may be exempt from any income taxation, including the withholding tax, on interest, premium and other income relating to the Notes if such Notes are included in a long term savings account (*piano di risparmio a lungo termine*) that meets the requirements set forth in Article 1(100-114) of Law No. 232 and in Article 1 (211 – 215) of Law No. 145 and in Article 13 – bis of Law Decree No. 124, as amended and applicable from time to time.

Capital gains tax

Pursuant to Decree No. 461, a 26 per cent. capital gains tax (referred to as "*imposta sostitutiva*") is applicable to capital gains realised by:

- an Italian resident individual not engaged in entrepreneurial activities to which the Notes are connected;
- an Italian resident partnership not carrying out commercial activities;
- an Italian private or public institution not carrying out mainly or exclusively commercial activities; or

on any sale or transfer for consideration of the Notes or redemption thereof.

Under the so called "*regime della dichiarazione*" ("**Tax Declaration Regime**"), which is the standard regime for taxation of capital gains, the 26 per cent. *imposta sostitutiva* on capital gains will be chargeable, on a cumulative basis, on all capital gains net of any relevant incurred capital losses realised pursuant to all investment transactions carried out during any given fiscal year. The capital gains realised in a year net of any relevant incurred capital losses must be detailed in the relevant annual tax return to be filed with Italian tax authorities, and *imposta sostitutiva* must be paid on such capital gains together with any balance income tax due for the relevant tax year. Capital losses in excess of capital gains may be carried forward against capital gains of the same kind for up to the fourth subsequent fiscal year.

Alternatively to the Tax Declaration Regime, the holders of the Notes who are:

- Italian resident individuals not engaged in entrepreneurial activities to which the Notes are connected;
- Italian resident partnerships not carrying out commercial activities;
- Italian private or public institutions not carrying out mainly or exclusively commercial activities,

may elect to pay *imposta sostitutiva* separately on capital gains realised on each sale or transfer or redemption of the Notes under the so called "*regime del risparmio amministrato*" (the "**Administrative Savings Regime**"). Such separate taxation of capital gains is allowed subject to (i) the Notes being deposited with banks, SIMs and any other Italian qualified intermediary

(or permanent establishment in Italy of foreign intermediary) and (ii) an express election for the Administrative Savings Regime being made in writing in due time by the relevant holder of the Notes. The intermediary is responsible for accounting for *imposta sostitutiva* in respect of capital gains realised on each sale or transfer or redemption of the Notes, as well as on capital gains realised as at revocation of its mandate, net of any relevant incurred capital losses, and is required to pay the relevant amount to the Italian tax authorities on behalf of the holder of the Notes, deducting a corresponding amount from proceeds to be credited to the holder of the Notes. Where a sale or transfer or redemption of the Notes results in a capital loss, the intermediary is entitled to deduct such loss from gains of the same kind subsequently realised on assets held by the holder of the Notes within the same relationship of deposit in the same tax year or in the following tax years up to the fourth. Under the Administrative Savings Regime, the realised capital gain is not required to be included in the annual income tax return of the Noteholder and the Noteholder remains anonymous.

Special rules apply if the Notes are part of a portfolio managed under the Asset Management Regime by an Italian asset management company or an authorised intermediary. The capital gains realised upon sale, transfer or redemption of the Notes will not be subject to 26 per cent. *imposta sostitutiva* on capital gains but will contribute to the determination of the annual accrued appreciation of the managed portfolio, subject to the Asset Management Tax. Any depreciation of the managed portfolio at the year-end may be carried forward against appreciation accrued in each of the following tax years up to the fourth. Also under the Asset Management Regime the realised capital gain is not required to be included in the annual income tax return of the Noteholder and the Noteholder remains anonymous.

Subject to certain limitations and requirements (including a minimum holding period), capital gains in respect of Notes realized upon sale, transfer or redemption by Italian resident individuals holding the Notes not in connection with an entrepreneurial activity may be exempt from taxation, including the 26 per cent. *imposta sostitutiva*, if the Notes are included in a long-term individual savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements set forth in Article 1, paragraph 100 – 114, of Law No. 232 and in Article 1 (211 – 215) of Law No. 145 and in Article 13 – bis of Law Decree No. 124, as amended and applicable from time to time.

In the case of Notes held by Funds, SICAVs and non-real estate SICAFs, capital gains on the Notes contribute to determine the increase in value of the managed assets of the Funds, SICAVs or non-real estate SICAFs accrued at the end of each tax year. The Funds, SICAVs or non-real estate SICAFs will not be subject to taxation on such increase, but the Collective Investment Fund Tax will apply, in certain circumstances, to distributions made in favour of unitholders or shareholders.

Where a Noteholder is an Italian resident real estate investment fund or an Italian real estate SICAF, to which the provisions of Law Decree No. 351 of 25 September 2001, Law Decree No. 78 of 31 May 2010, converted into Law No. 122 of 30 July 2010, and Legislative Decree No. 44 of 4 March 2014, all as amended, apply, capital gains realised will be subject neither to *imposta sostitutiva* nor to any other income tax in the hands of the real estate investment fund or the real estate SICAF. The income of the real estate investment fund or of the real estate SICAF is subject to tax, in the hands of the unitholder, depending on the status and percentage of participation, or, when earned by the fund, through distribution and/or upon redemption or disposal of the units.

Any capital gains realised by a Noteholder who is an Italian pension fund (subject to the regime provided for by Article 17 of Italian Legislative Decree No. 252 of 5 December 2005) will be

included in the result of the relevant portfolio accrued at the end of the tax period, and will be subject to the Pension Fund Tax.

Subject to certain conditions (including minimum holding period) and limitations, capital gains in respect of Notes realized upon sale, transfer or redemption by Italian Pension Fund may be excluded from the taxable base of the Pension Fund Tax if the Notes are included in a long-term individual savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements set forth in Article 1 (100 - 114) of Law No. 232 and in Article 1 (211 – 215) of Law No. 145 and in Article 13 – bis of Law Decree No. 124, as amended and applicable from time to time.

The 26 per cent. *imposta sostitutiva* on capital gains may in certain circumstances be payable on any capital gains realised upon sale, transfer or redemption of the Notes by non-Italian resident individuals and corporations without a permanent establishment in Italy to which the Notes are effectively connected, if the Notes are held in Italy.

However, pursuant to Article 23 of Presidential Decree No. 917 of 22 December 1986, any capital gains realised by non-Italian residents without a permanent establishment in Italy to which the Notes are effectively connected through the sale for consideration or redemption of the Notes are exempt from taxation in Italy to the extent that the Notes are listed on a regulated market in Italy or abroad, and in certain cases subject to timely filing of required documentation (in the form of a declaration (*autocertificazione*) of non-residence in Italy) with Italian qualified intermediaries (or permanent establishments in Italy of foreign intermediaries) with which the Notes are deposited, even if the Notes are held in Italy and regardless of the provisions set forth by any applicable double tax treaty.

Where the Notes are not listed on a regulated market in Italy or abroad:

- (a) pursuant to the provisions of Decree No. 461, non-Italian resident beneficial owners of the Notes with no permanent establishment in Italy to which the Notes are effectively connected are exempt from *imposta sostitutiva* in the Republic of Italy on any capital gains realised upon sale for consideration or redemption of the Notes if they are resident, for tax purposes: (a) in a state or territory which allows an adequate exchange of information with the Italian tax authorities included in the White List and updated every six months according to Article 11, paragraph 4, letter c) of Decree No. 239 and (b) all the requirements and procedures set forth in Decree No. 239 and in the relevant implementation rules, as subsequently amended, in order to benefit from the exemption from *imposta sostitutiva* are met or complied with in due time. Under these circumstances, if non-Italian residents without a permanent establishment in Italy to which the Notes are effectively connected elect for the Asset Management Regime or are subject to the Administrative Savings Regime, exemption from Italian capital gains tax will apply upon condition that they file in time with the authorised financial intermediary an appropriate self-declaration (*autocertificazione*) stating that they meet the requirement indicated above. The same exemption applies where the beneficial owners of the Notes are (i) international entities or organisations established in accordance with international agreements ratified by Italy; (ii) certain foreign institutional investors established in countries which allow for an adequate exchange of information with Italy; or (iii) Central Banks or entities which manage, *inter alia*, the official reserves of a foreign State; and
- (b) in any event, non-Italian resident individuals or entities without a permanent establishment in Italy to which the Notes are effectively connected that may benefit

from a double taxation treaty with Italy, providing that capital gains realised upon sale or redemption of Notes are to be taxed only in the country of tax residence of the recipient, will not be subject to *imposta sostitutiva* in Italy on any capital gains realised upon sale for consideration or redemption of Notes.

Under these circumstances, if non-Italian residents without a permanent establishment in Italy to which the Notes are effectively connected elect for the Asset Management Regime or are subject to the Administrative Savings Regime, exemption from Italian capital gains tax will apply upon condition that they promptly file with the Italian authorised financial intermediary a declaration attesting that all the requirements for the application of the relevant double taxation treaty are met.

Any capital gains realised by Italian resident corporations or similar commercial entities or permanent establishments in Italy of non-Italian resident corporations to which the Notes are connected, will be included in their business income (and, in certain cases, may also be included in the taxable net value of production for IRAP purposes), subject to tax in Italy according to the relevant ordinary tax rules.

Inheritance and gift taxes

Transfers of any valuable asset (including shares, Notes or other securities) as a result of death or donation are taxed as follows:

- (a) transfers in favour of spouses and direct descendants or direct ancestors are subject to an inheritance and gift tax applied at a rate of 4 per cent. on the entire value of the inheritance or gift exceeding Euro 1,000,000;
- (b) transfers in favour of relatives to the fourth degree or relatives-in-law to the third degree are subject to an inheritance and gift tax at a rate of 6 per cent. on the entire value of the inheritance or the gift. Transfers in favour of brothers/sisters are subject to the 6 per cent. inheritance and gift tax on the value of the inheritance or gift exceeding Euro 100,000; and
- (c) any other transfer is subject to an inheritance and gift tax applied at a rate of 8 per cent. on the entire value of the inheritance or gift.

If the transfer is made in favour of persons with severe disabilities, the tax applies on the value exceeding Euro 1,500,000.

Transfer tax

Contracts relating to the transfer of securities are subject to a Euro 200 registration tax as follows: (i) public deeds and notarised deeds are subject to mandatory registration; (ii) private deeds are subject to registration only in the case of voluntary registration.

Tax Monitoring Obligations

Italian resident individuals, non-commercial entities, non-commercial partnerships and similar institutions are required to report in their yearly income tax return (or, in case the income tax return is not due, in a proper form that must be filed within the same time as prescribed for the income tax return), according to Law Decree No. 167 of 28 June 1990 converted into law by Law Decree No. 227 of 4 August 1990, as amended from time to time, for tax monitoring purposes the amount of Notes held abroad during each tax year.

The requirement applies also where the persons above, being not the direct holders of the financial instruments, are the actual owners of the instrument.

Furthermore, it is not necessary to comply with the above reporting requirement with respect to: (i) the Notes deposited for management with qualified Italian financial intermediaries; (ii) the contracts entered into through their intervention, upon condition that the items of income derived from the Notes have been subject to tax by the same intermediaries; or (iii) if the foreign investments are only composed of deposits and/or bank accounts and their aggregate value does not exceed a EUR 15,000 threshold throughout the year.

Stamp duty

Pursuant to article 13, paragraph 2-*ter* of the tariff Part I attached to Presidential Decree No. 642 of 26 October 1972, a proportional stamp duty applies on an annual basis to any periodic reporting communications which may be sent by a financial intermediary to its clients in respect of any financial product and instrument (including the Notes), which may be deposited with such financial intermediary in Italy. The stamp duty applies at a rate of 0.2 per cent. and cannot exceed EUR 14,000 for taxpayers which are not individuals. This stamp duty is determined on the basis of the market value or, if no market value figure is available, on the basis of face value or redemption value, or in the case the face or redemption values cannot be determined, on the basis of purchase value of the financial assets (including banking bonds, *obbligazioni* and capital adequacy financial instruments) held.

The statement is deemed to be sent at least once a year, including with respect to the instruments for which is not mandatory nor the deposit, nor the release nor the drafting of the statement. In case of reporting periods of less than 12 months, the stamp duty is payable based on the period accounted.

Pursuant to the law and the implementing decree issued by the Italian Ministry of Economy on 24 May 2012, the stamp duty applies to any investor who is a client (as defined in the regulations issued by the Bank of Italy on 20 June 2012) of an entity that exercises a banking, financial or insurance activity in any form within the Italian territory.

Wealth tax on financial assets deposited abroad

According to article 19 of Decree No. 201 of 6 December 2011, Italian resident individuals and, starting from fiscal year 2020, non-commercial entities, non-commercial partnerships and similar institutions holding financial assets, including the Notes, outside of the Italian territory are required to declare in its own annual tax declaration and pay a wealth tax at the rate of 0.2 per cent and it cannot exceed Euro 14,000 for taxpayers which are not individuals. This tax is calculated on the market value at the end of the relevant year (or at the end of the holding period) or, if no market value figure is available, on the nominal value or redemption value, or in the case the face or redemption values cannot be determined, on the purchase value of any financial asset (including the Notes) held abroad by Italian resident individuals. A tax credit is granted for any foreign property tax levied abroad on such financial assets. The financial assets held abroad are excluded from the scope of the wealth tax, if such financial assets are administered by Italian financial intermediaries pursuant to an administration agreement.

The Proposed Financial Transaction Tax ("FTT")

On 14 February 2013, the European Commission published a proposal for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal,

Slovenia and Slovakia (the participating Member States). However, Estonia has since stated that it will not participate.

The proposed FTT has very broad scope. If introduced in the form proposed on 14 February 2013, it could apply to certain dealings in Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under the 14 February 2013 proposal, FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

The FTT proposal remains subject to negotiation between the participating Member States. Additional EU Member States may decide to participate, although certain other Member States have expressed strong objections to the proposal. The FTT proposal may therefore be altered prior to any implementation, the timing of which remains unclear.

Joint statements issued on 8 December 2015 by participating Member States, except Estonia, indicate an intention to implement the FTT by the end of June 2016. On 16 March 2016, Estonia completed the formalities required to leave the enhanced co-operation on FTT. On 7 December 2017, the Council of the European Union announced that further work on FTT will be required before a final agreement on this dossier can be reached among the Member States participating in the enhanced co-operation.

Prospective holders of Notes are advised to seek their own professional advice in relation to the FTT.

Foreign Account Tax Compliance Act

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a "foreign financial institution" may be required to withhold on certain payments it makes ("foreign passthru payments") to persons that fail to meet certain certification, reporting, or related requirements. The Issuer may be a foreign financial institution for these purposes.

A number of jurisdictions (including the Republic of Italy) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA ("IGAs"), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, such withholding would not apply prior to the date that is two years after the publication of the final regulations defining "foreign passthru payment" and Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued on or prior to the date that is six months after the date on which final regulations defining "foreign passthru

payments" are filed with the U.S. Federal Register generally would be "grandfathered" for purposes of FATCA withholding unless materially modified after such date. Holders should consult their own tax advisers regarding how these rules may apply to their investment in the Notes or Residual Certificates. In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Notes, no person will be required to pay additional amounts as a result of the withholding.

SUBSCRIPTION AND SALE

Notes may be sold from time to time by the Issuer to any one or more of the Dealers. The arrangements under which Notes may from time to time be agreed to be sold by the Issuer to, and purchased by, Dealers are set out in a Dealer Agreement dated on or about the date hereof (the "**Dealer Agreement**") and made between the Issuer and the Dealer. Any such agreement will, *inter alia*, make provision for the form and terms and conditions of the relevant Notes, the price at which such Notes will be purchased by a Dealer and the commissions or other agreed deductibles (if any) payable or allowable by the Issuer in respect of such purchase. The Dealer Agreement makes provision for the resignation or termination of appointment of the existing Dealers and for the appointment of additional or other Dealers either generally in respect of the Programme or in relation to a particular Tranche of Notes.

United States of America: *Regulation S Category 2; TEFRA D or TEFRA C as specified in the relevant Final Terms or neither if TEFRA is specified as not applicable in the relevant Final Terms.*

The Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S.

The Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the United States Internal Revenue Code and regulations thereunder.

Each Dealer has agreed that, and each further Dealer appointed under the Programme will be required to agree that, except as permitted by the Dealer Agreement, it will not offer, sell or deliver Notes, (i) as part of their distribution at any time or (ii) otherwise until 40 days after the completion of the distribution of the Notes comprising the relevant Tranche, within the United States or to, or for the account or benefit of, U.S. persons, and such Dealer will have sent to each dealer to which it sells Notes during the distribution compliance period relating thereto a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons.

In addition, until 40 days after the commencement of the offering of Notes comprising any Tranche, any offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

Prohibition of Sales to EEA Retail Investors

If the Final Terms (or Drawdown Prospectus, as the case may be) in respect of any Notes includes a legend entitled "*Prohibition of Sales to EEA Retail Investors*", each Dealer has represented, and agreed that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms (or are the subject of the offering contemplated by a Drawdown Prospectus) in relation thereto to any retail investor

in the European Economic Area. For the purposes of this provision the expression "**retail investor**" means a person who is one (or more) of the following:

- (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "**EU MiFID II**"); or
- (ii) a customer within the meaning Directive (EU) 2016/97 ("**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of EU MiFID II.

Public Offer Selling Restriction Under the Prospectus Regulation

If the Final Terms in respect of any Notes does not include a legend entitled "*Prohibition of Sales to EEA Retail Investors*", in relation to each Member State of the European Economic Area, each Dealer has represented, warranted and agreed that it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto (or are the subject of the offering contemplated by a Drawdown Prospectus, as the case may be) to the public in that Member State except that it may make an offer of such Notes to the public in that Member State:

- (a) *Qualified investors*: at any time to any legal entity which is a qualified investor as defined in the Prospectus Regulation;
- (b) *Fewer than 150 offerees*: at any time to fewer than 150, natural or legal persons (other than qualified investors as defined in the Prospectus Regulation), subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (c) *Other exempt offers*: at any time in any other circumstances falling within Article 1(4) of the Prospectus Regulation.

provided that no such offer of Notes referred to in (a) to (c) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation.

For the purposes of this provision, the expression an "**offer of Notes to the public**" in relation to any Notes in any Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes.

Republic of Italy

The offering of the Notes has not been registered with the Commissione Nazionale per le Società e la Borsa ("**CONSOB**") pursuant to Italian securities legislation. Each Dealer has represented and agreed that any offer, sale or delivery of the Notes or distribution of copies of this Base Prospectus or any other document relating to the Notes in the Republic of Italy will be effected in accordance with all Italian securities, tax and exchange control and other applicable laws and regulation.

Accordingly, each of the Dealers has represented and agreed that it will not offer, sell or deliver any Notes or distribute copies of this Base Prospectus and any other document relating to the Notes in the Republic of Italy, except:

- (a) to qualified investors (*investitori qualificati*), as defined pursuant to Article 2 of the Prospectus Regulation and any applicable provision of Italian laws and regulations; or
- (b) in any other circumstances which are exempted from the rules on public offerings pursuant to Article 1 of the Prospectus Regulation, Article 34-ter of CONSOB Regulation No. 11971 of 14 May 1999, as amended from time to time and the applicable Italian laws.

Any such offer, sale or delivery of the Notes or distribution of copies of this Base Prospectus or any other document relating to the Notes in the Republic of Italy under (a) and (b) above, must be:

- (a) made by an investment firm, bank or financial intermediary permitted to conduct such activities in the Republic of Italy in accordance with Legislative Decree No. 58 of 24 February 1998 (the "**Financial Services Act**"), CONSOB Regulation No. 20307 of 15 February 2018, as amended from time to time, and the Consolidated Banking Law, and any other applicable laws and regulations; and
- (b) in compliance with Article 129 of the Consolidated Banking Law pursuant to which the Bank of Italy may request information on the issue or the offer of securities in the Republic of Italy and the relevant implementing guidelines of the Bank of Italy issued on 25 August 2015 (as amended on 10 August 2016 and 2 November 2020); and
- (c) in compliance with any other applicable laws and regulations or requirement imposed by CONSOB or any other Italian authority.

Provisions relating to the secondary market in the Republic of Italy

Investors should also note that, in any subsequent distribution of the Notes in the Republic of Italy, Article 100-*bis* of the Financial Services Act may require compliance with the law relating to public offers of securities. Furthermore, where the Notes are placed solely with "qualified investors" and are then systematically resold on the secondary market at any time in the 12 months following such placing, purchasers of Notes who are acting outside of the course of their business or profession may in certain circumstances be entitled to declare such purchase void and, in addition, to claim damages from any authorised person at whose premises the Notes were purchased, unless an exemption provided for under the Financial Services Act applies.

Prohibition of sales to UK Retail Investors

If the Final Terms (or Drawdown Prospectus, as the case may be) in respect of any Notes includes the legend "*Prohibition of Sales to UK Retail Investors*", each Dealer has represented and agreed that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto (or are the subject of the offering contemplated by a Drawdown Prospectus, as the case may be) to any retail investor in the United Kingdom. For the purposes of this provision:

- (a) the expression "retail investor" means a person who is one (or more) of the following:
 - (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 ("**EUWA**"); or

If the Final Terms (or Drawdown Prospectus, as the case may be) in respect of any Notes does not include the legend "Prohibition of Sales to UK Retail Investors", each Dealer has represented and agreed that it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Prospectus as completed by the Final Terms in relation thereto to the public in the United Kingdom except that it may make an offer of such Notes to the public in the United Kingdom:

- (A) at any time to any legal entity which is a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA;
- (B) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA) in the United Kingdom subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (C) at any time in any other circumstances falling within section 86 of the FSMA,

For the purposes of this provision, the expression an "**offer of Notes to the public**" in relation to any Notes means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes and the expression "**UK Prospectus Regulation**" means Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA.

Interests of natural and legal persons involved in the issue

Certain of the Dealers and their affiliates (including parent companies) have engaged, and may in the future engage, in investment banking and/or commercial banking transactions and may perform services for the Issuer and its affiliates in the ordinary course of business. In addition, in the ordinary course of their business activities, the Dealers and their affiliates (including parent companies) may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or Issuer's affiliates. Certain of the Dealers or their affiliates (including parent companies) that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and their affiliates (including parent companies) would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. Any such short positions could adversely affect future trading prices of Notes issued under the Programme. The Dealers and their affiliates (including parent companies) may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

The relevant Final Terms will specify any other interests of natural and legal persons involved in each issue of Notes under the Programme.
